Frank Clovis

June 29, 1953 - November 10, 2022

It is with the heaviest of hearts that we share the unexpected passing of Frank Clovis, 69, Coeur d'Alene, Idaho. To all who knew him well, Frank brought a brightness of spirit fueled by seeing those around him thrive. He was our PopCola, our Guido Vespucci, our Grand Poobah, the Godfather of all CPAs, and he is missed.

Frank was born June 29, 1953, in Longview, Washington, to parents Julie and Franklin; he was the second of four children. Frank was preceded in death by his parents and sister Terre. He is survived by his wife, Linda; son, Frank Jr. (Sandy) Clovis; and daughter, Tracy Sanders of Coeur d'Alene. Denny (Stephanie) Clovis, Dallas, and Brian (Christina) Gross, Tucson His nine grandchildren are: Brittany (Jay) Gonzalez, Landra, Quinn, and Kaylee Clovis; Mattison (Dyllan) Barnes; Riley (Hope) Sanders; Kallin Sanders; Camryn and Evan Gross. two great-grandchildren: Onyx and Wrenlee Barnes. Sister-in-law: Donna Caskey; brothers: Tom and Greg. Frank loved his family and friends beyond measure, and we will miss his megawatt smile and larger-than life persona, lighting up every room he entered.

After graduating from Boise State University with his accounting degree, Frank moved to Coeur d'Alene, ID where he started his successful 48-year career as a CPA. Frank loved and excelled at his profession, primarily because of the deep relationships he built with his business associates and clientele. Few people like tax season, but he looked forward to this time of year when he could discover how his clients' families had grown and had prevailed that year.

Frank was loved and respected in our community. This is because he took actions based on what would benefit us all, not just himself. In his 50s, one of the things he enjoyed most was coaching junior tackle football and seeing our youth find their strengths as part of a team.

Frank and his wife Linda had many adventures in their time together. They loved to travel and created a tradition of spending time with their grandchildren, taking them on mystery trips the year each of them turned 12 years old. They have also visited Ireland, Scotland, (golfing at St. Andrews), France, Italy, Germany, Hungary, Spain, Mexico, the Czech Republic, Austria, the Netherlands, and almost every state in the US. Before his passing, Frank was busy planning a trip to Greece, Croatia, and Italy this coming summer. His craving for warm weather led to many of their travels, and they spent as much time as possible at their Tucson home.

Frank never missed the opportunity to sing the praises of his alma mater with his family, friends, or clients, and poke fun at EVERYONE else who made the wrong decision to go anywhere but BSU. It was a rare occasion to find Frank not talking about, surrounded by, or wearing Boise Broncos gear.

A celebration of his life is planned for Saturday, June 17th (Father's Day weekend) 2023. The celebration will be located at 1250 W. Ironwood Dr. Cda, Idaho at 2 p.m.

In honor of Frank, wear shorts (Frank's favorite attire); bright colors: Boise State Bronco or Hawaiian shirts preferred. Hopefully, the weather will cooperate.

Please visit Frank's full memorial and sign the online guest book at www.englishfuneralchapel.com.

Big Hank Cabin
This smoke chaser cabin was moved from its original location along the Coeur d'Alene River in the Coeur d'Alene National Forest as a part of the Nation's 1976 Bicentennial celebration. It was built in 1924 by Bill Guernsey and Pete Jackson. The cabin was dismantled and donated to the Museum of North Idaho before being moved to its current location on the North Idaho College campus.
The Big Hank Cabin was one of many cabins used by seasonal fire crews called "Smoke Chasers." During fire season, the Forest Service manned a system of fire lookouts and cabins linked together by pack trails and telephone lines. Lookout spotters would dispatch fire crews when needed. When not fighting fires, the fire crews did trail maintenance. Supplies were packed by mule to lookouts and crews working fire suppression. The use of pack mules was critical during fire season to get supplies and equipment to crews in areas where vehicles could not pass.

HOW WE MAKE THE PERFECT PELLET...

The process begins with **RECYCLED** tree by-products.

Only the highest quality, **PREMIUM SELECT** wood shavings & sawdust are used

Next, the shavings go through a series of augers which chops them into smaller sawdust...

This allows the sawdust to more efficiently go through **THE DRIER**

At this stage, **MOISTURE** is driven from the wood fiber to ensure clean, consistent, hot burning pellets, that far exceed industry standards.

Through heat and pressure, **100% NATURAL** wood fiber is formed into a Super Premium Wood Pellet

RESULTING IN...

THE PERFECT PELLET!

BENEFITS:
Less than half the ash of others means less mess!
Low moisture content means much higher BTU output!

WEEKLY Horoscopes for Feb 10-16

ARIES – Mar 21/Apr 20

Excessive spending in recent days may have you feeling nervous about your finances, Aries. In addition to bills, you could be waiting to be reimbursed. Be patient.

TAURUS – Apr 21/May 21

Taurus, you may have been working so hard you haven't had time to spend with family and friends lately. Clear your calendar and make some time for recreation.

GEMINI – May 22/Jun 21

This week you may lock yourself behind closed doors and enjoy some alone time for a change, Gemini. Relax with a good book or binge watch some television.

CANCER – Jun 22/Jul 22

A friendship could be tested when you get into a quarrel over money, Cancer. You each have different philosophies on spending. Try to see both sides.

LEO – Jul 23/Aug 23

Philosophy and religious principles are of interest to you lately, Leo. Explore the metaphysical and dive into these subjects with all of your energy.

VIRGO – Aug 24/Sept 22

Virgo, you could be longing for a vacation, so why not make it happen? If you've socked away some cash, put it towards a trip to recharge and relax.

LIBRA – Sept 23/Oct 23

Make an effort to reconnect with someone you have known a long time who has become absent from your life. Resolve to maintain this connection in the years ahead.

SCORPIO – Oct 24/Nov 22

Honest communication can take you through a rough patch you might be having with your romantic partner, Scorpio. Speak openly and honestly to resolve the issue.

SAGITTARIUS – Nov 23/Dec 21

Keep your eyes focused on the future, Sagittarius. It's easy to dwell on what happened in the past, but that won't matter much in the grand scheme of things.

CAPRICORN – Dec 22/Jan 20

A miscommunication could find you spending money you just don't have right now, Capricorn. This may be an instance when you need to seek a professional to sort it all out.

AQUARIUS – Jan 21/Feb 18

Aquarius, a project that has been on the calendar for some time finally gets completed. It has been a long time coming, but the results are better than you expected.

PISCES – Feb 19/Mar 20

Go through some old photos and reminisce, Pisces. It can be a quiet way to spend a day or two and enjoy the memories.

DOG OF THE WEEK

Hi, my name is **Cooper**! I am a very enthusiastic boy with lots of energy. I'm very friendly and love just about every person I've ever met. However, I do not like other dogs. Saying that, it would probably be best if I go to a home where I am the only one for you. I also need to go to a home with no small kids. I am housetrained and keep my kennel here at KHS pretty clean.

Please contact **Kootenai Humane Society** at 208-772-4019 or visit our website at www.companionsanimalcenter.org

Dave Jayne
"The Outdoor Insider"

I was thinking about going to the middle net pens on Rufus Woods last week. That didn't happen, but I did fish Rufus Woods above Chief Joseph Dam. Also, there was a good turnout for my seminar at the Boat Show. I did this one via Zoom again this year. It's too hard to predict if the passes will be open. I am still trying to find the right weather conditions to get down to Rocky Ford with my fly rod.

Okay, I'll admit that some of my ideas about where to go fishing don't always pan out. I talked my buddy James Lebow into getting his boat out of mothballs and try trolling for rainbow above Priest Rapids Dam. He, Ryan Harris and I pulled plugs along the can line above the dam all the way up past the State Park, and only got a couple of hits. We changed the plugs and depths without any results. I suggested we try a spot further up the reservoir, and that was almost disastrous.

While we were cruising along at full speed we hit something but didn't know what. There weren't any logs in our path, and it just didn't sound like we hit some wood. We turned around and drove back and found a 2 inch thick flow of ice that was almost invisible, as water flowed over it. If you go to the FishingMagician.com Facebook Page, you can see a photo and understand how difficult it was to see. We cut the 20 foot long flow in half. James noticed a vibration in the motor that wasn't there before, but we were able to run up and troll off Brandts Landing and make it back to the dock. None of us could remember the last time that we had been skunked. So much for my bright ideas. James and Ryan agreed that they would choose the destination for the next trip.

We saw a few boats running up the reservoir. I am sure that some of them were headed to the net pens. As we trolled just off the shore of Brandts Landing, we talked to several anglers. They all said they had at least one fish, but just small ones.

A friend sent me a text message that I found interesting. It was about a fishing tournament that was held last Sunday. There was a phone number to call for information, so I did. I talked to

Abrahan Barajas, and he explained that he and his classmate Francisco Villanueva Aswell were doing an ice fishing tournament for their senior project at Warden High School. The tournament is "just for fun", with the top prize of a trophy they bought for the event. The tournament was at Corral Lake, which is just across the road and down the hill from Mar Don Resort. The lake is usually planted with rainbow trout and the angler that catches the most fish will win the prize. The daily limit for trout is five fish, so they may have to be creative to determine the winner. I thought it was great that a couple of students, who obviously love fishing, would

stage such an event.

I followed up with Abrahan to see how the event turned out. There were a total of 20 anglers that registered to participated in the ice fishing tournament. The top prize, which was the trophy that they bought, was won by an angler that turned in two perch and a rainbow trout. Everyone had a great time, and I wanted to thank these two guys for dedicating their time to create a fishing event for their senior project.

The previous Sunday I was away watching football and having dinner with friends, and when I checked my e-mail when I got home, I found this note from my friend Rollie Schmitt: "Dave, I have a small crisis. I washed, scored, and brined for 6 hours; then dried for 12 hours to get the patina and glaze, 4 racks of the rainbow that we caught and the balance with sockeye

from this season. I went to preheat the smoker and it was out of service. Take that to mean totally shot. So here is my offer, if you could smoke them, I would give you half. I have smoke alder in sawdust or plugs. Are you around?"

I fired off a note saying I would be at his home the following morning at 8 to pick up the fish and get it done for him. Rollie and I had discussed how we like our fish smoked when we were at Rufus Woods last Tuesday, and we had the same tastes. I fired up my smoker and got the fish done and he picked up the finished product on Tuesday morning. I think I got it done the way he likes it. Whew. Crisis avoided! This week's photo is of Rollie at Tumwater Dam, checking on the sockeye return earlier this summer.

If you are an angler that enjoys catching those feisty northern pike in Lake Roosevelt, you can participate in the Northern Pike Reward Program and turn in your pike heads at a designated location and get paid! "We want to remind anglers to kill all northern pike captured and to turn in their heads for a reward," said Holly McLellan, fish biologist for Colville Tribes Fish and Wildlife (CTFW). "It doesn't matter what size they are even the small pike count towards the reward." In 2022, anglers turned in 125 heads and were paid \$1,250 but co-managers still need your help to reduce the number of pike in Lake Roosevelt.

To make it even easier, CTFW offers a map that shows the pike hot spots and freezer locations. Anglers can drop off their pike heads at Noisy Waters Gas Station, Kettle Falls boat launch, Hunters boat launch, Fort Spokane boat launch, or at the Inchelium Fish and Wildlife office.

Northern pike can exceed 50 inches and weigh as much as 45 pounds. A female adult can produce up to 250,000 eggs. And with their duck-bill mouth and large teeth, they can easily eat frogs, birds, trout, salmon and steelhead. Lake Roosevelt co-managers (Colville Tribes, Spokane Tribe of Indians and Washington Department of Fish and Wildlife) have been working diligently to remove northern pike from the reservoir and have removed 19,110 since 2015.
