DOG OF THE WEEK

Meet **Cash**! Cash has been in a household with both small and large breed dogs, as long as he is properly introduced he would do wonderfully with other dogs in the household! Cash is a high energy breed, and would do best in an active home. We are unsure how Cash would do with cats, but due to his breed we would recommend using caution when introducing him to any small animal.

Dave J. Jorgensen
"The Outdoor Insider"

Sunny skies and calm water. That's
what I got to enjoy this past week. I got
to fish several different lakes for differ-
ent species and had fun doing it all. I
hope you get a chance to get out on the
water soon. Things are really starting to
happen in our region.

When she saw the forecast for
80-degree weather, my wife said she
wanted to take a trip to Lake Chelan.
I wanted to see what size the kokanee
were in Chelan this year, so we head-
ed up there last Saturday. We arrived
at the Mill Bay boat launch at about
12:30 and I steered the boat toward
Rocky Point. We trolled down past
the point and across the lake to the
Blue Roofs. I didn't mark a single
fish. A guy at the boat launch said
it had been good down here but had
really slowed down. Apparently so.
I had two rods out on the downrig-
gers. One was set at 100 feet and
the other at 80 feet. I had two rods
out the back with 4 ounce lead
balls. One was out 70 feet and the
other at 100. I looped the boat up
lake and the back rod set at 70 feet
went off. Eileen netted the kokanee
and it measured 15 1/2 inches!
It has been a while since I got a
kokanee this size on Chelan. I am
very excited about getting back
up there early in the morning and
spending a day trying for kokanee
like this on Chelan.

While we waited for a few
boats to pull out at the launch at
Mill Bay, I pulled out a bass rod
and went to look for some rock
piles I knew were close by. I rigged up
a Senko, put the bow mount in Spot
Lock and started casting. I was getting
bites and saw fish flashing at the bait
when I retrieved it but couldn't hook
them. I put on a smaller hook and bait
and after a couple more casts hooked
what was biting. It turned out to be a
cutthroat! I have never caught a trout
on a Senko. When we pulled up to the
launch there was a boat with a guy on
the bow casting a spinner. There was
someone on the dock pointing to the
fish he could see and telling him where
to cast. Sure enough, he got a nice cut-
throat and said he saw some much larg-
er fish. I think you could get a limit of
these cutthroat in no time, even trolling
a fly. There are some larger rainbow in

Mill Bay now, too.

My good friend and guide Brian
Nielson, of BJ's Guide Service, was
planning to take me walleye fishing on
Potholes Reservoir last Friday, but after
getting some intel on how the fishing
was there, decided that we should go to
Moses Lake. As many walleye anglers
know, the very upper end of the lake is
where things start to happen every year,
and he had heard that it was time to try
it. His friend Mike Wren joined us, and
we ran all the way up until we were in
five feet of water. The weeds haven't
grown up yet and this end hasn't turned

over. We started trolling
with bottom bouncers and spinners and
I landed a 22 inch fish at about eleven
'o clock. Mike put out his gear on side
planers and that was the game changer.
He started getting fish right away and
continued to hook walleye on this set
up. He showed me how to rig the side
planers he was using, and I contributed
a few fish, but Mike got the majority
of the walleye that ranged in size from
15 to 22 inches. We had 13 in the live
well when we pulled out the fillet knife.
Once again, Brian put us right on the
fish and we had a blast. This week's
photo is of Mike Wren with one of the
walleye he landed.

It was a beautiful day in Leav-
enworth last Thursday, and when I

checked the web cam on Fish Lake it
was dead calm. I just had to get out on
the water, even if it was going to be by
myself. I threw a couple of kokanee
rods and tackle in the boat and even put
a bass rod and one of my boxes of bass
gear, too. I remembered to scent some
shoe peg corn, so I was ready to go. I
had put the downriggers on for a trip to
Lake Chelan with my wife later in the
week, and the batteries were charged.
The road into the Cove Resort was very
bumpy, so I took it very slowly. When I
stopped to take the straps off the boat I
found one of my riggers hanging by the
power cord and actually touch-
ing the ground. I threw it in the
boat and launched it anyway. I
spent a very short time trolling
and managed to get one kokanee
but decided I had better get
home and fix the rigger. I rushed
home and got it done. Now I was
ready to try for kokanee on Lake
Chelan.

When I was on my way to
Wapato Lake last on opening
day, I noticed a lot of boats out
on Lake Chelan. This is the time
of year I expect to see people out
fishing for kokanee, and then I
learned that there was a kokanee
derby going on. I mentioned this
last week, and it turned out to be
the Something Catchy Derby, with
35 adults and 15 kids participating.
I was told that fishing was pretty
good, and what was really excit-
ing was the size of the kokanee.
The biggest fish was over 15 inches
long. There were a lot of kokanee
turned in that were over 13 inches and
many that were 14 inches long. The
biggest concentration of boats that I
observed were over by the Blue Roofs,
and I heard that fishing was good off
Chelan Shores. If you are interested in
learning the results of the derby, that
includes kokanee, lake trout, cutthroat
and trout catches, you can go to some-
thingcatchy.simplederby.com.

A fairly recent addition to my web-
site is the Podcast Page. I started doing
these on KKRK Radio in Wenatchee
and KWIQ Radio in Moses Lake. Now
people can catch the Fishing Magician
broadcasts anytime, anywhere you
have an internet connection. Check it
out.
