*Dave Jayne*  
"The Outdoor Insider"

I had a great time this past week. Walleye fishing is going great guns on Moses Lake. I am looking forward to the Quincy Valley Pike Minnow Derby at Crescent Bar, and there are other fisheries coming on line all the time here in the region.

If you haven't ever fished the Quincy Valley Chamber of Commerce Pike Minnow Derby, this would be the year to do it. The popular derby will be held on May 12th through the 14th of May this year. There is over \$35,000 in cash and prizes that will be handed out at this year's event—either through awards to anglers or raffle prizes. Every year hundreds of northern pike minnows are turned in and fishing should be good again this season. Registration can be done at the derby headquarters in Crescent Bar on Friday from 4 to six p.m., on Saturday from 8 until 10 a.m. The weigh in will take place from 10 a.m. to noon on Sunday. All registered anglers can get a free lunch at Town Pizza, at the awards location in Crescent Bar. To get the rules and other details for the Pike Minnow Derby, go to my website at [www.fishingmagician.com](http://www.fishingmagician.com) and click on the Something Fishy in Quincy logo. Derby tickets are available at several locations, including Hooked on Toys in Wenatchee, and Sportsman's Warehouse in East Wenatchee.

The goal of this event is to remove as many northern pike minnows as possible from the Columbia River. These predators feed on salmon and steelhead smolt and are a threat to the recovery of these species in the upper Columbia. My wife attended the awards ceremony last year and especially enjoyed seeing how many kids were and winning prizes.

I had such a good time fishing for walleye on Moses Lake last Friday I had to get back out there. James Lebow and Ryan Harris were willing to spend a morning with me and we launched at Connelly Park at about 8:30 on Wednesday. We had lines in the water sometime after 9 o'clock and we didn't have to wait long to get our first fish. We were running side planers on four rods and one rod out the back with a one ounce weight. Most of the rods were rigged with two ounce bottom walkers with green Smile blades on Slow Death hooks. At one point all

five rods had walleye on them, and it was tough to keep all the rods baited and in the water. I even netted two fish at the same time. We were at the very upper end of Moses Lake and spent most of the time in five feet of water. James had to get off the water by noon and he had started filleting fish just before then. We had to pull a few rods or he wouldn't be able to stay ahead of our catches. We ended with 18 fish. The bite is hot! This week's photo is of me and a walleye we caught on Moses Lake.

I gave Travis Maitland, biologist for the Washington Department of Fish and Wildlife at the office on the Chelan Highway a call, and he had a lot of good news for anglers in the Wenatchee area. First of all, the return of spring Chinook to the Icicle River should be slightly better than last year. They expect somewhere between 7,500 and 11,000 adults to return to the hatchery this season. Enough that they are considering bumping the limit to three fish, with no more than two being adults. The fish are showing up a little late again, but based on Pit tag estimates, Maitland is confident that there will be very good harvestable numbers of springers in the Icicle this year. There should be an announcement about the Icicle opening sometime next week. Also, of interest to local anglers is that the lakes in the Highlands have been planted. These

include Lilly, Clear lakes and Beehive Reservoir. As usual snow at these elevations prevented planting in time for the opener, but there are plenty of trout available in these lakes now. Maitland noted that Beehive particularly should have very good numbers of carryover trout that should show up in catches this season.

I have had the Pike Minnow Derby on my mind and since it was taking place at Crescent Bar it reminded me of the great fishing I have had there for smallmouth bass. I usually fish with Tom Verschuren there and he was ready to give it a try last Saturday. When we started up the channel we like to fish we noticed that the water was pretty dirty, and the water temperature was only 42 degrees. I hadn't thought about all the water being released at Rock Island Dam, which is the source of both of these issues. We went ahead and trolled crank baits along the cliffs and found the fishing to be pretty slow. We each managed to get a very nice smallmouth, but decided to come back later in the month when the water would be warmer and the fish more active. The smallmouth should move into this area soon, in preparation for spawning.

I got a text from my friend Keith Hiatt while I was on the road to Crescent Bar. He and Kim Kozelisky were on their way to Blue Lake to do some trout fishing. I wasn't sure where they would launch on Blue Lake, since there has been some changes to the resort at the bottom end of the lake, where I used to put my boat in. He got back to me later saying they found a great public launch on the far side of the lake, opposite the highway, and had a great time. He sent me photos of some very nice rainbow. I know Kim is a big fan of perch fishing, so included in the photos was a very nice catch of dandy perch.

I also heard from my buddy and guide Brian Neilson who was on Banks Lake on Saturday. This was his first trip to Banks this year and when he sent me a photo he was having a pretty good day. He sent me a photo of a 25 inch walleye that he released and said he got two more over 22 inches and eight more "eaters" and wasn't done yet.

Plenty of great fishing going on in our region right now!

## CAT OF THE WEEK

Meet **Lu Lu**! Lu Lu is a sweet, laid back cat who would do well in most homes. She gets along with other cats, dogs, and children. She spends her free time looking out the window and playing with her toys. She can be shy at times but is known to turn into the perfect lap cat once she gets to know you. Please make sure you have the proper amount of time, space, & resources for a cat.

Please contact **Kootenai Humane Society** at 208-772-4019 or visit our website at [www.companionsanimalcenter.org](http://www.companionsanimalcenter.org)

### IT'S EASY TO BECOME A TEMPORARY DOG FOSTER HOME!

Do you have your own dogs & cats, are they friendly & receptive to other dogs? The Furry Farm Rescue is seeking Foster families to bring dogs into their homes, feed, love & walk them, just like you do with your own dogs! There is a huge need right now! All you do is provide them with a safe, structured environment while they wait placement in a permanent home. It is one of the most rewarding things a dog lover can do. We provide the food, crate/ leash & collar, bowl, etc; plus training if needed, 24/7 support & vet care. You provide a temporary home, love & your time. Fostering saves lives! Please go to our website, and click the Fostering tab & fill out an application, [www.TheFurryFarm-Rescue.org](http://www.TheFurryFarm-Rescue.org)

## CREATURE FEATURE

### PACMAN FROGS

Native to South America, Pacman Frogs (named after the video game character due to their round shape and large mouths) are known by a variety of different names: Horned Frogs, Argentine Horned Frogs, and Ornate Horned Frogs. Whatever you call them, these frogs are available in most pet stores, come in many different color patterns, and are very hardy pets!

**LIFE SPAN:**  
Approx. 5-7 Years

**ADULT SIZE:**  
Approx. 4-8"

**DIET:**  
Crickets, Mealworms, Feeder Goldfish, Frozen mice (thawed)

**HOW MANY:**  
Best as Single Pets

### DIFFICULTY:

### HABITAT:

Pac Man Frogs are sedentary, ambush predators and so do not require a large enclosure. Make sure to keep the substrate in the bottom of the enclosure damp. You'll want to make the substrate relatively deep too. These frogs love to burrow!

### NECESSITIES:

- A 10-20 Gallon Aquarium
- Loose, Soil-Like Substrate (Coco-Coir Works Great!)
- A Place to Hide
- Under Tank Heater
- UVB Lighting

### ACCESSORIES:

- Choice of Enclosure Decorations

## May GARDENING TIPS

*Master Gardeners of Spokane County*

### PLANT VEGGIES

Daytime air temps are favorable; nighttime temps are getting warmer and so is the soil. Our last average frost date is May 15. Prepare your vegetable beds and get ready to plant tomatoes, root crops, leafy greens & more!

### DIVIDE PERENNIALS

Now is a good time to divide perennials that have grown too large for their space or if you want to move plants around your garden. Depending on the plant, there are several ways to do this job.

### NURTURE BENEFICIALS

Many insects and other small creatures are desirable to have in your garden. Take special care to provide food, shelter and water. Avoid using broad spectrum insecticides that kill even the good guys!

## DOG OF THE WEEK

Meet Vera! Hello! It would be best if I didn't go to a home with small kids. I'm a very sweet girl that appreciates gentle pets and kind voices. I would love to go on hikes and other adventures as well as romp around and play! I do get timid a bit easily and will become frightened if a dog barks or growls at me! A polite and quiet dog could be a great companion for me. I do okay with polite cats.

Please contact Kootenai Humane Society at 208-772-4019 or visit our website at [www.companionsanimalcenter.org](http://www.companionsanimalcenter.org)

**PLEASE SPAY OR NEUTER YOUR PETS!**

### NOXIOUS WEEDS:

#### What is a Noxious Weed?

They are non-native plants that have been introduced to Spokane County through human actions. Because of their aggressive growth and lack of natural enemies, these species can be destructive, competitive, and difficult to control.

## ANNUAL BUGLOSS

(*LYCOPSIS ARVENSIS*)

This weed usually grows 6-24 inches tall with hairy, branching stems and small blue flowers. Dig or pull up these small infestations, but remember to wear gloves as the hairs may be painful. There are also chemical sprays you can apply before they bloom to control infestations. Always read and follow label instructions when dealing with herbicides!

For More Information on how to Control your Noxious Weeds, Contact:

# WEEKLY Horoscopes for May 12 - 18

**ARIES – Mar 21/Apr 20**

Aries, try to rectify an imbalance in a relationship with another person close to you this week. It's never too late to make amends, and the rewards are fully worth it.

**TAURUS – Apr 21/May 21**

Taurus, friction can be overcome with patience and perseverance. Take an even-keeled approach and give things time to simmer. Change will come.

**GEMINI – May 22/Jun 21**

The brighter you shine, the more things will come your way this week, Gemini. Wear a big smile on your face and get out into the thick of things.

**CANCER – Jun 22/Jul 22**

Cancer, you may have to change your way of thinking to get on the same wavelength as some others this week. Be open-minded to new experiences.

**LEO – Jul 23/Aug 23**

Important lessons about balance could come your way soon, Leo. You need to find that happy medium between work and home responsibilities.

**VIRGO – Aug 24/Sept 22**

Events this week could leave you a little dazed and bewildered, Virgo. Nothing seems to be going to plan and that could get on your nerves. Figure out a way to de-stress.

**LIBRA – Sept 23/Oct 23**

Libra, your urge to take action comes on strong this week. Figure out a project you can put your efforts behind as soon as possible and then dive in with maximum effort.

**SCORPIO – Oct 24/Nov 22**

Use this week as an opportunity to tend to your own needs, Scorpio. Indulge in a spa treatment or play hooky and go on a road trip all by yourself.

**SAGITTARIUS – Nov 23/Dec 21**

Sagittarius, your desire to get ahead is very strong over the course of the next few days. Now you only need to figure out the venture that you will take on.

**CAPRICORN – Dec 22/Jan 20**

Others may be begging for your attention, Capricorn. But this week is all about self-healing for you. Focus inward to bring about any personal change you desire.

**AQUARIUS – Jan 21/Feb 18**

You can accomplish a great deal when you happen to get moving, Aquarius. This week the struggle may be finding the motivation to take the first step.

**PISCES – Feb 19/Mar 20**

Pisces, take a break from reality by reading a good fantasy book, watching a movie or enjoying a stage show. You can use the respite.

### STEP 1

#### GET READY FOR HOME OWNERSHIP

Build good credit history, get mortgage pre-approval and find out what type of mortgages you qualify for. Save up for a down payment and closing costs.

### STEP 2

#### FIND A REALTOR®

Look for a Realtor® who serves your specific needs. Contact and interview several Realtors® to find the best match to act as a Buyer's Agent for you.

### STEP 3

#### FIND THE RIGHT PROPERTY

Determine what is important for you, such as transportation, schools, neighborhood, amenities, monthly payments, etc.

### STEP 4

#### FIND THE RIGHT FINANCING

Narrow down your search to a few mortgage brokers or lenders. Make sure you understand the financing terms: ask the lender for clarification, if needed, and select the right loan program.

### STEP 5

#### MAKE AN OFFER

Ensure the property is inspected by a licensed home inspector and acquire title insurance. Make sure to read all contracts fully before signing anything, and ask questions if you do not understand something. Place a competitive bid and prepare for a counter-offer. Only one offer will get the sale, so be prepared to move on if you do not win the bid.

### STEP 6

#### CLOSING & LIFE AFTER THE BIG SALE

Protect your new asset by obtaining owner's title insurance. Perform maintenance and repairs on your new home. Keep good records of all warranties and documents used in the home-buying transaction. Set up utility bills in your name, and make sure to maintain your files. Hire movers or find a few friends for a moving party!

## Deer Resistant Flowers and Plants

Damage done by deer is a common issue to many homeowners and gardeners. There are plenty of ways to keep deer off of your property like using scent repellents or getting a dog to patrol your yard. The best plan of action is to plant flowers and plants that deer usually do not consume. Keep in mind that no plant is 100 percent deer proof, a hungry adult deer will eat almost anything. Some flowers include, Bleeding Heart. These flowers are delicate with heart-shaped flowers that dangle from their arching stems. Bee Balm is a member of the mint family with vibrant flowers and a long bloom season. Please keep in mind the sun and soil requirements for any flowers that you plant this spring season.

## Invasive Species

While you are out gardening be sure to watch out for any invasive species. In Washington state there are a few common invasive species to keep an eye out for. One common species here are Apple Maggots. These little insects are native to eastern North America. Exotic apple fruit pests can damage trees and shrubs. Washington needs your help! If you think you have found an infestation, please let the Washington State Department of Agriculture know by calling 360-902-1800 reporting it.

While you are out gardening be sure to watch out for any invasive species. In Washington state there are a few common invasive species to keep an eye out for. Northern giant hornets are on the rise here in Eastern Washington. Northern giant hornet is an invasive species from Asia and a known predator of honeybees. Though not typically aggressive to humans, they will attack anything that threatens their colonies, which usually nest in the ground. Report any sighting to the Washington State Department of Agriculture at 360-902-1800 or the Washington Invasive Species Council reporting app.

**5 Signs It's Time to Renovate**

Homeowners renovate their homes for a variety of reasons. Renovations can increase the value of a property and make homes safer and more comfortable for their occupants. Improvements also can be made to stay current with the times or to give a home a new vibe.

Statista projects \$510 billion will be spent on home improvements in 2024. The home improvement market is generating significant revenue. In fact, nearly a quarter of Americans opting to renovate their homes will spend an average of \$10,000 on their projects. According to a Home Stars Renovation report, 8 percent of Canadian homeowners who have renovated have spent more than \$20,000 on a home improvement project.

Kitchens and bathrooms often get the most attention when it comes to home improvement. However, every room and space in a home may need a renovation at some point, and the following are five signs it's time to renovate.

**1. Age**

The National Association of Home Builders states that 50 percent of U.S. homes are over the age of 40. That means that age alone could dictate a need to renovate, particularly if some materials are original to the home. For example, asphalt roofs typically last 25 to 30 years, while window frames can last 20 to 50 years depending on how well they have been maintained.

**2. Inconvenient Layout**

Some homeowners scratch their heads when faced with awkward floor plan layouts. While one may live with the inconvenience for some time, typically a floor plan that isn't working for the homeowner is a major driver of renovations.

**3. Outdated Looks**

A home can look dated even if it is a relatively recent build. That's because trends change quickly. For example, dark, cherry cabinets that were popular just a little while ago have now been replaced by lighter color palettes. Homeowners whose homes do not match the looks emulated in design magazines may consider a change, particularly if they're planning to sell soon.

**4. Deterioration**

Signs of water, storm or structural damage should be addressed as soon as possible. Any deterioration should be a strong indicator that it's time to renovate.

**5. Efficiency**

Escalating utility bills could be indicative of an inefficient home. Homeowners can conduct energy audits and then improve the areas where energy loss may be occurring, such as windows, doors, siding, and insulation.

Homeowners can renovate their homes when they see fit, but various signs may warn that it's time consider updating or remodeling a home.
