**LAST SALE OF THE SEASON!**

Join us at 218 Maple St in Clarkston on Saturday October 28 for a fun estate sale! Doors open at 9am & close at 5pm. You will find some really beautiful things at this one. We have outdoor furniture, a nice electric lawnmower, a wonderful fire pit, tools, a bicycle, tons of women's clothing (small to large), purses, a beautiful set of teak bookshelves & a desk, records, an incredible antique china, all kinds of kitchenware, a beautiful queen-size headboard and platform, nightstands, a large selection of Vaseline (uranium) glass, lamps, books, craft items, artwork, and more! This is a small house, so we will have to be careful with numbers of people going in at once. We will also have a lot of items outside so dress appropriately. There are stairs in the house too. Remember... doors open at 9am sharp, please bring your own boxes & your own help to move the big stuff that we know you'll want to buy! See more photos online at www.TransitionsEstateSale.com Thanks!

DOG OF THE WEEK

Meet **Charlie**! Charlie is so much fun! He is a happy boy, loves to go for walks, is always glad to meet a new friend, especially if they can take him out for a walk! Charlie is very affectionate and is a cuddle bug on the couch with you, in bed with you and he will love you so much. Charlie would like to have an adult home, and would need a home without cats. Charlie does well with dogs.

October GARDENING TIPS

Master Gardeners of Spokane County

SEASON EXTENDERS

Plan ahead and plant late season bloomers and color including asters, mums, ornamental grasses, trees/shrubs, & fall blooming bulbs. Change out your planters using fall blooming plants including ornamental cabbage.

LEAVES

Leaves grace the trees all summer, then turn into beautiful colors in the fall. They are also useful for mulch, weed suppression in veggie gardens and pathways, compost and insulation.

BIRD FEEDERS

Migratory and winter resident birds will appreciate it if you repair damaged bird feeders, keep the food fresh and clean, hang suet, and keep water sources open & clean.

TREES

Conifer needles closest to the trunk will drop in the fall. Evergreens provide year long interest and shelter for small animals and birds. Keep watering your trees until the ground freezes. Larches turn yellow and drop needles.

I took advantage of the good weather, the moon phase and one of the most productive fisheries in the state last week. The days are getting cooler, and I was glad I got two days of terrific fishing.

I took my good friend Rollie Schmitten to Omak Lake a couple of years ago and he was eager to go again. He was very impressed with the size and quality of the trout we caught on this big Colville Reservation lake. I was finally able to get him up there last week. On Thursday we got our first fish at 10:30 and at 2:55 we had caught and released 55 Lahontan cutthroat. I had driven the Smoker Craft to the east end of the lake, and I launched the bow mount electric motor and started trolling when we found 100 feet of water. I had learned the previous week that the cutthroat liked a fast presentation, so I kept our speed at 1.7 to 1.8 mph.

We trolled a variety of plugs and lures. I have a favorite darting plug and I also found large Apex very effective. Out the back, with only a small 3/8 ounce weight, two lures were really popular with the cutts. One was a Coho Killer and the other was a Coyote spoon. These "surface" rods were as busy as the downrigger rods that I was fishing very deep to try to get bigger fish. I have caught and released cutthroat up to 28 inches on Omak Lake but didn't get any really big ones on this trip. The cutts did average a solid 18 inches.

The next day we didn't use any lures with treble hooks. Even though we pinched the barbs on all our lures, we spent too much time getting the hooks out of the net. Because we fished the day before we knew where to find the fish and the depth they were at and by noon we had released 37. The wind came up, so we headed for the launch. On Thursday we saw three other boats on the lake, the most I had seen in years.

I want to remind anglers that Omak Lake is on the Colville Reservation and there are tribal permits, fees and licenses required. All of these are available on the Colville Fish and Wildlife website.

Also, the launch at Omak Lake is very rough. I can launch my 20 foot Smoker Craft but needed to put the truck in 4 wheel low to get it up the hill. This week's photo is of Rollie with one of the cutthroat we caught on Omak Lake.

It used to be that kokanee fishing on Lake Chelan was done only in May and June. Big schools of kokanee would appear in the lower basin, and it was a fishing party off Lakeside Park. After June everyone figured that the kokanee had moved back up to Stehekin and you couldn't catch them. Back then people were trolling with heavy rods and

with lead core line and heavy trolling blades with rubber snubbers. These days it's a whole different deal. Good kokanee fishing can be had on Lake Chelan year-round, and I have had good success catching kokanee in the winter and have found fish from "The Fences" above the Yacht Club clear down to the Blue Roofs. Also, most anglers use very soft action rods and downriggers. Big schools of kokanee are often found at over 100 feet deep, and trolling with tackle like Kokabow blades and spinners is very effective.

I am getting reports that the fishing is very good for kokanee on Lake Chelan right now, and that the fish are running 12 to 13 inches. What's exciting about this is that the big numbers

of kokanee that do go to the Stehekin River are gone, and the fish people are catching right now are fish that are going to be around through next year's season. Imagine the size they will be in the spring and summer! We have lots of days through the fall and winter that are clear and sunny, and the water is calm. So, dig out the warm jackets and boots and get out there and get them.

Here's some good news for fans of fishing for coho salmon in our region. The adult coho salmon daily limit is going to be increased in the Hanford Reach area. Starting on November 1st, anglers may keep 2 adult coho on the Columbia River from the I-82 Bridge to the old Hanford townsite powerline crossing. This daily limit increase is in place until December 31st. This boost in the daily limit is possible as the returns to the Ringold Hatchery are good enough to allow for it. Fishery managers will be monitoring the catches and may adjust the season rules. Please visit the WDFW website and review the news release for all the details.

There are a couple of quality lakes in Grant County that anglers may want to try this fall. One is Lake Lenore. This lake is loaded with Lahontan cutthroat and is open through November 30th. Anglers cast spoons and spinners from the shore with success and the lake is popular with fly fishers. It is a selective fishery water, so no bait, barbless hooks and internal combustion motors are not allowed. The daily limit is one fish over 18 inches.

The other is Dry Falls Lake. Very popular with fly fishers it is open through November 30th. It is also a selective fishery lake, with no internal combustion motors allowed. The lake is inhabited with rainbow, browns and tiger trout. The daily limit is one fish over 18 inches.

I am hoping to put some walleye in the freezer this fall. I have heard some reports of very good catches of walleye from Potholes Reservoir. I may be dodging raindrops fishing this time of year, but it is worth it. The fall can be an excellent time to get good numbers of walleye from Potholes. Some other species that go on the bite in Potholes in the fall are largemouth and smallmouth bass, bluegill and crappie.

HOW TO PLAN FOR A DECK REMODEL

If you're hoping to have your new deck ready for Spring 2024, it's best to start planning out the details and finding a contractor now, during the Fall or Winter 2023, before they are all booked up for Spring!

A deck provides an outdoor space to relax and socialize. As a homeowner, you should consider investing in a new deck if your outdoor space needs a refresh. A wood deck with an average construction cost of \$17,051 has an estimated resale value of \$8553, which garners a healthy 50.2% percent in recouped costs, according to the 2023 Remodeling Cost vs. Value Report.

To help you plan for a deck remodel, consider hiring a professional contractor and start making a list of your preferences for size, materials and personalized features.

Consider Special Features

Modern decks include more than outdoor furniture. If your deck will be multifunctional, talk to your contractor about customizable features such as built-in planters, seating or a firepit. Another popular addition to decks is rail and/or built-in deck lightening to create an inviting ambiance to your outdoor space.

Determine the Scope of Your Project

If you are adding to your existing deck, remember that the finishes may look newer than your older decking. If you are completely overhauling or building a new deck, think about the overall flow of the area from the inside to the outside of your home. Will you need a staircase and railing? These details will help you determine the size and scope of your project.

Hire a Professional Remodeler

Building a deck requires more than wood planks and tools. A professional contractor will ensure you have the correct number of materials and build your deck to code. If you need a construction permit, an experienced contractor will know how to secure one from the local building department or municipal office. Another benefit of hiring a professional is that if a problem arises, they will troubleshoot problems on the jobsite and help keep your project on schedule.

Research Deck Material Options

Modern deck materials are available in various styles, colors and patterns. Composite material, made of recycled plastics and wood fiber, is a low-maintenance option that does not need staining or sealing. Another popular deck material is fiberglass, due to its longevity and resistance to mildew or rust. There also are distinct types of wood, from pressure-treated to redwood and cedar. Wood can offer durability for decks. A professional remodeler can recommend materials for future maintenance related to sealing, staining and repairing.

Select a Time that Fits Your Schedule

Remodelers install decks throughout the year. Spring and summer are popular times for homeowners to enjoy the space during the warmer months. Winter can make the excavation easier for remodelers since the ground is firm due to the freezing weather. Before your project starts, you must be available to clear the space so the remodeler can start right away. You may also need to find a cool, dry area for your remodeler to store materials while your project is underway.

To find a professional remodeler near you to build a deck for your home, check out our member directory at CWHBA.org. Also be sure to check the Exchange each week for great local remodelers throughout Central Washington.

CHAMPION PROFILE

BRIAN JENNEN • 2023 Qlispe Raceway Sportsman Champ
Talk about a busy guy, that's Cheney's Brian Jennen who racked up lots of time at the drag strip and on the road getting to go race.

Close to home, Jennen drove to the Sportsman championship at Qlispe Raceway Park – formerly Spokane Raceway/County Raceway – where he earned a win, 300 to 212 points over Jeff McGee.

But down at the Walla Walla Drag Strip, an eighth-mile track in wine country, Jennen won a pair of titles in Pro and Sportsman. But that's a story, perhaps, for another day?

"I have switched cars a couple times and work hard to do good in each one," Jennen said of the racing program at Walla Walla. Those titles came with old fashioned drag racing skills. "All in the Monza off the footbrake," Jennen said.

Of the successes Jennen had in Spokane in 2023, he's very much proud of the win he scored during the Jody Peterson Memorial Footbrake Race at Qlispe.

Footbrake events are throwback racing from another era Jennen explained.

"No trans brakes or electronics, hold the brake, stall up and go," Jennen explained in a text message. "Old school and Jody was one of the best." Another good memory is Jennen actually got to win some of the \$10,000 he helped raise for the race.

Racing is admittedly Jennen's life, outside of work where his day job is that of a commercial roofer and sider. "I work for Flynn BEC Spokane as a foreman. I do larger jobs, such as the siding on the Amazon building in Geiger area."

"As for racing, I am kind of an addict," Jennen said. "It's all I do, I think about it, I practice, I strive to do the best I can, and remain humble and teach everyone I meet what I have learned," he added.

Jennen in action on the track

He calls his girlfriend, my enabler. "Jolene has been the backbone and has backed all my crazy ideas, which usually turns out cool," Jennen said.

"The best thing about being involved with the racing community is the amazing people I have met and am proud to

call my racing family," Jennen said, paying tribute to folks he sees on a regular basis on weekends.

The offseason will not offer much rest for Jennen as he will be turning one of the all-time classic muscle cars — a 1970 Pontiac GTO — into his 2024 bracket car. "I hope my next bracket car will be the last," he said.

The Chevy Monza that he used to collect the championships at both Qlispe and Walla Walla will be driven by Jolene he said.

When not roofing or racing, Jennen still gets grease under his fingernails operating Jennen Motorsports where he builds the popular LS engines.

QLISPE RACEWAY PARK 2023 SPORTSMAN POINT LEADERS

Pos	Driver	Points
1	Brian Jennen	301
2	Jeff McGee	212
3	Steve Cooper	207
4	Mike Soderquist	154
