# WEEKLY Horoscopes for Dec. 28 - Jan. 3

**ARIES – Mar 21/Apr 20**  
Aries, someone you care about or admire could come under scrutiny this week. Whether it is deserved or not, this person will be in the hot seat and can use your support.

**TAURUS – Apr 21/May 21**  
Taurus, you could project an intensity this week that has other people running for cover. Consider adding a little sugar to your presentation. You'll still get your point across.

**GEMINI – May 22/Jun 21**  
Gemini, make an effort to gain greater control over your finances. Develop a budget and stick to it. Soon you'll enjoy a new level of financial freedom.

**CANCER – Jun 22/Jul 22**  
Cancer, see what is going on with friends this week, as you are likely in the mood to have some fun. You'll never know what's on the agenda unless you ask.

**LEO – Jul 23/Aug 23**  
Leo, you may run into a little interference with a project due to someone's ego getting in the way. This person seemingly is not a team player and it could affect your plans.

**VIRGO – Aug 24/Sept 22**  
Visualizing what you want is not a waste of time, Virgo. In fact, it can help you map out a plan of attack to accomplish your goals. Start making a to-do list.

**LIBRA – Sept 23/Oct 23**  
Libra, a personal relationship that was derailed will get back on track this week. After some conflicts, it finally seems like you're both on the same page once more.

**SCORPIO – Oct 24/Nov 22**  
Scorpio, do not let it get you down if you're paired with someone on a project who is not your first choice. Focus on the task at hand and you may find you work well together.

**SAGITTARIUS – Nov 23/Dec 21**  
Sagittarius, even if your life seems to be a mystery right now, you do not have to figure out all the answers right away. Take time to mull things over.

**CAPRICORN – Dec 22/Jan 20**  
Try to put yourself in someone else's shoes this week, Capricorn. When you're so focused on your life you may miss how it affects others around you.

**AQUARIUS – Jan 21/Feb 18**  
Aquarius, start coming up with some new ideas to keep your brain busy. You might need to delve into a different career or a new hobby to challenge yourself.

**PISCES – Feb 19/Mar 20**  
Pisces, after some initial upheaval this week, your life starts to calm down a little. There may be one lingering issue that needs to get worked out, but you'll handle it.

No action commenced by the Beneficiary of the Deed of Trust as referenced in RCW 61.21.030(4) is now pending to seek satisfaction of the obligation in any Court by reason of the Borrower's or Grantor's default on the obligation secured by the Deed of Trust/Mortgage. III. The default(s) for which this foreclosure is made is/are as follows: Failure to pay when due the following amounts which are now in arrears: **\$13,060.55**. IV. The sum owing on the obligation secured by the Deed of Trust is: The principal sum of **\$29,972.10**, together with interest as provided in the Note from **8/20/2022** on, and such other costs, fees, and charges as are due under the Note, Deed of Trust, or other instrument secured, and as are provided by statute. V. The above-described real property will be sold to satisfy the expense of sale and the obligation secured by the Deed of Trust as provided by statute. Said sale will be made without warranty, expressed or implied, regarding title, possession or encumbrances on **5/3/2024**. The defaults referred to in Paragraph III must be cured by **4/22/2024** (11 days before the sale date), or by other date as permitted in the Note or Deed of Trust, to cause a discontinuance of the sale. The sale will be discontinued and terminated if at any time before **4/22/2024** (11 days before the sale), or by other date as permitted in the Note or Deed of Trust, the default as set forth in Paragraph III is cured and the Trustee's fees and costs are paid. Payment must be in cash or with cashiers or certified checks from a State or federally chartered bank. The sale may be terminated any time after the **4/22/2024** (11 days before the sale date) and before the sale, by the Borrower or Grantor or the holder of any recorded junior lien or encumbrance by paying the principal and interest, plus costs, fees and advances, if any, made pursuant to the terms of the obligation and/or Deed of Trust, and curing all other defaults. VI. A written Notice of Default was

transmitted by the Beneficiary or Trustee to the Borrower(s) and Grantor(s) by both first class and certified mail, proof of which is in the possession of the Trustee; and the Borrower and Grantor were personally served, if applicable, with said written Notice of Default or the written Notice of Default was posted in a conspicuous place on the real property described in Paragraph I above, and the Trustee has possession of proof of such service or posting. The list of recipients of the Notice of Default is listed within the Notice of Foreclosure provided to the Borrower(s) and Grantor(s). These requirements were completed as of **11/13/2023**. VII. The Trustee whose name and address are set forth below will provide in writing to anyone requesting it, a statement of all costs and fees due at any time prior to the sale. VIII. The effect of the sale will be to deprive the Grantor and all those who hold by, through or under the Grantor of all their interest in the above-described property. IX. Anyone having any objections to this sale on any grounds whatsoever will be afforded an opportunity to be heard as to those objections if they bring a lawsuit to restrain the sale pursuant to RCW 61.24.130. Failure to bring such a lawsuit may result in a waiver of any proper grounds for invalidating the Trustee's sale. X. **NOTICE TO OCCUPANTS OR TENANTS** – The purchaser at the Trustee's Sale is entitled to possession of the property on the 20th day following the sale, as against the Grantor under the deed of trust (the owner) and anyone having an interest junior to the deed of trust, including occupants who are not tenants. After the 20th day following the sale the purchaser has the right to evict occupants who are not tenants by summary proceedings under Chapter 59.12 RCW. For tenant-occupied property, the purchaser shall provide a tenant with written notice in accordance with RCW 61.24.060. **THIS NOTICE IS THE FINAL STEP BEFORE THE FORECLOSURE SALE OF YOUR HOME.** You may be eligible for mediation. ## GETTING A PUPPY?

*Congratulations on making the choice to add a new member to your family! Before your furry bundle of joy comes home make sure you are dealing with a safe source & asking the right questions. Here are a few tips to help you make a responsible choice and avoid disreputable breeders, pet shops or puppy mills in the process!*

**1) HOUSE CALL:** It may be tempting to meet the breeder somewhere in between but drive the extra hour and see where the puppies are being raised. Pay attention to the conditions in their home and kennel. Are the kennels clean? Odor free? Are the dogs on site clean, well fed, lively and friendly? Do any of the animals exhibit signs of malnutrition or illness? Visiting the premises is a huge indication whether or not the puppy you are buying is socialized, loved and healthy.

**2) MEET THE PARENTS:** While on site take a bit of time to interact with the puppies parents. This will give you insight into what their puppies may be like as they mature. Pay attention to their size, demeanor, temperament and appearance. Can you handle this size of dog? Does the breeds energy level match your own? Does either parent have any health issues? Genetic issues?

**3) TALK SHOP:** Sitting down with the breeder and getting to know them, their business and their dogs is crucial to making an educated purchase. How long have they been breeding? What is their experience with the breed? Are they involved with any breed clubs or organizations? Do they offer a health guarantee? Is there a purchase contract and what does that entail? Can we call you with questions or concerns? Can you get a copy of all health and registration paperwork on the parents and puppies?

**4) DOG PILE:** Puppies are naturally curious and should not be shy when meeting new people. Watch the litter to see if any shy away from the breeder, seem scared or nervous. Are they socialized? Would one of these puppies fit into your life? How old are they? Are they eating hard food? Have they started being house trained? Kennel trained? Up to date on vaccinations? Are they ready to go home?

**Asking these questions and more will keep you and your new best friend healthy & safe!**

## OPERATION DOG TAG

[OperationDogTag.org](http://OperationDogTag.org)

My name is Frank Lopez, me and my dog Guero have been a part of Operation Dog Tag with Joe Scheffer for the last 6 months. Since attending his classes, I now possess the skills to teach my service dog the specific commands to help me with my everyday activities. With Joe's guidance, my service dog is not only able to be in restaurants, but he also makes sure to stay out of the way of the staff. My dog is my best friend and it means the world to me to be able to take him wherever I go. Thank you Operation Dog Tag and Joe Scheffer.

Meet **Bub**! Bub is sweet and spicy; he likes his personal bubble and only likes a little affection. He is a unique cat who doesn't seem to love attention or affection, he rather receive your love from a distance so a home without young children might be best. Bub likes to play with other cats, but other cats might not like to play with him. Bub loves little mouse toys and catnip.

**SALE of FIREARMS**

Effective January 1, 2024

**Final Bill Report E2SHB 1143**

**Concerning Requirements for the Purchase or Transfer of firearms in Washington State**

**SUMMARY**

A dealer may not transfer any firearm to a purchaser or transferee until: completion of a background check indicating the person is eligible to possess a firearm; and 10 business days have elapsed since the dealer requested the background check.

In addition, a dealer may not transfer any firearm to a purchaser or transferee unless the person produces proof of completion of a recognized firearms safety training program within the last five years, or proof of an exemption from the training requirement. The training program must include instruction on components currently required for firearms safety training for semiautomatic assault rifle purchases and in addition must include instruction on: state laws pertaining to the use of deadly force for self-defense; and techniques for avoiding a criminal attack and how to manage a violent confrontation. Proof of training must be in the form of a certification stating under penalty of perjury that the training included the minimum requirements.

**EXEMPTIONS FROM THE TRAINING REQUIREMENT ARE PROVIDED FOR:**

- General Authority Washington Peace Officers and the following Peace Officers who have arrest powers and carry a firearm: limited authority Washington peace officers, specially commissioned Washington peace officers, and federal peace officers; and
- Military Members who have completed firearms training within the last five years as part of service that included training on the safe handling of, and shooting proficiency with, firearms.

Provisions governing investigative holds on the delivery of a firearm based on outstanding warrants or open or pending criminal charges are eliminated.

Firearm transfer and background check processes are revised to conform to procedures that will apply upon implementation of the state firearms background check program, including requiring background checks through the WSP Firearms Background Check Program rather than local law enforcement agencies. A dealer must transmit the information from a firearms purchase application through secure automated firearms e-check (SAFE) to the WSP Firearms Background Check Program. The WSP Firearms Background Check Program must transmit the application information to the DOL daily. The fee applicable to the purchase or transfer of semiautomatic assault rifles is eliminated.

A court must notify a person who is convicted of an offense that makes the person ineligible to possess a firearm under federal law, including specified convictions for possession of controlled substances, that the person must immediately surrender any CPL and that the person may not possess a firearm unless his or her right to do so is restored. The court must also forward a copy of the person's identifying information to the DOL and the WSP, and the DOL must determine if the person has a CPL, and if so, notify the license issuing authority, which must immediately revoke the CPL.

# Heating Safety

There is something about the winter months and curling up with a good book by the fireplace. But did you know that heating equipment is one of the leading causes of home fire deaths? With a few simple safety tips and precautions you can prevent most heating fires from happening.

## BE WARM AND SAFE!

- Keep anything that can burn at least three-feet (one metre) away from heating equipment, like the furnace, fireplace, wood stove, or portable space heater.
- Have a three-foot (one metre) "kid-free zone" around open fires and space heaters.
- Never use your oven to heat your home.
- Have a qualified professional install stationary space heating equipment, water heaters or central heating equipment according to the local codes and manufacturer's instructions.
- Have heating equipment and chimneys cleaned and inspected every year by a qualified professional.
- Remember to turn portable heaters off when leaving the room or going to bed.
- Always use the right kind of fuel, specified by the manufacturer, for fuel burning space heaters.
- Make sure the fireplace has a sturdy screen to stop sparks from flying into the room. Ashes should be cool before putting them in a metal container. Keep the container a safe distance away from your home.
- Test smoke alarms at least once a month.

## Heating Equipment Smarts

**Install** wood burning stoves following manufacturer's instructions or have a professional do the installation. All fuel-burning equipment should be vented to the outside to avoid carbon monoxide (CO) poisoning.

**Install** and maintain CO alarms to avoid the risk of CO poisoning. If you smell gas in your gas heater, do not light the appliance. Leave the home immediately and call your local fire department or gas company.

## FACT

Half of home heating fires are reported during the months of **December, January & February.**

*Dave Johnson*  
"The Outdoor Insider"

The mild weather throughout the region is a blessing for those who traveled over the Holidays. For those who live in Eastern Washington, or visited here, it made it easy to get outdoors and enjoy the opportunities for fishing. This is something I always looked forward to when I lived on the west side of the mountains, many years ago.

The weather has been so mild that I wondered if the weeds had died off and cleared out of Rocky Ford Creek. Until the weeds that choke the creek clear out, it is impossible to catch anything on this fly fishing only water. I really like to fish this mile-long stretch of flowing river in the winter. It never freezes, as it comes from an underground spring that keeps the water warm enough to remain ice-free even in the coldest temperatures.

I figured the best way to find out if the weeds were gone is to run down there and see for myself. I did just that last Thursday afternoon. I found that there was plenty of weed-free water, so I rigged up my favorite Mini Leech and Ultra Scud combo and went to work. I have a 10 foot, 5 weight rod that I got especially for fishing Rocky Ford. The stream is lined with cattails, and you have to keep your back casts very high to avoid hooking your flies in them, and the extra-long rod seems to help.

There was very little flow, and my line wasn't getting any drift at all. I like to see my line moving with the current to cover more water, without having to make a bunch of casts a few feet apart. I usually know if the fishing is going to be good right away. I made a bunch of casts and moved around, and nothing touched my flies. I wasn't seeing activity on the surface and the other anglers I saw on the far bank weren't hooking any fish.

I finally saw the tell-tale wake of a big fish moving upstream, just under the surface. I tried to judge the direction and speed of the fish and made a cast ahead of the wake to a spot where I thought the

big trout would see my fly. My line settled on the water and--Boom! My line jolted tight, and a big fish came out of the water and made a violent, swirling splash—and spit the hook. I made a few more casts, but it was getting late, so I headed for the truck.

That's Rocky Ford. It can be exciting and frustrating. I have had double digit days here, and others, like this one, when I felt lucky to hook a single fish. Even though the fishing was slow, I am eager to go back. This week's photo is of a Rocky Ford trout, about to be

released, taken on a sunny winter day a couple of years ago.

I have talked about my shore fishing experiences quite a bit recently. The winter is when I do most of it, as there are some really good opportunities that don't require a boat, and mine is tucked away for the snowy months. Pulling a boat around in the winter can be difficult, too. Snowy road conditions can be bad, and navigating a truck and trailer can be hair raising. The stuff they put down on the roads is tough on boats, too. It etches the aluminum and eats the wiring. I can still have a ton of fun in the winter, catching a variety of fish from the shore. The trout fishing is very good on Lake Roosevelt at Spring Canyon, Crescent Beach, and Keller. Rufus Woods Reservoir is famous for producing whopper rainbow from the shore. I have caught some dandies at Brandts Landing and at the middle net pens. Medicare Beach on Potholes Reservoir

is another place where people catch nice rainbow casting from the shore until it freezes.

I had a blast the other day catching perch from the shore on Moses Lake, which is really good news. The perch fishing near the I-90 Bridge just hasn't been any good for many years. It's great to see it coming back, and that may also mean there will be good ice fishing for perch when Moses Lake freezes.

A shore fishery that is gaining in popularity is for whitefish on Banks Lake. I've been told that whitefish make up fifty percent of the bio mass in Banks, so there's no shortage of them. Right now, people fish from the dike at the very top end of the lake. They simply cast with a weight on the bottom and a couple of small hooks baited with "salad" shrimp. These fish are often weigh 3 pounds or more. They are great just fried or smoked.

As many of you know, I came home with a bucket of perch a while ago, and I decided to do something different with them. Usually, I dredge the fillets in Panko and fry them, or even just sauté them with a little garlic and butter until they turn white. Sometimes I have even just steamed the fillets, cut into chunks, and then dipped them in butter. They are very delicious any of these ways. This time of year, I like to make soups and stews, so I thought I would try making a perch chowder. I used a base of cream of celery soup and added onions, potatoes, and red peppers. I used some garlic powder, dill and few other herbs and added whole milk to thin it a bit. It simmered for about an hour, to let the seasonings go to work and the veggies cook. Then I added the perch. It only took about ten minutes for the perch to cook, and the chowder was ready to serve. It turned out great.

I plan to take advantage of the continued mild weather and try some of my favorite shore fishing spots. I'll let you know how I do!

## How to Spot, Avoid & Report FAKE CHECK SCAMS

Fake checks might look like business or personal checks, cashier's checks, money orders, or a check delivered electronically. Here's what to know about fake check scams.

In a fake check scam, a person you don't know asks you to deposit a check. It's usually for more than they owe you, and it's sometimes for several thousand dollars. They tell you to send some of the money back to them or to another person. They always have a good story to explain why you can't keep all the money. They might say they need you to cover taxes or fees for a prize, to buy supplies for a job, to send back money they overpaid, or something else. But this is a scam.

### Why Do These Scams Work?

These scams work because fake checks generally look just like real checks, even to bank employees. They are often printed with the names and addresses of legitimate financial institutions. They may even be real checks written on bank accounts that belong to someone whose identity has been stolen. It can take weeks for a bank to figure out that the check is a fake.

### Fake Checks and Your Bank

By law, banks have to make deposited funds available quickly, usually within two days. When the funds are made available in your account, the bank may say the check has "cleared," but that doesn't mean it's a good check. Fake checks can take weeks to be discovered and untangled. By that time, the scammer has any money you sent, and you're stuck paying the money back to the bank.

Your best bet: Don't rely on money from a check unless you know and trust the person you're dealing with.

### How To Avoid a Fake Check Scam

Never use money from a check to send gift cards, money orders, cryptocurrency, or to wire money to anyone who asks you to. Many scammers demand that you buy gift cards and send them the PIN numbers, buy cryptocurrency and transfer it to them, or send money through wire transfer services like Western Union or MoneyGram. Once you do, it's like you've given them cash. It's almost impossible to get it back.

Toss offers that ask you to pay for a prize. If it's free, you shouldn't have to pay to get it. Only scammers will ask you to pay to collect a "free" prize. Don't accept a check for more than the selling price. You can bet it's a scam.

### Report Fraud

If you think you've been targeted by a fake check scam, report it to:

- 👉 The Federal Trade Commission
- 👉 The U.S. Postal Inspection Service
- 👉 Your State Attorney General

## January GARDENING TIPS

Master Gardeners of Spokane County

### CATALOGS AND SEEDS

It's time to order seed and plant catalogs and seeds! Order your favorites now to avoid the selection being sold out. Try a new variety of your favorite flowers and vegetables.

### VIEW FROM INSIDE

This is a good time to take a hard look at what your garden looks like from the inside. Check your favorite windows and ask yourself if your view could use some additional winter interest or if it could use pruning to avoid blocking your views.

### FORCE BULBS

Favorite bulbs for forcing indoors are amaryllis, paperwhites, and hyacinths. Other bulbs include tulips, daffodils and dwarf iris. Forced bulbs don't even need soil to grow as they grow well in water and gravel.

### SNOW ON TREES

If you can, leave snow on trees and shrubs unless the weight of the snow appears to be breaking branches. If you need to remove snow, use a broom and sweep upwards. Never attempt to remove ice from branches as they will break.

**OVER PRICED?**

One day I received a call from a buyer who was expressing interest in a property that I had listed in a rural county. The persistent buyer first asked how much it was listed for then followed rapidly with, "You know this listing is overpriced, right?" His statement was more of a declaration than a question. He quickly followed with, "What will they really take for it?"

I carefully explained that "Since I was working as the seller's agent, I couldn't reveal that number, even if I knew that answer. Since revealing a number to a potential buyer without permission from the seller could be a violation of agency law, I would never in good conscience make a revelation of that sort."

He continued his irritating dialogue by insisting that it was extremely overprice, and then justified his remarks by comparing it to a property down the road that had sold last summer. "Compared to the house down the road this property should be half that price!" he exclaimed brazenly. He continued, to denigrate the property by saying, "After all it is really mickey mouse with the logs in the front and the two story addition in the rear." I replied by saying, "Have you been in this home? How do you know it's mickey mouse?" "Oh, I'm looking at it right now," he said. I smiled impatiently as I realized this caller was not qualified and was looking at the listing via his smart phone. "I'll call in a couple of months when you get the price down where it belongs!" he defiantly stated, then abruptly ended the call.

The very next day, I received a bona fide offer from a different buyer who could obviously put his money where his mouth was. The offering price was very close to the listed price, which validated the market research that was done prior to listing this nice home.

So, what is a property really worth? Is it priced right? Who gets to decide that... the seller, the buyers that don't buy, or the Realtor? The truth is that the one ready-willing-and-able-buyer who actually makes the purchase decides what the market value is. The seller's opinion is really a wish. The Realtor's opinion is only an educated guess based on analysis, and the non-buyers opinions (like the one in the above example) really don't count!

## PRESTON BROCK: HERMISTON RACEWAY 2023 STREET STOCK CHAMP

Preston Brock, the man under the helmet.

"Our championship battle was nothing short of exciting," Hermiston Raceway's 2023 Street Stock top driver Preston Brock wrote in an email.

The Prescott, Washington driver said, "We had several great battles on the track, and I raced tight all year against my dad who is second in the points standings." David Brock was 91 points back in this racing version of "Family Feud."

Brock had several main event wins, but was also consistently able to make all of the races at Hermiston Raceway this year. "It was exciting to see the growth in the class, and hopefully that continues into next year," Brock added.

As far as Brock's history in racing, "I have wanted to race as long as I can remember. As a young kid my dad raced super stocks and late models at Hermiston, so I grew up around it." Brock raced go carts at TCKC at Horn Rapids as a kid. He has run street stocks for 3 years now and looking forward

to 2024.

By trade, Brock is a dry land wheat farmer in Walla Walla County, but "considering the top speeds of tractors and combines, racing at Hermiston is extra fun," he said.

Brock offers a lot of thanks to people who gladly support his hobby.

"I would like to first thank my wife for understanding the late nights in the shop, and everything she does to contribute," he said. "I would like to thank my mom and dad for helping me get into such a sport."

"Thanks also to my grandparents, my aunt, and my wife and kids for being there to cheer on every race. Thank you to our crew in the pits: Tylor, and Christy for being there to help every race day."

A huge thanks to Quality Petroleum Inc in Walla Walla for their continued support and sponsorship. "We buy fuel from them to keep our farm running, they are always competitively priced and one of the only places I know of that offers non-ethanol gas around Walla Walla," Brock said.

Brock also wanted to extend a big thanks to Paws for Friendship therapy dogs for the continued support as well.

## QLISPE RACEWAY TRACK SURFACE IS RE-GROUND

While the off-season has Qlispe Raceway Park quiet from the sound of revving engines and smoking tires, another noise has been present in the past few weeks.

Track operations manager Ben Zimmerman reports on behind-the-scenes improvements that ought to please racers.

"We hired TVC to come and surface grind the drag strip," Zimmerman wrote in a Facebook message. "They are taking out the bumps and low spots so the track is as smooth as it can be. Just one of the many upgrades this facility needs."

Spokane County purchased the track in 2007 and leased it to Bucky Austin who rebuilt much of the track surface in 2008.

"Bucky did basically a complete redo of the surface," Zimmerman said. That included a 1/8-mile concrete launch area and then he overlaid the asphalt past that.

Austin provided a very good base to work with but over the years the earth moves from frost and natural things. "This gives us a restart to a smooth surface. The work for me and our crew will come in the spring, cleaning and repainting and laying new rubber down," Zimmerman said.

"The current white appearance is nothing more than the raw concrete, not snow," Zimmerman explained.

Watch this page for other developments and Zimmerman also suggests following his personal Facebook or the Qlispe

Raceway news and info page for updates.

Qlispe Raceway Park is the former Spokane Raceway Park established in 1974 and purchased by Spokane County in 2007. It was then purchased by the Kalispel Tribe in 2022 and is set to operate a second season under the tribe in its 50th racing season in 2024.
