CAT OF THE WEEK

Meet **Anna**! We all love Anna, she really is a gem! Anna was a loving mama who is now ready for a forever family of her own. She is confident yet polite, snuggly but independent. She falls in love quickly with her people, and gets along beautifully with other adult cats and dogs with careful introductions. Anna loves a warm sunny window seat, where she can nap and watch the birds.

ADORABLE MIXED BREED PUPPIES
Meet the "Dwarf Litter" from Furry Farm Rescue. Mama Snow is a raven haired beauty with a super sweet personality, she was found in the woods with her litter of seven, 5 males & 2 females & we named them Dopey, Sneezzy, Grumpy, Bashful, Happy, Sleepy & Doc! They all look a little different, & all have sweet personalities & are confident! We believe they were born around August 1. Before adoption, they will be given all their shots, dewormed, spayed or neutered & microchipped, adoption fee is \$275. Our process with puppies is a little different, we collect applications & then have you come meet all the pups. Then we work with you on placement based on your needs & each puppy's temperament. All our puppy contracts contain an agreement to attend Puppy Kindergarten & Basic Obedience classes. Puppies will go home with a collar, food, & a favorite blanket/-toy! Please go to our website, www.TheFurryFarmRescue.org to see more pictures of the puppies & Mama Snow, & complete an online application. Thank you! #adopt-dontshop

Department of Ecology News Release

ECOLOGY'S AWARD-WINNING LITTER PREVENTION CAMPAIGN CALLS FOR PUBLIC SUPPORT

Ecology's recent statewide litter study, the first one done in almost 20 years, made several shocking findings: Not only did it show that nearly 38 million pounds of waste accumulates each year, but Washington's roads have more litter per mile than the national average. The We Keep WA Litter Free campaign (Por Un WA Impeccable) is working to address these issues by changing the behaviors that lead to littering in the first place.

According to Ecology's director Laura Watson, the public has an important role to play when it comes to Washington's litter issue.

Our statewide litter prevention coordinator Amber Smith-Jones agrees, and adds that "Preventing litter from ending up on the ground is by far more effective, and less expensive, than paying crews or arranging for volunteers to pick it up."

Ecology and the Washington State Department of Transportation (WSDOT), spend nearly \$12 million combined on litter cleanup every year. Last year, this substantial effort accounted for 7.4 million pounds of litter - less than one-fifth of the annual total.

USING INNOVATIVE MARKETING TO CHANGE BEHAVIORS.

The We Keep WA Litter Free campaign is not your average marketing endeavor. It uses a social marketing framework to help create meaningful and sustainable behavior change. This researched-based strategy shows that awareness and education alone are largely unsuccessful in altering people's behaviors.

To inspire real behavior changes, we first sought to understand why people litter, what barriers they have to stop littering, and what would motivate them to change. We conducted extensive audience research and message testing in both English and Spanish.

With the help of WSDOT, Washington State Patrol, Washington Traffic Safety Commission and many local governments, Ecology kicked off the We Keep WA Litter Free campaign in 2021. The campaign uses positive messaging that empowers people to change their behavior and join the 75% of Washingtonians who never litter. There is also a robust Litter Prevention Partner Toolkit that state agencies, local governments, non-profits and others use to amplify the campaign in their communities.

We Keep WA Litter Free is an umbrella brand that includes other behavior-specific campaigns:

SECURE YOUR LOAD FOR SAFER ROADS (CARGAS BIEN SUJETADAS, CAMINOS MÁS SEGUROS)

Beginning in 2021, the Secure your Load for Safer Roads (Cargas Bien Sujetas, Caminos Más Seguros) campaign launched with the help of the Washington State Patrol. It focuses on properly covering and securing cargo to increase road safety and reduce litter. Items falling or blowing out of unsecured loads cause more than 300 traffic crashes each year in Washington, including 5 fatalities in 2022 and an estimated 40% of roadside litter.

We give out cargo nets through partnerships with local governments. Partners measure unsecured loads entering their solid waste facilities before and after the campaign, and again one year later. The decrease in unsecure loads measured the first year averaged 3.5%, and an additional 1% decrease the following year.

Those who receive a cargo net also fill out a follow-up survey. According to the survey, 91% of people said the campaign made it easier to secure their load and 83% are likely or extremely likely to talk with others about securing loads.

SIMPLE AS THAT (ASI DE SIMPLE)

The Simple As That (Asi De Simple) campaign began in 2021 and it is centered around the reduction of intentional littering on roadways. Using humor, it demonstrates just how easy it is to not litter and to use a car litter bag.

Our research identified "not having a trash bag in the car" as one of the main reasons people litter. That prompted us to distribute over 26,000 free car litter bags through Washington Fred Meyer stores.

Those who received a litter bag were also given a follow-up survey. That survey indicated 80% of people who received a litter bag now properly dispose of their trash always or often.

PARTNERING WITH SEATTLE HOCKEY PROFESSIONAL, YANNI GOURDE

On Sept. 18, 2023 we began the next phase of the We Keep WA Litter Free campaign by adding Seattle hockey star Yanni Gourde to our team. Gourde is partnering with us to create content that brings more attention to preventing litter and shows his fans how to get involved.

"Keeping Washington litter free is important to me because my family is part of this community, and this is the place where my kids are growing up," said Gourde at the We Keep WA Litter Free media event on Sept. 7. "As a professional athlete in Washington, I know how special this state is and how powerful we are as a community when we work together toward a common goal."

We're giving away more free car litter bags at participating grocery stores across the state through a new partnership with the Washington Food Industry Association and distributor URM. Since our previous car litter bag giveaways with Fred Meyer primarily served the Puget Sound region, this round's participating stores are mostly in Central and Eastern Washington. Locations can be found by using our interactive map or list of stores, sorted by city. <https://ecology.wa.gov/Waste-Toxics/Solid-waste-litter/Litter/litter-prevention/Simple-as-that>

Border Collie Australian Shepherd mix, 8 month old female named Molly. She is house trained, knows basic commands, current on all her shots & fixed. We rescued her from a really tough situation & we need to re-home her into a more appropriate home than ours. She's a herding dog & super smart, she would do great with an active family that has a large fenced yard too. For more information, please text or call, 818-437-4898 Spokane. Thank you!

Dave Jayne
"The Outdoor Insider"

I made my first trip of the year to Omak Lake, and it makes me wonder why it took me so long. After a couple of tough fishing outings recently with not a lot of action, it was terrific to have a busy day on the water.

I fished Potholes Reservoir with two guys, and we only landed three walleye. I didn't land a single fish, and I can't remember when I fished Potholes and didn't get at least one walleye. Then I made a trip to Moses Lake to try for big perch and that was pretty much a bust. I was ready to do some catching.

I had scheduled a trip to Omak Lake, and it came together last Thursday and Friday. We had excellent conditions to fish for Lahontan cutthroat. I picked up Buell Hawkins and Greg Meinzer in Wenatchee and we arrived at the lake after a two hour drive. I need to tell you that the launch on Beer Can Beach is very rough, but I was able to launch my 20 foot Smoker Craft. Don't try this without 4-wheel drive. We drove down to the south end of the lake, and when we arrived, there were fish dimpling the surface all around us, and the screen on the fish finder was full of fish. I put two of my favorite plugs out on downriggers at 70 and 80 feet deep, and flatlined an M2 Flatfish on one rod out the back and a Coho Killer on the other. This week's photo is of me and Buell on Omak Lake.

When the fish started biting we were busy. We had doubles and triples, and we were having a blast. We fished three and half hours Thursday afternoon and when we hit 30 fish on the counter we headed for the launch. On Friday we fished for another three hours and landed 43. I put a Coyote spoon on one of the rods and tried some different plugs and found a large Bandit deadly. We measured several fish and found they averaged 18 inches.

I want to remind you that Omak Lake is a Colville Reservation Lake and requires a Tribal Access permit and fishing license and launch permit. I buy an annual Access Permit and fishing license every year, because it is like have a membership to a private fishing club. You can buy a one-day Access Permit and fishing license. All licenses and

permits are available on line. This is the link to the Colville Fish and Wildlife License and Permits page: <https://Colville.nagfa.net/online/>.

I got a photo from Mike McKee showing a catch of perch on Moses Lake that was amazing. He and Joe Moriarty were trolling for walleye at the south end of the lake and came across some whopper perch. Mike threw out a marker and then put his boat on Stop Lock with his bow mount and they went to work. They changed from chunks of worm to pieces of perch meat and landed their limits in a couple of hours. The

perch they kept ranged in size from 9 to 13 inches. I immediately begged a ride to their hot spot and joined them on Sunday. We launched at Peninsula Park and ran down to the outlet. All we caught were small smallmouth bass. We searched all over but couldn't find the schools of perch that they fished on the last trip. We looked all the way up to the I-90 Bridge and finally put a few in the boat on the north side of the bridge. This is a perfect example of "should have been there yesterday", and when you want to show someone some great fishing the fish just don't cooperate.

I have checking on the Icicle River almost daily. We had some rain in the past week, and I was hoping to see some coho showing up. Finally, last Saturday when I pulled into the access area off

East Leavenworth Road below the National Fish Hatchery, I saw some other rigs parked there. There were people fishing off the handicapped platform and others on the trail above it. The anglers hadn't had any luck, but they had seen fish in the river. Rain continues to fall in Leavenworth, off and on, and although the river hasn't come up significantly, it has risen enough to pull coho in. Over 13,000 coho have passed over Rock Island Dam and only 6,200 over Rocky Reach, so there should be a bunch of fish moving up the Wenatchee to the Icicle very soon.

The limit is two coho per day this season, and no bait or scent is allowed. Most people cast twitching jigs, and I would use a very light weight jig right now. Black, or black and purple are favorites. Blue Fox spinners will also work for aggressive coho.

My next fishing trip will most likely be to Lake Chelan. I have heard some reports of really good fishing for kokanee going on right now. Not only are kokanee being caught in limit numbers, they are running bigger than other years. Most of the fish are 12 to 14 inches, with a good number of them in the 14 inch category. A couple of good areas to look for kokanee is off the Blue Roofs, on the south side of the lake in the lower basin. There are some big schools of fish being marked here. I have also heard that the area up lake from Manson Bay off Willow Point is another good spot to look for kokanee.

I have had some great days in the fall on Lake Chelan fishing for kokanee in the past. I will run the Copper Series Kokabow blades and will start with the copper and orange color, but experiment. I will run an orange hoochie behind the blade with a 14 to 16 inch leader this time of year. Another favorite of mine is the Ravisher spinner. I always bait my hooks with white shoepeg corn and douse the corn with Graybills Guide formula Kokanee or Kraw Anise flavors.

There is some good fishing available on area lakes now, too, and many of them close at the end of October. Man, there is a lot to do. I hope to see you out there!

5 BENEFITS OF NEW HOME CONSTRUCTION

Part 2

The first step for new homebuyers is deciding if they want a new or existing home. Choosing a structure that best fits your needs is essential because a home is one of the most significant investments you'll likely make in your lifetime. There are plenty of existing homes on the market, but owning a newly constructed home has many advantages. Before you talk to a real estate agent, consider the following reasons why a new home might be right for you:

1. High-Quality Construction

2. Features That Fit Your Family's Needs

3. Built for Efficiency

Newly built homes are highly energy efficient, saving buyers money and helping the environment. New windows, doors and insulation better control the home's interior climate, and ENERGY STAR-rated appliances and other modern components will help save costs on utility bills. New buyers don't have to spend time shopping to replace aging appliances.

4. Wired For the Latest Technology

New homes come outfitted with the latest home automation and wiring components that provide state-of-the-art technology to accommodate modern home appliances and entertainment resources such as high-definition televisions, full-house sound systems, hard-wired fire and security alarms, and more.

5. Opportunities to Build a Strong Sense of Community

One of the built-in benefits of many new homes is the new neighborhood. When families move into a new community at the same time, lasting bonds of friendship and neighborliness often form right away. Many home builders will host community block parties in these developments to help neighbors of all ages meet and connect.

For more information on the benefits of new homes, contact the Central Washington Home Builders Association.

Thanks to the Exchange for helping continue the four-decade tradition of delivering weekly motorsports news to the Inland Northwest!

CHAMPION PROFILE

ROSCO SMIDT • Junior 1 Briggs 206

Rosco Smidt age 10 has been racing since he was 5 years old.

In 2021, in his final year of kid kart, he had an undefeated year with the Spokane Kart Racing Association, winning all ten races.

He currently holds the kid kart track record at SKRA, breaking it twice in 2021. Rosco has won the SKRA Championship for three years in a row (2021-kid kart, 2022-JR1, and 2023-JR1).

This is his second year racing in the regional series, Padholder, where he was able to take 5th place. This year, he got a new race factory kart and raced for Midnight Motorsports, getting tremendous knowledge and support from all his coaches.

He was homeschooled for 2nd and 3rd grade, started at-

tending public school again in 4th grade, and is currently in 5th grade in Post Falls School District.

His hobbies are racing. Anything and everything race related, he loves! After school, he likes to go bike riding with his friends.

Rosco has two younger siblings, Rylee who is 8 and Ryatt who is 7. They both are racing as well, and when we are at the track, Rosco is by their side, helping coach them to be better racers.

CHAMPION PROFILE

NICK GIBSON • Racecals Late Models

Nick Gibson might have gotten extra consideration winning the 2023 Stateline Speedway Racecals Late Model championship when you know he would commute about 700 miles to race.

The Nampa, Idaho racer had quite the year at Stateline in 2023 winning four of six races and landed in the top-5 in another.

Oh, and add to that he was the 2023 Idaho 200 champion!

Gibson ran super late models in the Rocky Mountain Challenge Series from 2006 to 2008 then took a 12-year break working on his business. Last year was his first year traveling the Northwest.

The 36-year-old owns a diesel repair shop in Nampa Idaho. He has a 9-year-old son and 3-year-old daughter. "When I'm not racing, I like boating, shooting sporting clays, hunting and camping with my family," Gibson wrote in a text message.

Sponsors are Karcher Auto Body, Cristiani Motorsports, Rent Rite, Gibson Diesel Performance and Pathfinder Chassis.

Remembering TOBY COMBS

Medical Lake resident and long-time racer and car buff, Toby Combs, was honored at halftime ceremonies during the high school Homecoming celebration Oct. 13. Combs' cherished 1964 Pontiac Catalina 2+2 led the parade of custom cars that carried Homecoming royalty. Combs passed away September 21, 2023, at 66 years old.

Paul Delaney has been writing about Motorsports in the Pacific Northwest since 1976. He welcomes learning about your racing accomplishments.
