★★★★★  
Non-Profit Organization in Service to our Troops

**A Non-Profit Organization in service to our Troops since 2013 - 100% Goes to Our Heroes! WE SUPPORT OUR TROOPS!**

**WHO WE ARE**

- ★ We fundraise and send Christmas care packages to Our soldiers overseas for the holidays, and to a lesser extent needed requested items year 'round!
- ★ We can't forget our Heroes and need your support!
- ★ We learned over the years that we can help more than double the number of soldiers with a better volume of products if we send orders via direct online with free shipping to the APO Addresses because of the higher shipping costs at the USPS for international shipping.
- ★ If you have a loved one serving overseas, e-mail us their information so we can get Care Packages to them first. **We will serve Local Heroes first!**

**Now Collecting Items for CHRISTMAS 2023!**

- ★ Due to the delay in international shipping, we will have our open Event this Year as early as Nov. 19th and 20th from 2pm until 6pm

*Dave Jayne*  
"The Outdoor Insider"

I took advantage of the good weather, the moon phase and one of the most productive fisheries in the state last week. The days are getting cooler, and I was glad I got two days of terrific fishing.

I took my good friend Rollie Schmitzen to Omak Lake a couple of years ago and he was eager to go again. He was very impressed with the size and quality of the trout we caught on this big Colville Reservation lake. I was finally able to get him up there last week. On Thursday we got our first fish at 10:30 and at 2:55 we had caught and released 55 Lahontan cutthroat. I had driven the Smoker Craft to the east end of the lake, and I launched the bow mount electric motor and started trolling when we found 100 feet of water. I had learned the previous week that the cutthroat liked a fast presentation, so I kept our speed at 1.7 to 1.8 mph.

We trolled a variety of plugs and lures. I have a favorite darting plug and I also found large Apex very effective. Out the back, with only a small 3/8 ounce weight, two lures were really popular with the cutts. One was a Coho Killer and the other was a Coyote spoon. These "surface" rods were as busy as the downrigger rods that I was fishing very deep to try to get bigger fish. I have caught and released cutthroat up to 28 inches on Omak Lake but didn't get any really big ones on this trip. The cutts did average a solid 18 inches.

The next day we didn't use any lures with treble hooks. Even though we pinched the barbs on all our lures, we spent too much time getting the hooks out of the net. Because we fished the day before we knew where to find the fish and the depth they were at and by noon we had released 37. The wind came up, so we headed for the launch. On Thursday we saw three other boats on the lake, the most I had seen in years.

I want to remind anglers that Omak Lake is on the Colville Reservation and there are tribal permits, fees and licenses required. All of these are available on the Colville Fish and Wildlife website.

Also, the launch at Omak Lake is very rough. I can launch my 20 foot Smoker Craft but needed to put the truck in 4 wheel low to get it up the hill. This week's photo is of Rollie with one of the cutthroat we caught on Omak Lake.

It used to be that kokanee fishing on Lake Chelan was done only in May and June. Big schools of kokanee would appear in the lower basin, and it was a fishing party off Lakeside Park. After June everyone figured that the kokanee had moved back up to Stehekin and you couldn't catch them. Back then people were trolling with heavy rods and

with lead core line and heavy trolling blades with rubber snubbers. These days it's a whole different deal. Good kokanee fishing can be had on Lake Chelan year-round, and I have had good success catching kokanee in the winter and have found fish from "The Fences" above the Yacht Club clear down to the Blue Roofs. Also, most anglers use very soft action rods and downriggers. Big schools of kokanee are often found at over 100 feet deep, and trolling with tackle like Kokabow blades and spinners is very effective.

I am getting reports that the fishing is very good for kokanee on Lake Chelan right now, and that the fish are running 12 to 13 inches. What's exciting about this is that the big numbers

of kokanee that do go to the Stehekin River are gone, and the fish people are catching right now are fish that are going to be around through next year's season. Imagine the size they will be in the spring and summer! We have lots of days through the fall and winter that are clear and sunny, and the water is calm. So, dig out the warm jackets and boots and get out there and get them.

Here's some good news for fans of fishing for coho salmon in our region. The adult coho salmon daily limit is going to be increased in the Hanford Reach area. Starting on November 1st, anglers may keep 2 adult coho on the Columbia River from the I-82 Bridge to the old Hanford townsite powerline crossing. This daily limit increase is in place until December 31st. This boost in the daily limit is possible as the returns to the Ringold Hatchery are good enough to allow for it. Fishery managers will be monitoring the catches and may adjust the season rules. Please visit the WDFW website and review the news release for all the details.

There are a couple of quality lakes in Grant County that anglers may want to try this fall. One is Lake Lenore. This lake is loaded with Lahontan cutthroat and is open through November 30th. Anglers cast spoons and spinners from the shore with success and the lake is popular with fly fishers. It is a selective fishery water, so no bait, barbless hooks and internal combustion motors are not allowed. The daily limit is one fish over 18 inches.

The other is Dry Falls Lake. Very popular with fly fishers it is open through November 30th. It is also a selective fishery lake, with no internal combustion motors allowed. The lake is inhabited with rainbow, browns and tiger trout. The daily limit is one fish over 18 inches.

I am hoping to put some walleye in the freezer this fall. I have heard some reports of very good catches of walleye from Potholes Reservoir. I may be dodging raindrops fishing this time of year, but it is worth it. The fall can be an excellent time to get good numbers of walleye from Potholes. Some other species that go on the bite in Potholes in the fall are largemouth and smallmouth bass, bluegill and crappie.

## CAT OF THE WEEK

Meet Jack! Jack is a total sweetheart. He loves love. Sleeps (and cuddles) next to you when you're sleeping. He's a sweetheart but he's also wild, as most kittens are, and goes hard at play. He'd rather chase a toy and play with toys/items verses your hands or feet. Hands are for loving pets, not rough play. He's a sensitive guy. He is very food driven and absolutely LOVES treats.

Thanks to the Exchange for helping continue the four-decade tradition of delivering weekly motorsports news to the Inland Northwest!

## CHAMPION PROFILE

**BRIAN JENNEN • 2023 Qlispe Raceway Sportsman Champ**  
Talk about a busy guy, that's Cheney's Brian Jennen who racked up lots of time at the drag strip and on the road getting to go race.

Close to home, Jennen drove to the Sportsman championship at Qlispe Raceway Park — formerly Spokane Raceway/County Raceway — where he earned a win, 300 to 212 points over Jeff McGee.

But down at the Walla Walla Drag Strip, an eighth-mile track in wine country, Jennen won a pair of titles in Pro and Sportsman. But that's a story, perhaps, for another day?

"I have switched cars a couple times and work hard to do good in each one," Jennen said of the racing program at Walla Walla. Those titles came with old fashioned drag racing skills. "All in the Monza off the footbrake," Jennen said.

Of the successes Jennen had in Spokane in 2023, he's very much proud of the win he scored during the Jody Peterson Memorial Footbrake Race at Qlispe.

Footbrake events are throwback racing from another era Jennen explained.

"No trans brakes or electronics, hold the brake, stall up and go," Jennen explained in a text message. "Old school and Jody was one of the best." Another good memory is Jennen actually got to win some of the \$10,000 he helped raise for the race.

Racing is admittedly Jennen's life, outside of work where his day job is that of a commercial roofer and sider. "I work for Flynn BEC Spokane as a foreman. I do larger jobs, such as the siding on the Amazon building in Geiger area."

"As for racing, I am kind of an addict," Jennen said. "It's all I do, I think about it, I practice, I strive to do the best I can, and remain humble and teach everyone I meet what I have learned," he added.

Jennen in action on the track

He calls his girlfriend, my enabler. "Jolene has been the backbone and has backed all my crazy ideas, which usually turns out cool," Jennen said.

"The best thing about being involved with the racing community is the amazing people I have met and am proud to

call my racing family," Jennen said, paying tribute to folks he sees on a regular basis on weekends.

The offseason will not offer much rest for Jennen as he will be turning one of the all-time classic muscle cars — a 1970 Pontiac GTO — into his 2024 bracket car. "I hope my next bracket car will be the last," he said.

The Chevy Monza that he used to collect the championships at both Qlispe and Walla Walla will be driven by Jolene he said.

When not roofing or racing, Jennen still gets grease under his fingernails operating Jennen Motorsports where he builds the popular LS engines.

Pos	Driver	Points

The Jennen crew at Walla Walla included Devin Clark with dog, Mocha, Brian's girlfriend Jolene with grandson Levi and Jennen.
