## Inspiring Ideas for Last Minute Holiday Shoppers

Despite how unappealing last-minute shopping can be, it's still a fact of life for millions of holiday shoppers. As the clock winds down this holiday season, shoppers can look to these ideas for inspiration.

**Gift cards:** Gift cards may never earn a distinction as the most sentimental item to give a loved one during the holiday season, but they are surprisingly sought-after. Chain retailers, small businesses and restaurants are among the many establishments that sell gift cards, so shoppers are bound to find a card to please anyone on their shopping list.

**Food/beverage:** The holiday season is a popular time to indulge in some great food and wash it down with a favorite wine or another adult beverage. That makes food and beverages a great holiday gift. Shoppers can take a loved one out to a favorite restaurant, prepare a homemade treat or purchase a favorite dish from a local specialty grocery store or eatery.

**Tickets:** Tickets to a movie, sporting event, live theater performance, or concert are another gift idea that likely won't be gobbled up by early bird shoppers. People of all ages enjoy experiences!

**Books:** Books make an ideal holiday gift for everyone from young kids to grandparents. Traditional print books are small enough that they can likely arrive on time even if they're purchased just a few days before Christmas. Audiobooks, which can be downloaded to a smartphone or given as a CD, make an ideal gift for loved ones who spend a lot of time behind the wheel.

Last-minute holiday shopping can be stressful. However, various sought-after items can be secured at the last minute, ensuring gift givers' loved ones have a happy holiday season.

# WEEKLY Horoscopes for December 21 - 27

**ARIES – Mar 21/Apr 20**

People may not be available this week to get together, and that is perfectly fine by you, Aries. Solitude is just what you can use right now after a busy stretch.

**TAURUS – Apr 21/May 21**

Taurus, expect a delay or two this week as those who you are expecting simply keep you waiting and it's very frustrating. This will be a lesson in patience for now.

**GEMINI – May 22/Jun 21**

Gemini, you may envision a plan in your mind, but now it is up to you to move it from your thoughts and into the reality of coming to fruition. It will take a little time.

**CANCER – Jun 22/Jul 22**

Cancer, give yourself some time to have fun and play around. The inner child in you needs the opportunity to explore and try new things. You'll have plenty of chances.

**LEO – Jul 23/Aug 23**

This week may bring many different feelings to the surface, Leo. You may not be ready to explore all of your deep emotions just yet, but you can start by being honest with others.

**VIRGO – Aug 24/Sept 22**

Virgo, empathy may inundate you this week, as you are in tune with the feelings of many different people. Others will appreciate your thoughtfulness in the days to come.

**LIBRA – Sept 23/Oct 23**

You have many chores on your list but things keep pulling you in different directions, Libra. If you can't focus on something difficult, try a creative pursuit.

**SCORPIO – Oct 24/Nov 22**

Scorpio, you may find if you look ahead that there are really no pressing matters on your calendar. This gives you the perfect opportunity to have an outing and enjoy yourself.

**SAGITTARIUS – Nov 23/Dec 21**

Past memories could put you in a funk, Sagittarius. Rather than dwell on what may have happened, think about the future in your control.

**CAPRICORN – Dec 22/Jan 20**

Focus your energy on ideas this week, Capricorn. You might not be changing the world, but each innovation you think up will have a positive impact.

**AQUARIUS – Jan 21/Feb 18**

Aquarius, do not let moments of self-doubt derail you. Now more than ever, you need to believe in yourself. Think of this as a test that you can ace.

**PISCES – Feb 19/Mar 20**

Pisces, if you do not like what you are or where you are going right now, you have an opportunity to make any changes you want. This may be the ultimate resolution.

**YOUR CONNECTION TO THE CITY COUNCIL**

## Recent Updates...

## Spokane Valley City Council - December 19, 2023

The last meeting of 2023 for the Spokane Valley City Council was Tuesday, December 19th. It marks the end of a 13-year tenure on Council for Arne Woodard and six years for Brandi Peetz. On January 2nd, 2024, Council will resume business with the election of Mayor and Deputy Mayor and swearing in of newly elected members.

However, the agenda for Tuesday's meeting commenced with consideration of Resolution 23-013, adoption of a new Master Fee Schedule, repealing and replacing Resolution 22-023. The City's Master Fee Schedule was established in December 2022. Implicit in that schedule was automatic inflation adjusted increases to reflect the escalating cost of doing business in these inflationary times. Thus far, departmental increases for 2024 are: Planning-3.12%, Building-3.90%, Parks & Recreation-(Swim lessons, \$40 to \$48), CenterPlace-various. For a more complete schedule of all fees, please see [www.spokanevalleywa.gov](http://www.spokanevalleywa.gov). The motion to approve Resolution 23-013 passed unanimously.

The movement of City Council meetings to CenterPlace created administrative problems. Pursuant to state law, the City is required to identify and fix the date, time, and location of its regular meetings. That information has been included in the Council's Governance Manual. The current situation necessitated that the Governance Manual be amended temporarily to reflect that Council meetings are held at CenterPlace on Tuesdays beginning at 6:00 PM.

Without that change in location being formally made, each meeting must be noticed as a 'Special Meeting' to comply with legal noticing regulations. Now, with Council meetings returning to City Hall on January 2nd, Council must formally approve that change.

Other Governance Manual changes relate to:

- » Committee assignments. Delineating whose interests the Councilmember is representing when sitting on a committee, board, or commission.
- » Revisions to the State of Ethics. (See new appendix of the Governance Manual).
- » Time limits on individual Councilmember reports during City Council meetings.
- » City Council Media Policy. Providing clear guidelines to prevent Councilmembers from unintentionally violating the Open Public Meetings Act and/or the Public Records Act.

Staff are preparing the draft Ethics Code which will include a process to address potential violations of the Governance manual where or when appropriate. The motion to approve the Governance Manual as presented passed 4-3. (Wick, Hatzenberg, and Peetz, no)

Each year amendments to the City's Comprehensive Plan can be proposed for addition to the Comprehensive Plan Docket. Two such amendments were proposed, both by the City, and both were map amendments. The first, owned by Spokane Conservation District, is located at 4418 East 8th Avenue, and would change 44 acres from Multi-Family Residential (MFR) to Mixed Use. An addition-

al piece would change 5.2 acres from MFR to Single-Family residential (SFR). The second plan amendment would change 0.83 acres owned by Family Promise of Spokane at 17103 E. Main Avenue from SFR to Corridor Mixed Use. The motion to approve the 2024 Comprehensive Plan Amendment Docket passed unanimously.

In the finalization of the Barker Road / BNSF rail crossing project and subsequent acquisitions of property, there has arisen the possible necessity for condemnation proceedings to continue acquiring required property. To accomplish this, the existing contract with the City's consultant, David Evans and Associates, needs to be expanded by \$25,000 from \$3,171,274.69 to cover the possibility of needing expert testimony on probable court action. Any such requirement would be on-call as needed and paid for on a time and material basis. The motion to finalize and execute a supplemental agreement with the consultant passed unanimously.

Council considered and passed a 3% employee compensation adjustment and amended City Employee Pay Matrix. The motion to approve passed 5-2. (Wick and Padden, no)

The City has envisioned a new 10-foot asphalt trail (the River Loop Trail) on the north side of the Spokane River mirroring the Centennial Trail on the south side. The proposed trail would be in two phases over 4.7 miles in length beginning at Plante's ferry on the west and ending at Flora Road at the planned future Flora Park. However, funding and problems with properties that the trail would pass through have caused staff to recommend deferral of the project (both phases) until property rights and other matters can be resolved. Consensus was reached to do so.

A discussion on how to prioritize the spending of money in the Capital

Reserve Fund was the last item on the agenda. Consensus was reached to place funds in these accounts consideration of possible financial needs.

1. \$600,000 for contingent City Hall repairs
2. \$200,000 for planning for Barker / I-90 Interchange
3. \$412,000 Replenish Service Level Stabilization Reserve Fund
4. The remainder, as yet undetermined, will be allocated to the City's Public Safety Campus

Consensus was reached to accept the tentative allocations.

**This being our last opportunity, here's wishing you and yours a very Merry Christmas and a most Joyous and Prosperous New Year!**

*Barring unexpected difficulties, the January Spokane Valley City Council meeting will be in City Hall, 10210 E. Sprague Avenue, commencing at 6:00pm on January 2nd, 2024.*

*City Hall, however, is otherwise open for regular business during normal business hours.*

*The Public is invited to Council meetings to participate in action items or public comment periods in person or via ZOOM. Call 509-720-5000 or [www.spokanevalley.org](http://www.spokanevalley.org) prior to 4:00 p.m. for access instructions. Council meetings are broadcast on Comcast channel 14.*

## DOG OF THE WEEK

Meet **Enzo**! Enzo is a relaxed and playful pup who loves playing fetch and tug. Enzo would like a home with no young children. It is unknown how he does with cats. Enzo has done well with both small and large dogs. Enzo likes to bark at passing people and dogs, proudly claiming his territory and saying hello. Enzo is a very smart dog who loves learning new tricks, he is very food motivated.

## GETTING A PUPPY?

*Congratulations on making the choice to add a new member to your family! Before your furry bundle of joy comes home make sure you are dealing with a safe source & asking the right questions. Here are a few tips to help you make a responsible choice and avoid disreputable breeders, pet shops or puppy mills in the process!*

**1) HOUSE CALL:** It may be tempting to meet the breeder somewhere in between but drive the extra hour and see where the puppies are being raised. Pay attention to the conditions in their home and kennel. Are the kennels clean? Odor free? Are the dogs on site clean, well fed, lively and friendly? Do any of the animals exhibit signs of malnutrition or illness? Visiting the premises is a huge indication whether or not the puppy you are buying is socialized, loved and healthy.

to their size, demeanor, temperament and appearance. Can you handle this size of dog? Does the breeds energy level match your own? Does either parent have any health issues? Genetic issues?

**3) TALK SHOP:** Sitting down with the breeder and getting to know them, their business and their dogs is crucial to making an educated purchase. How long have they been breeding? What is their experience with the breed? Are they involved with any breed clubs or organizations? Do they offer a health guarantee? Is there a purchase contract and what does that entail? Can we call you with questions or concerns? Can you get a copy of all health and registration paperwork on the parents and puppies?

**4) DOG PILE:** Puppies are naturally curious and should not be shy when meeting new people. Watch the litter to see if any shy away from the breeder, seem scared or nervous. Are they socialized? Would one of these puppies fit into your life? How old are they? Are they eating hard food? Have they started being house trained? Kennel trained? Up to date on vaccinations? Are they ready to go home?

**Asking these questions and more will keep you and your new best friend healthy & safe!**

**OPERATION  
DOG TAG**

[OperationDogTag.org](http://OperationDogTag.org)

I think Operation Dog Tag is a great program. I don't have a dog presently but they are going to locate a suitable one. I personally hope they can find a female Akita that can help me with many tasks. After I had the privilege of observing the group I could see how ODT helps veterans like us to connect back into society. I think somehow these dogs make life a little easier for those with chronic pain.

Joe Scheffer, being a Vietnam combat vet with the USMC and certified dog trainer, also has the ability to relate with us, so that becomes a win, win situation. We also are able to participate in the training of our own dog and that appeals to me.

I am excited and looking forward to finding my very own four legged "Battle Buddy."

# Fishing Magician

*Dave Johnson*  
"The Outdoor Insider"

December is flying by, and soon it will be Christmas. This is a great time for families and friends to get together, and it would often mean some kind of outdoor adventure. My brother Rick and I would go waterfowl or upland bird hunting or go fishing for steelhead. We would stick closer to home these days. We used to get in trouble for showing up late for the family dinner. I don't think they missed us that much, but we often had my Dad in tow. Of course, we were forgiven, and we made some great memories.

One of the most popular activities in the winter in our region is fishing for perch, usually through the ice. A lake that attracts a lot of attention when it freezes over is Moses Lake. For many years the lake had been known to produce catches of "jumbo" perch and that's why you will see big crowds of anglers hunched over their holes in the ice above the I-90 Bridge. There are years when the perch move into this area before the lake freezes. Boaters will launch at the State Park and run the short distance down to this spot and anchor and cast for perch. Some will even tie their boats to the pilings under the bridge and fish here. I just got a report that there must be perch in this area right now as there are a number of boats being spotted in this location. It has been a few years since the perch fishing has been good. When it turns on fishing from the rip rap shoreline near the bridge can be productive. Anglers walk from Blue Heron Park to reach the fishing grounds. I have fished here in the past, and since I am completely out of perch fillets, I ran down there and gave it a try.

It was my friend James Lebow who had mentioned that he saw some boats on the lake just above the I-90 Bridge, and there were people fishing off the bridge, too. That's all I needed to hear. I drove down there last Thursday and picked James up at his place at 9, then we drove to Blue Heron Park. It's a

short walk from the parking area to where we would fish from the rip rap. I want to mention that walking on the broken concrete and large rocks can be a challenge, so be careful and take your time.

We were fishing with a weight on the end of our line and a hook about three feet above that, baited with a chunk of nightcrawler. I like to pinch on one or two large split shot for casting. If they hang up, they will slip off the line and you will get your hooks back. To add

of Fish and Wildlife. He had been keeping tabs on the perch fishing on Moses Lake, and he said that people had been getting fish for the past month. It is so great to see this fishery back. I hope it holds up and when the lake freeze (fingers crossed) the fishing through the ice could be great. Then in the spring it might be good again in this area. Years ago, we used to go down here with the whole family, have a ball catching fish and then return to Wenatchee for a big perch feast with everyone.

I love this weather. It may be cloudy,

but it's not that cold and it's not snowing. I got a couple of photos that were taken on Lake Roosevelt, just a few days ago, showing some big kokanee. They were caught while trolling at Crescent Bay, which is just above Grand Coulee Dam. I was kind of surprised to see kokanee being caught so low in the lake this early. They haven't even started drawing the lake level down yet. Maybe there's already good numbers of them in the Spring Canyon area. If you still haven't stored your boat away for the winter, this would be worth a trip. Not only would you have a shot at some big kokanee, but the fishing rainbow in this area is also excellent this time of year.

If your boat is stored, the fishing from the beach at Spring Canyon can be great. Spring Canyon Park is just two miles from the town of Coulee Dam. The rainbow, which are triploids by the way, are usually 16 to 20 inches. I park near the volleyball court and walk to the beach toward the dam. I cast a half-ounce egg sinker with three feet of leader baited with a shrimp and marshmallow combo or Power Bait. There's plenty of sandy beach, and I look for an area where I figure my casts are reaching 10 to 12 feet of water. This is so easy to do, and it's fun!

All my best wishes to everyone for the Holidays. If you are traveling, be safe.

hooks to my line,

I just make a loop and then take a pre-snell hook loop and it through that. I often use two hooks.

When we cast out we were getting bites constantly. Although I was using a size 6 hook to keep the small perch off I managed to hook some 3-inchers. Most of our perch were 8 to 10 inches, and we had three that were over 11 inches. We fished until just before noon and had 23 perch in the bucket. I had completely run out of crawlers. It was really fun! This week's photo is of me with one of the perch we caught last Thursday.

When we got back to the parking area to load up, Aulin Smith was there. I've known Aulin for years, and he works for the Washington Department

**HOW WE MAKE THE  
PERFECT PELLET...**

The process begins with **RECYCLED** tree by-products.

Only the highest quality, **PREMIUM SELECT** wood shavings & sawdust are used

Next, the shavings go through a series of augers which chops them into smaller sawdust...

This allows the sawdust to more efficiently go through **THE DRIER**

At this stage, **MOISTURE** is driven from the wood fiber to ensure clean, consistent, hot burning pellets, that far exceed industry standards.

Through heat and pressure, **100% NATURAL** wood fiber is formed into a Super Premium Wood Pellet

**RESULTING IN...**

**THE PERFECT PELLET!**

**BENEFITS:**  
Less than half the ash of others means less mess!  
Low moisture content means much higher BTU output!

**CONTRACT ENFORCEMENT**

When something goes awry after the close of a real estate transaction, the first person on the list of who-to-call-for-a-solution is usually the Realtor®. That predictable instinct is understandable, especially if there has been a level of trust built, and if not trust, then certainly some expectation of accountability.

When this happens, sympathetic brokers, under the guise of being a super servant, often attempt to act as an intermediary, when the real truth is, they have no contractual obligation to do so and should only act as an advisor to steer the affected party towards legal advice or provide contact information for the offending party. The problem, often coupled with buyers remorse, is usually a missing appliance or window treatment or because some system or appliance malfunctioned soon after closing.

The real estate brokers have no legal, moral, or ethical duty to enforce a contract to which they are not a part. To place themselves in the role of enforcer only adds legal risk for them and confusion for consumers. Since many brokers don't fully understand their limited legal role as a licensed broker, the clear lines of statutory agent duty frequently get blurred, especially when brokers are intent on providing memorable service that sets them apart from others. That may explain why brokers often get enticed into the role of enforcer and thus by their actions, inadvertently imply an obligation of duty that misleads the public concerning their actual role.

A disgruntled buyer once accused me of "not living up to the contract he had with me." This was a puzzling accusation, since I was the manager of the Listing Broker in the transaction and he had been represented by a broker from a different company. I had not had any contact with him and had no contract that bound me to him. Evidently he was referring to the Purchase and Sale Contract he had with the seller. That transaction was now closed and he was seeking relief because he felt duped by the way the property had been listed and felt that some items had not been repaired properly that had been negotiated in the sales contract. His mistaken perception was that I should be accountable for the terms of the contract because I supervised the listing broker. He had made no effort to extract a remedy from the seller who was in fact, bound by the terms of the contract

A more clear understanding of contract terms and agency duties may have directed his wrath in a different direction.

## Holiday recycling during Christmas in the City of Spokane

Here are a few tips from the City of Spokane to help manage the mess At your wrapping station, create two piles for what gets thrown away and what gets recycled, separate what goes in the trash and what gets recycled when opening gifts on Christmas Day. Keep scissors handy for breaking down boxes, removing tags, greeting cards, non-shiny paper bags with the handles removed, and cardboard cores from wrapping paper are all recyclable! But there are a few items that must go in the trash: Bows and ribbons, tissue paper, gift bags with handles, plastic gift bags, bags decorated with glitter and bows, single use plastic paper cups, plates, cutlery, padded envelopes and plastic mailers, string lights, all non-paper packaging (including styrofoam, plastic bags, bubble wrap, plastic packaging). Items that get trashed will be burned into energy in the form of electricity at Spokane's Waste To Energy Plant. There are also ways to reuse and repurpose some of your Christmas decorations! Instead of throwing out holiday cards, you can make a festive bag or an ornament for next year.

## How to Spot, Avoid & Report FAKE CHECK SCAMS

Fake checks might look like business or personal checks, cashier's checks, money orders, or a check delivered electronically. Here's what to know about fake check scams.

In a fake check scam, a person you don't know asks you to deposit a check. It's usually for more than they owe you, and it's sometimes for several thousand dollars. They tell you to send some of the money back to them or to another person. They always have a good story to explain why you can't keep all the money. They might say they need you to cover taxes or fees for a prize, to buy supplies for a job, to send back money they overpaid, or something else. But this is a scam.

### Why Do These Scams Work?

These scams work because fake checks generally look just like real checks, even to bank employees. They are often printed with the names and addresses of legitimate financial institutions. They may even be real checks written on bank accounts that belong to someone whose identity has been stolen. It can take weeks for a bank to figure out that the check is a fake.

### Fake Checks and Your Bank

By law, banks have to make deposited funds available quickly, usually within two days. When the funds are made available in your account, the bank may say the check has "cleared," but that doesn't mean it's a good check. Fake checks can take weeks to be discovered and untangled. By that time, the scammer has any money you sent, and you're stuck paying the money back to the bank.

Your best bet: Don't rely on money from a check unless you know and trust the person you're dealing with.

### How To Avoid a Fake Check Scam

Never use money from a check to send gift cards, money orders, cryptocurrency, or to wire money to anyone who asks you to. Many scammers demand that you buy gift cards and send them the PIN numbers, buy cryptocurrency and transfer it to them, or send money through wire transfer services like Western Union or MoneyGram. Once you do, it's like you've given them cash. It's almost impossible to get it back.

Toss offers that ask you to pay for a prize. If it's free, you shouldn't have to pay to get it. Only scammers will ask you to pay to collect a "free" prize. Don't accept a check for more than the selling price. You can bet it's a scam.

## GORDON DAVIES - NORTHPORT STREET STOCK CHAMP

*Gordon Davies shows off the cash and hardware.*

Gordon Davies continued his mastery of the Northport International Raceway street stock class by winning the title for a third consecutive season.

"(It) was a highly competitive field again this year," Davies wrote in an email referencing the tight finish among

the top three drivers who were separated by just 101 points. Among those were Davies brother, Richard, who was runner-up, 17 back of the Champ's 515. Ron Craig collected 416 points.

"I was not always the fastest car in the field, but reliability and finishing the races were the trick," Davies explained.

The biggest competition this year came from little brother Richard Davies. "Going into the final race, Richard (the # 2 car) had a 30-point lead on me," Gordon Davies said.

"All he had to do was finish the heat and the main, and regardless of finishing position he would have won," Gordon said.

Big brother figured that Northport would have a new Champ this year, "So I went into the final races just wanting a big win over the new champ."

Well, racing luck — the bad kind — struck Richard after the trophy dash. A part failure deep in his drivetrain kept him from even starting the heat or main.

"They worked their butts off to try and band aid fix it, but to no avail," Gordon said. He was able to place second in the heat and win the main, just enough points to take the title.

"I was happy for myself but sad for my brother," Gordon said.

Gordon wanted to offer a big thanks to his pit crew and biggest fan and my wife, Cheryl.

The champ also offered a big thanks to Cory Bell and his many volunteers up at Northport. "The track is always in great shape and ready for us to go play on," Davies said.

This is the latest chapter in a big book for Gordon Davies' and his racing passion.

"I have been involved in motorsports since I built my first

demolition derby car at the age of 16 in 1979," he noted in a lengthy bio.

He has run individual demos and also was a member of the Can/Am (Canadians vs. Americans) team derbies in the 1980's. He ran bump-to-pass for years at Evergreen Speedway in both the car and the truck divisions.

"I then raced with the Valley Stock class at Evergreen with the Sky Valley Racing Association and the Western Washington Racing Association." He eventually won two championships in the Sky Valley Stocks division.

Davies, 60, also ran a few races with the Northwest Outlaw Street Stock division.

"Before I retired in 2017, I had already built a dirt car to haul over to Northport and race with my little brother," Davies said. "We relocated to Chattaroy after I retired and started racing full time at Northport."

Along both Northport, Davies has raced at Evergreen Speedway, Skagit, Port Angeles, South Sound, Victoria, Wenatchee, Ephrata, Stateline and Republic.

"I spent most of my career on pavement," Davies said. "Once I started racing dirt, I was reinvigorated. For me dirt is really a lot more fun than pavement."

## HAEDEN PLYBON 12TH AT SNOWBALL DERBY

Racing luck was not on the side of Spokane's Haeden Plybon at the 56th Annual Snowball Derby at Five Flags Speedway in Pensacola, Florida on Dec. 3.

Plybon started 19th out of a 36-car field and ultimately finished 12th on the half-mile oval.

"Off the bat we fell back due to a super free race car," Plybon wrote in a text message. "And after our first set of tires we got it tightened up and started slowly passing some cars."

After the first 100 lap struggles Plybon was two laps down and had to fight to try to get those laps back but ultimately still finished just a lap down.

Ty Majeski won the race, his second Snowball victory, his

first coming in 2020 in what is often referred to as "The Super Bowl" of short track racing. Majeski drives for ThorSport Racing in the NASCAR Truck Series.
