Dave Jayne
"The Outdoor Insider"

I was thinking about going to the middle net pens on Rufus Woods last week. That didn't happen, but I did fish Rufus Woods above Chief Joseph Dam. Also, there was a good turnout for my seminar at the Boat Show. I did this one via Zoom again this year. It's too hard to predict if the passes with be open. I am still trying to find the right weather conditions to get down to Rocky Ford with my fly rod.

Okay, I'll admit that some of my ideas about where to go fishing don't always pan out. I talked my buddy James Lebow into getting his boat out of mothballs and try trolling for rain-bow above Priest Rapids Dam. He, Ryan Harris and I pulled plugs along the can line above the dam all the way up past the State Park, and only got a couple of hits. We changed the plugs and depths without any results. I suggested we try a spot further up the reservoir, and that was almost dis-astrous.

While we were cruising along at full speed we hit something but didn't know what. There weren't any logs in our path, and it just didn't sound like we hit some wood. We turned around and drove back and found a 2 inch thick flow of ice that was almost invisible, as water flowed over it. If you go to the FishingMagician.com Face-book Page, you can see a photo and understand how difficult it was to see. We cut the 20 foot long flow in half. James noticed a vibra-tion in the motor that wasn't there be-fore, but we were able to run up and troll off Brandts Landing and make it back to the dock. None of us could re-member the last time that we had been skunked. So much for my bright ideas. James and Ryan agreed that they would choose the destination for the next trip.

We saw a few boats running up the reservoir. I am sure that some of them were headed to the net pens. As we trolled just off the shore of Brandts Landing, we talked to several anglers. They all said they had at least one fish, but just small ones.

A friend sent me a text message that I found interesting. It was about a fishing tournament that was held last Sunday. There was a phone number to call for information, so I did. I talked to

Abrahan Barajas, and he explained that he and his classmate Francisco Villan-ueva Aswell were doing an ice fishing tournament for their senior project at Warden High School. The tournament is "just for fun", with the top prize of a trophy they bought for the event. The tournament was at Corral Lake, which is just across the road and down the hill from Mar Don Resort. The lake is usu-ally planted with rainbow trout and the angler that catches the most fish will win the prize. The daily limit for trout is five fish, so they may have to be cre-ative to determine the winner. I thought it was great that a couple of students, who obviously love fishing, would

stage such an event.

I followed up with Abrahan to see how the event turned out. There were a total of 20 anglers that registered to participated in the ice fishing tourna-ment. The top prize, which was the trophy that they bought, was won by an angler that turned in two perch and a rainbow trout. Everyone had a great time, and I wanted to thank these two guys for dedicating their time to create a fishing event for their senior project.

The previous Sunday I was away watching football and having dinner with friends, and when I checked my e-mail when I got home, I found this note from my friend Rollie Schmitt: "Dave, I have a small crisis. I washed, scored, and brined for 6 hours; then dried for 12 hours to get the patina and glaze, 4 racks of the rainbow that we caught and the balance with sockeye

from this season. I went to preheat the smoker and it was out of service. Take that to mean totally shot. So here is my offer, if you could smoke them, I would give you half. I have smoke alder in sawdust or plugs. Are you around?"

I fired off a note saying I would be at his home the following morning at 8 to pick up the fish and get it done for him. Rollie and I had discussed how we like our fish smoked when we were at Ru-fus Woods last Tuesday, and we had the same tastes. I fired up my smoker and got the fish done and he picked up the finished product on Tuesday morning. I think I got it done the way he likes it. Whew. Crisis avoided! This week's photo is of Rollie at Tumwater Dam, checking on the sockeye return ear-lier this summer.

If you are an angler that enjoys catching those feisty northern pike in Lake Roosevelt, you can partic-ipate in the Northern Pike Reward Program and turn in your pike heads at a designated location and get paid! "We want to remind anglers to kill all northern pike captured and to turn in their heads for a reward," said Holly McLellan, fish biologist for Colville Tribes Fish and Wildlife (CTFW). "It doesn't matter what size they are even the small pike count towards the reward." In 2022, anglers turned in 125 heads and were paid \$1,250 but co-managers still need your help to re-duce the number of pike in Lake Roo-sevelt.

To make it even easier, CTFW of-fers a map that shows the pike hot spots and freezer locations. Anglers can drop off their pike heads at Noisy Waters Gas Station, Kettle Falls boat launch, Hunters boat launch, Fort Spokane boat launch, or at the Inchelium Fish and Wildlife office.

Northern pike can exceed 50 inch-es and weigh as much as 45 pounds. A female adult can produce up to 250,000 eggs. And with their duck-bill mouth and large teeth, they can eas-ily eat frogs, birds, trout, salmon and steelhead. Lake Roosevelt co-manag-ers (Colville Tribes, Spokane Tribe of Indians and Washington Department of Fish and Wildlife) have been work-ing diligently to remove northern pike from the reservoir and have removed 19,110 since 2015.

NATIONAL WILDLIFE REFUGE SYSTEM

Washington Junior Duck Stamp Contest Deadline Announced

The deadline for entries into the U.S. Fish and Wildlife Service (Service) Junior Duck Stamp art contest in Washington State is fast approaching, which is even earlier than previous years. For 2023, all entries must be postmarked or in-hand at Ridgefield National Wildlife Refuge (NWR), the entity that administers the program in Washington, by **February 15, 2023**. This will ensure staff have the time needed to process entries and judging in-person this year at the new refuge headquarters.

Entries may be addressed to:

Junior Duck Stamp Contest Ridgefield Refuge Complex, 28908 NW Main Ave, P.O. Box 457, Ridgefield, WA 98642

The Federal Junior Duck Stamp (JDS) Conservation and Design Program is a dynamic art- and science-based curriculum that teaches wetland and waterfowl conservation to students in kindergarten through high school. The JDS program, which began in 1989, encourages students to explore their natural world, invites them to investigate biology and wildlife management principles and challenges them to express and share what they have learned with others.

Each year, students in kindergarten through grade twelve compete in this free wildlife art contest. The object of the contest is for students to show what they have learned about waterfowl and wetland conservation by drawing or painting a native North American duck, goose, or swan. Approximately 20,000 students entered state art contests in 2019. By displaying student artwork and delivering waterfowl and wetland related outdoor activities, state coordinators share student accomplishments with over 300,000 students, families, and communities annually.

The winner of the state contest then moves on to the national contest. Last year's "Best of Show" winner for Washington was awarded to a 13-year-old resident of the greater Portland-

Vancouver metro area who depicted a King Eider on the water. Other awards for the "Best of Show" winner included a visit to the Ridgefield NWR for an awards ceremony, a new pair of binoculars, art supplies, and books about nature journaling.

The winning artwork from a national art contest serves as the design for the Junior Duck Stamp, which the U.S. Fish and Wildlife Service produces annually. This \$5 stamp has become a much sought-after collector's item. One hundred percent of the revenue from the sale of Junior Duck stamps goes to support recognition and environmental education activities for students who participate in the program.

For more information about the Washington contest, please contact Mesha Wood, State Coordinator, at mesha_wood@fws.gov.

To see the state winners for the 2022 contest, please visit the USFWS Flickr page at www.flickr.com/photos/usfwsq. For more information about the Junior Duck Stamp Contest including rules and regulations, please visit the official website at fws.gov/program/junior-duck-stamp.

The U.S. Fish and Wildlife Service works with others to conserve, protect and enhance fish, wildlife, plants and their habitats for the continuing benefit of the American people. TOP COLORS FOR 2023 Part 1

The new year is a great time to set goals, establish healthier habits, and promote growth and learning. This year, many paint manufacturers also see it as an excellent opportunity to reset, recenter and rewrite the design and ambiance of our homes to suit our journey for the year ahead.

Bold and Transformative

Ready to bring color back into your home? Check out these hot hues:

- Pantone's 2023 Color of the Year, *Viva Magenta*, provides a perfect change of pace and promotes a joyous and optimistic celebration.
- Benjamin Moore's *Raspberry Blush* is a similarly charismatic coral hue that can be used to add a lively pop of color to any space.
- Glidden's choice of bluish-green *Vining Ivy* as its 2023 Color of the Year is a versatile hue to create an on-trend look in any room.

Warm and Grounding

Want something outside of traditional neutrals without being too bold?

Soft, earthy, subtle pink hues — such as Sherwin Williams' *Redend Point* or/and Dunn Edwards' *Terra Rosa* — can add rich, sophisticated color to the home.

WEEKLY Horoscopes for Feb 10-16

ARIES – Mar 21/Apr 20

Excessive spending in recent days may have you feeling nervous about your finances, Aries. In addition to bills, you could be waiting to be reimbursed. Be patient.

TAURUS – Apr 21/May 21

Taurus, you may have been working so hard you haven't had time to spend with family and friends lately. Clear your calendar and make some time for recreation.

GEMINI – May 22/Jun 21

This week you may lock yourself behind closed doors and enjoy some alone time for a change, Gemini. Relax with a good book or binge watch some television.

CANCER – Jun 22/Jul 22

A friendship could be tested when you get into a quarrel over money, Cancer. You each have different philosophies on spending. Try to see both sides.

LEO – Jul 23/Aug 23

Philosophy and religious principles are of interest to you lately, Leo. Explore the metaphysical and dive into these subjects with all of your energy.

VIRGO – Aug 24/Sept 22

Virgo, you could be longing for a vacation, so why not make it happen? If you've socked away some cash, put it towards a trip to recharge and relax.

LIBRA – Sept 23/Oct 23

Make an effort to reconnect with someone you have known a long time who has become absent from your life. Resolve to maintain this connection in the years ahead.

SCORPIO – Oct 24/Nov 22

Honest communication can take you through a rough patch you might be having with your romantic partner, Scorpio. Speak openly and honestly to resolve the issue.

SAGITTARIUS – Nov 23/Dec 21

Keep your eyes focused on the future, Sagittarius. It's easy to dwell on what happened in the past, but that won't matter much in the grand scheme of things.

CAPRICORN – Dec 22/Jan 20

A miscommunication could find you spending money you just don't have right now, Capricorn. This may be an instance when you need to seek a professional to sort it all out.

AQUARIUS – Jan 21/Feb 18

Aquarius, a project that has been on the calendar for some time finally gets completed. It has been a long time coming, but the results are better than you expected.

PISCES – Feb 19/Mar 20

Go through some old photos and reminisce, Pisces. It can be a quiet way to spend a day or two and enjoy the memories.
