# WEEKLY Horoscopes for May 19-25

**ARIES – Mar 21/Apr 20**  
You may struggle to get going this week, Aries. But once you do, it will be full speed ahead. In fact, you may need to slow things down to let others catch up.

**TAURUS – Apr 21/May 21**  
Taurus, if you are feeling a bit scattered as of late, take some time out of your schedule to meditate and reflect on what is most important to you. Then follow that path.

**GEMINI – May 22/Jun 21**  
Gemini, give yourself permission to move slowly this week. If you racing through things, you're apt to make mistakes. Set your own pace and let things play out as they may.

**CANCER – Jun 22/Jul 22**  
Deadlines could make for a heated week, Cancer. It's best to remove yourself from any situations before they get out of hand. Offer advice when things cool down.

**LEO – Jul 23/Aug 23**  
Routines are boring you lately, Leo. You may need to shake things up. If you work a set schedule, see if you can go to flex time and look for ways to change.

**VIRGO – Aug 24/Sept 22**  
Do not let drama that doesn't involve you sneak into your orbit, Virgo. If you need to distance yourself from others for a while, then do so.

**LIBRA – Sept 23/Oct 23**  
Libra, others feel you're giving off some high-strung vibes this week, and they wouldn't be wrong. Something is weighing on your shoulders. Figure out what it is and lighten the load.

**SCORPIO – Oct 24/Nov 22**  
Scorpio, you're dishing out all sorts of sage advice but it may be frustrating if others don't want to take it. All you can do is offer and let others lead their lives.

**SAGITTARIUS – Nov 23/Dec 21**  
Things may be a little rough around the edges lately, and you'll need to figure out the ways to smooth things over, Sagittarius. Find a few friends who are in your corner.

**CAPRICORN – Dec 22/Jan 20**  
Capricorn, emphasize a slow and methodical approach to a problem with an elusive solution. Slowing things down has a tendency to provide substantial clarity.

**AQUARIUS – Jan 21/Feb 18**  
Disagreements on how to move forward could bring tension at home or work this week, Aquarius. Everyone needs to put their ideas on the table and whittle down the best answer.

**PISCES – Feb 19/Mar 20**  
Don't compare yourself to others, Pisces; otherwise, you may downplay all of your wonderful attributes. Be proud of who you are.

*Dave Jayne*  
"The Outdoor Insider"

I had a very busy week again. I fished for trout, walleye, and bass. I spent some time at Pybus Market for an event and then finished the weekend at the weigh in and awards ceremony at the Pike Minnow Derby.

The annual Quincy Valley Chamber of Commerce Pike Minnow Derby wrapped up on Sunday. Anglers had to deal with high winds, and many fished in areas that weren't their favorite spots but were easier places to manage their boats. In spite of the conditions, spirits were high at the weigh in station, where anglers lined up to have their catches measured, counted, and weighed.

Organizers said that registrations were great this year, and especially pleasing was the highest number of youngsters participating over previous derbies. The adults turned in 1,379 pike minnows weighing a total of 884 pounds. In the youth division, the kids caught 119 fish, weighing a total of 65 pounds. There are two goals for this event. One is to remove as many pike minnows from the Columbia River as possible, and the other is to provide a quality event that the whole family can enjoy. This year they met these goals, removing a total 1498 pike minnows from the Columbia and the Quincy Valley Chamber of Commerce conducted an excellent event.

The amount of cash and prizes that was handed out was amazing. Grant County PUD is the major sponsor for the derby every year, and this year Bob Feil Boats and Motors and Quincy Hardware Lumber were mentioned for their generous contributions to the event. It was nice hear the loudest clapping and shouts of congratulations was for the youngsters as they came forward to receive their prizes. Everyone had a great time at the Pike Minnow Derby, and they are looking forward to next year's event. A very special thanks to Cari Mathews at the Quincy Chamber and her crew of volunteers, and MC Ryan. This week's photo is of all the Youth Division winners.

I got a note a while back from Nichole Jordan with the Upper Columbia Salmon Recovery Board. She was putting together an Invasive Species

educational event at Pybus Market, and wanted to know if I would like to participate. Sure thing, I told her. The event took place last Saturday. I have attended the "all hands on deck" northern pike suppression efforts on Lake Roosevelt and have gone out on both the Spokane and Colville tribal boats to see how they are removing these predators from the lake. There were folks from the Washington Department of Fish and Wildlife at the event, and they brought along one of the "cleaning stations" that remove mussels from contaminated boats. They also brought

"Fin", a dog that can sniff out zebra mussels on boats. Nichole and Bill Towey were on hand to talk to people about the northern pike efforts. I took my boat and got to talk to a lot of people, more about the fishing opportunities in the area. I was very pleased to see how many people came by to learn more about these threats to our fish and waterways. There is good information available, and this helped spread the word.

My friend Jim Passage treated me to a trip to a private lake near Mansfield last Thursday. The lake has been known as Isaac's for many years and is now called the Hole in the Wall. Jim towed his 14 foot Lund to the lake, equipped with an electric motor. Joining us at the lake was Rollie Schmitt and his grandson Noah. Darc Knobel, owner of the Desert Fly Angler in Ephrata and manager of the lake, greeted us and made sure we had everything we needed for our adventure. One thing we did need was a plug for Rollie's boat, which Darc was able to find. We all trolled Woolly Bugger type flies

and were busy the whole time we were on the water. I was lagging behind Jim, getting lots of hits but not hooking up, and when I checked my fly I found that my hook had broken off! I replaced the fly and was back in business. The trout we landed ranged in size from about 14 inches up to 20 inches and were very healthy and strong. Jim released at least 20 and I a few less, due to my "tackle issues" Rollie and Noah released close to 30 in their boat. Thanks Jim, it was a wonderful day.

I just couldn't help myself. I had two terrific days fishing for walleye on Moses Lake, and I wanted to put some more of these quality fish in my freezer. On my last two trips the days were sunny and hot, and the walleye were biting. We put 11 in the boat one day and 18 in the live well the second day, and we quit at noon. Then the weather changed. The temperatures dropped and the walleye action tanked. A friend fished for a few hours on Saturday and only got two fish. The forecast for last Wednesday was for the mid 70s and I hoped that would

put the walleye back on the bite. Well, it didn't, and the fishing sucked. Tom Verschuren and I called it quits for walleye and tried for smallmouth bass. We sure got to see a lot of bass. They were moving onto their beds and would scatter when they saw the boat. We did land a few, and I think the bass bite will improve with warmer weather. I am going to keep an eye on the walleye fishing on Moses Lake. I hope it comes back. I sure like fishing Moses Lake.

I had a chance to fish at Crescent bar in early May. This is where Tom Verschuren and I like to troll crank baits in the channel between the island and the cliffs. We hugged the shoreline and have had some tremendous days catching big smallmouth bass. I jumped the gun this year, and we encountered cool water temperatures and water clouded with the runoff from the Columbia. We did get a couple of very nice fish, but now would be the time to return to this spot. The warmer weather will have the bass ready to smack our lures.

If I don't get to Crescent Bar first, the next adventure I plan will be to Banks Lake and try for some walleye.

## CAT OF THE WEEK

Meet **Veronica**! Veronica seems to get look past being adopted because she's just a little reserved because a shy cat she would prefer a home that is not super loud and busy with a lot going on. If anyone out there wants a very sweet cat that just needs time to adjust, you will have Veronica's little heart and her love. We think Veronica would do best in a home without any animals or kids.

## CREATURE FEATURE DEGUS

*Degus are very social animals found naturally in burrows in central Chile. They look similar to gerbils, with their long, skinny tails, but are generally considered to be friendlier and more intelligent. Unlike most rodent pets, the Degu is Diurnal, which means that pet owners will get to enjoy their bouncy personalities during the day.*

## TOP 5 TIPS FOR HIRING A REMODELER - Part 1-

Are you among the growing number of home owners who would prefer to remodel than try to purchase a new property? If so, you'll soon learn that even simple remodels can cost a significant amount of money. With that type of investment on the line, it's important to find a contractor you can trust.

As the home building and remodeling industry celebrates National Home Remodeling Month in May, here are the top five tips to ensure you make the right decisions when you find, evaluate and hire a remodeler:

### Utilize a Directory

A simple Google search will provide you with seemingly endless pages of remodelers. To help narrow down your search

to find a qualified remodeler, utilize a directory from a professional organization like the CWHBA, as well as trusted print publications like the Exchange. A professional remodeler will uphold the industry's highest professional and ethical standards. These sources can also help you find a remodeler who specializes in a specific type of remodeling if you need it, such as a Certified Aging-in-Place Specialist (CAPS) to help modify your home to suit you better as you age.

### Narrow Down Your List

Once you've generated a list of professional remodelers, closely examine their services. The best place to start is by visiting the company's website or social media accounts to see photos of their work. Home renovation websites like HomeAdvisor or Houzz also have pictures and reviews of remodeling companies. When reading online reviews, take the good with the bad. Try to focus on the descriptions of experiences and qualities that are most important to you as a customer. Another avenue is to ask for referrals from friends, family, neighbors, co-workers, and others who have had remodeling work done on comparable homes under similar schedules.

### Conduct Background Research

Once you have a list of potential home remodelers for your project, do some background research to verify that they are appropriately licensed and have a good business track record. Look them up with the WA State Department of Labor & Industries. Verify that the remodeler has the appropriate licenses and registrations.

## NOXIOUS WEEDS:

### What is a Noxious Weed?

They are non-native plants that have been introduced to Spokane County through human actions. Because of their aggressive growth and lack of natural enemies, these species can be destructive, competitive, and difficult to control.

## ANNUAL BUGLOSS

(LYCOPSIS ARVENSIS)

This weed usually grows 6-24 inches tall with hairy, branching stems and small blue flowers. Dig or pull up these small infestations, but remember to wear gloves as the hairs may be painful. There are also chemical sprays you can apply before they bloom to control infestations. Always read and follow label instructions when dealing with herbicides!

For More Information on how to Control your Noxious Weeds, Contact:
