DOG OF THE WEEK

Meet **Vinnie**! My name is Vinnie and I'm a looking for a family that loves the water! I know some basic commands and know to go potty outside. I have been in play groups with female dogs and do well around them! I would do best in a home with no other male dogs or small animals. I need a home with no kids. I would love an owner who can be firm with me and has experience with shepherds.

Please contact **Kootenai Humane Society** at 208-772-4019 or visit our website at www.CompanionsAnimalCenter.org

What's The Difference? AKC, CKC & UKC

AKC (American Kennel Club)

Founded 1884

Breeds Recognized: 193

The AKC is a registry only for purebred dogs that live in the USA. To register a dog, both parents of the same breed must be registered with the club.

CKC (Continental Kennel Club)

Founded 1991

Breeds Recognized: Over 450

The CKC is an open registry and allows dogs to be registered whose parents are not registered. To do this they require 2 witness signatures and 3 photos to show the dog meets breed standards. Those documents are reviewed by the CKC and can accept or deny the dog's registration.

UKC (United Kennel Club)

Founded 1898

Breeds Recognized: Over 300

The UKC is an international dog registry with dogs registered from all over the world. They use DNA testing to prove a dog's parentage if their parents are not registered. The UKC focuses on the whole dog and they place a lot of emphasis on the breed's abilities.

Dave Jayne
"The Outdoor Insider"

December is flying by, and soon it will be Christmas. This is a great time for families and friends to get together, and it would often mean some kind of outdoor adventure. My brother Rick and I would go waterfowl or upland bird hunting or go fishing for steelhead. We would stick closer to home these days. We used to get in trouble for showing up late for the family dinner. I don't think they missed us that much, but we often had my Dad in tow. Of course, we were forgiven, and we made some great memories.

One of the most popular activities in the winter in our region is fishing for perch, usually through the ice. A lake that attracts a lot of attention when it freezes over is Moses Lake. For many years the lake had been known to produce catches of "jumbo" perch and that's why you will see big crowds of anglers hunched over their holes in the ice above the I-90 Bridge. There are years when the perch move into this area before the lake freezes. Boaters will launch at the State Park and run the short distance down to this spot and anchor and cast for perch. Some will even tie their boats to the pilings under the bridge and fish here. I just got a report that there must be perch in this area right now as there are a number of boats being spotted in this location. It has been a few years since the perch fishing has been good. When it turns on fishing from the rip rap shoreline near the bridge can be productive. Anglers walk from Blue Heron Park to reach the fishing grounds. I have fished here in the past, and since I am completely out of perch fillets, I ran down there and gave it a try.

It was my friend James Lebow who had mentioned that he saw some boats on the lake just above the I-90 Bridge, and there were people fishing off the bridge, too. That's all I needed to hear. I drove down there last Thursday and picked James up at his place at 9, then we drove to Blue Heron Park. It's a

short walk from the parking area to where we would fish from the rip rap. I want to mention that walking on the broken concrete and large rocks can be a challenge, so be careful and take your time.

We were fishing with a weight on the end of our line and a hook about three feet above that, baited with a chunk of nightcrawler. I like to pinch on one or two large split shot for casting. If they hang up, they will slip off the line and you will get your hooks back. To add

of Fish and Wildlife. He had been keeping tabs on the perch fishing on Moses Lake, and he said that people had been getting fish for the past month. It is so great to see this fishery back. I hope it holds up and when the lake freeze (fingers crossed) the fishing through the ice could be great. Then in the spring it might be good again in this area. Years ago, we used to go down here with the whole family, have a ball catching fish and then return to Wenatchee for a big perch feast with everyone.

I love this weather. It may be cloudy,

but it's not that cold and it's not snowing. I got a couple of photos that were taken on Lake Roosevelt, just a few days ago, showing some big kokanee. They were caught while trolling at Crescent Bay, which is just above Grand Coulee Dam. I was kind of surprised to see kokanee being caught so low in the lake this early. They haven't even started drawing the lake level down yet. Maybe there's already good numbers of them in the Spring Canyon area. If you still haven't stored your boat away for the winter, this would be worth a trip. Not only would you have a shot at some big kokanee, but the fishing rainbow in this area is also excellent this time of year.

If your boat is stored, the fishing from the beach at Spring Canyon can be great. Spring Canyon Park is just two miles from the town of Coulee Dam. The rainbow, which are triploids by the way, are usually 16 to 20 inches. I park near the volleyball court and walk to the beach toward the dam. I cast a half-ounce egg sinker with three feet of leader baited with a shrimp and marshmallow combo or Power Bait. There's plenty of sandy beach, and I look for an area where I figure my casts are reaching 10 to 12 feet of water. This is so easy to do, and it's fun!

All my best wishes to everyone for the Holidays. If you are traveling, be safe.

hooks to my line, I just make a loop and then take a pre-snelled hook loop and it through that. I often use two hooks.

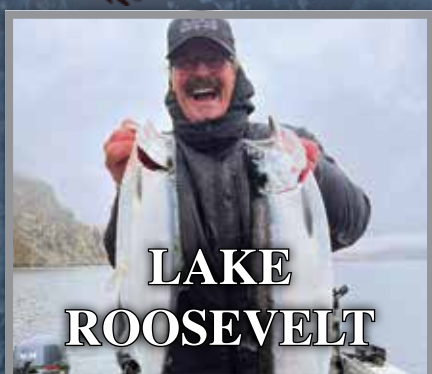

When we cast out we were getting bites constantly. Although I was using a size 6 hook to keep the small perch off I managed to hook some 3-inchers. Most of our perch were 8 to 10 inches, and we had three that were over 11 inches. We fished until just before noon and had 23 perch in the bucket. I had completely run out of crawlers. It was really fun! This week's photo is of me with one of the perch we caught last Thursday.

When we got back to the parking area to load up, Aulin Smith was there. I've known Aulin for years, and he works for the Washington Department

GORDON DAVIES - NORTHPORT STREET STOCK CHAMP

Gordon Davies shows off the cash and hardware.

Gordon Davies continued his mastery of the Northport International Raceway street stock class by winning the title for a third consecutive season.

"(It) was a highly competitive field again this year," Davies wrote in an email referencing the tight finish among

the top three drivers who were separated by just 101 points.

Among those were Davies brother, Richard, who was runner-up, 17 back of the Champ's 515. Ron Craig collected 416 points.

"I was not always the fastest car in the field, but reliability and finishing the races were the trick," Davies explained.

The biggest competition this year came from little brother Richard Davies. "Going into the final race, Richard (the # 2 car) had a 30-point lead on me," Gordon Davies said.

"All he had to do was finish the heat and the main, and regardless of finishing position he would have won," Gordon said.

Big brother figured that Northport would have a new Champ this year, "So I went into the final races just wanting a big win over the new champ."

Well, racing luck — the bad kind — struck Richard after the trophy dash. A part failure deep in his drivetrain kept him from even starting the heat or main.

"They worked their butts off to try and band aid fix it, but to no avail," Gordon said. He was able to place second in the heat and win the main, just enough points to take the title.

"I was happy for myself but sad for my brother," Gordon said.

Gordon wanted to offer a big thanks to his pit crew and biggest fan and my wife, Cheryl.

The champ also offered a big thanks to Cory Bell and his many volunteers up at Northport. "The track is always in great shape and ready for us to go play on," Davies said.

This is the latest chapter in a big book for Gordon Davies' and his racing passion.

"I have been involved in motorsports since I built my first

demolition derby car at the age of 16 in 1979," he noted in a lengthy bio.

He has run individual demos and also was a member of the Can/Am (Canadians vs. Americans) team derbies in the 1980's. He ran bump-to-pass for years at Evergreen Speedway in both the car and the truck divisions.

"I then raced with the Valley Stock class at Evergreen with the Sky Valley Racing Association and the Western Washington Racing Association." He eventually won two championships in the Sky Valley Stocks division.

Davies, 60, also ran a few races with the Northwest Outlaw Street Stock division.

"Before I retired in 2017, I had already built a dirt car to haul over to Northport and race with my little brother," Davies said. "We relocated to Chattaroy after I retired and started racing full time at Northport."

Along both Northport, Davies has raced at Evergreen Speedway, Skagit, Port Angeles, South Sound, Victoria, Wenatchee, Ephrata, Stateline and Republic.

"I spent most of my career on pavement," Davies said. "Once I started racing dirt, I was reinvigorated. For me dirt is really a lot more fun than pavement."

HAEDEN PLYBON 12TH AT SNOWBALL DERBY

Racing luck was not on the side of Spokane's Haeden Plybon at the 56th Annual Snowball Derby at Five Flags Speedway in Pensacola, Florida on Dec. 3.

Plybon started 19th out of a 36-car field and ultimately finished 12th on the half-mile oval.

"Off the bat we fell back due to a super free race car," Plybon wrote in a text message. "And after our first set of tires we got it tightened up and started slowly passing some cars."

After the first 100 lap struggles Plybon was two laps down and had to fight to try to get those laps back but ultimately still finished just a lap down.

Ty Majeski won the race, his second Snowball victory, his

first coming in 2020 in what is often referred to as "The Super Bowl" of short track racing. Majeski drives for ThorSport Racing in the NASCAR Truck Series.

WHY USE A REALTOR®

7 Reasons to Use a REALTOR®

REALTORS® are members of the National Association of REALTORS® and subscribe to its strict Code of Ethics. When you're buying a home, here's what an agent who's a REALTOR® can do for you.

1. Act as an expert guide

Buying a home typically requires a variety of forms, reports, disclosures, and other legal and financial documents. A knowledgeable real estate agent will know what's required in your market, helping you avoid delays and costly mistakes. Also, there's a lot of jargon involved in a real estate transaction; you want to work with a professional who can speak the language.

2. Offer objective information and opinions

A great real estate agent will guide you through the home search with an unbiased eye, helping you meet your buying objectives while staying within your budget. Agents are also a great source when you have questions about local amenities, utilities, zoning rules, contractors, and more.

3. Give you expanded search power

You want access to the full range of opportunities. Using a cooperative system called the multiple listing service, your agent can help you evaluate all active listings that meet your criteria, alert you to listings soon to come on the market, and provide data on recent sales. Your agent can also save you time by helping you winnow away properties that are still appearing on public sites but are no longer on the market.

4. Stand in your corner during negotiations

There are many factors up for discussion in any real estate transaction—from price to repairs to possession date. A real estate professional who's representing you will look at the transaction from your perspective, helping you negotiate a purchase agreement that meets your needs and allows you to do due diligence before you're bound to the purchase.

5. Ensure an up-to-date experience

Most people buy only a few homes in a lifetime, usually with quite a few years between purchases. Even if you've bought a home before, laws and regulations change. Real estate practitioners may handle hundreds or thousands of transactions over the course of their career.

6. Be your rock during emotional moments

A home is so much more than four walls and a roof. And for most buyers, a home is the biggest purchase they'll ever make. Having a concerned, but objective, third party helps you stay focused on the issues most important to you when emotions threaten to sink an otherwise sound transaction.

7. Provide fair and ethical treatment

When you're interviewing agents, ask if they're a REALTOR®, a member of the National Association of REALTORS®. Every member must adhere to the REALTOR® Code of Ethics, which is based on professionalism, serving the interests of clients, and protecting the public.
