WEEKLY Horoscopes for April 25 - May 1

ARIES – Mar 21/Apr 20
Aries, your friends have stepped up to support you, and it is time to get together and enjoy one another's company. Think about an activity that everyone can get behind.

TAURUS – Apr 21/May 21
Taurus, the people around you may work more slowly than you, so you will likely need to be patient this week while working on a particular project. Eventually things will work out.

GEMINI – May 22/Jun 21
Gemini, exercise caution when dealing with people who promise big returns on your investments right now. Avoid financial dealings with anyone you have not fully vetted.

CANCER – Jun 22/Jul 22
Cancer, some people around you would like to use flattery to get you to do what they want. However, you are too savvy to fall for people who may be guiding you in the wrong direction.

LEO – Jul 23/Aug 23
Loved ones and friends in your life deserve your time and energy right now, Leo. Figure out a way to cut down on hours spent on the job this week.

VIRGO – Aug 24/Sept 22
Virgo, things going on in your life right now may be a bit more confusing than you anticipated. It can be stressful, but with some assistance from others you will get through the situation.

LIBRA – Sept 23/Oct 23
Someone in your life who has not always been on your side has been changing his or her ways lately, Libra. You may want to reevaluate the relationship soon.

SCORPIO – Oct 24/Nov 22
Scorpio, you have been working hard to avoid conflict with someone close to you, but it could start to feel like more effort than you can care to keep up.

SAGITTARIUS – Nov 23/Dec 21
An interesting travel opportunity is coming your way, Sagittarius. When the news arrives, take advantage of it and start planning your itinerary.

CAPRICORN – Dec 22/Jan 20
Capricorn, is your schedule flexible right now? Try to rearrange things to take advantage of some last-minute recreational opportunities. You deserve to have more fun.

AQUARIUS – Jan 21/Feb 18
Aquarius, you may be feeling moody and introspective right now. Take time to evaluate your dreams and the thoughts going through your head. There may be common threads.

PISCES – Feb 19/Mar 20
Don't let some ambiguous feedback adversely affect your mood, Pisces. You will never be able to please everyone, so focus on those people who are on your side.

There is a lot going on now. Fishing events for kids, walleye fishing, kokanee fishing, and the opening of trout season. I hope you are getting out and enjoying all the great opportunities for fishing around the region.

One of the first places to look for walleye on Potholes Reservoir in the spring is in Lind Coulee. Some walleye move up into this channel for spawning in the spring and then move out into the reservoir. Plus, many fish remain in Lind Coulee and can be caught later in the season. Brian Nielson and Mike Wren invited me to come along on their first walleye trip of the season, and we fished Lind Coulee last Thursday. We launched at the refurbished Sampsons Pit site, which is on the O'Sullivan Dam Road, just before you reach the dam from the east. Brian drove his boat up past the bridge on Road M, where there is another launch. We made our way up the coulee that wound through brushy islands and narrow rock bluffs. There are places where two boats wouldn't be able to pass through side by side. You can run all the way up to the outflow of Warden Lake in the scenic coulee. We were trolling 2 ounce bottom bouncers and Smile Blade spinners, and Mike landed four fish of 15 to 18 inches. I lost one near the boat, and then on our way back down, landed a 25 inch male walleye. Fishing in Lind Coulee is a great experience, very different from fishing the big reservoirs in the region. I just posted the video I did on our trip last week. You can view the new video on the Dave Graybill channel by clicking on this link: <https://youtu.be/2k4nD0fGgEE>. This week's photo is of me with that Lind Coulee walleye.

The Annual Rock Island Free Kids Fishing Day took place last Saturday, and once again was very well attended. The shore line of the Pit Pond, which is a juvenile only lake, was lined with families casting for trout that had been recently planted by the Department of Fish and Wildlife. The event has been going on for over twenty years and is supported by the City of Rock Island. Every year a group of volunteers sets up a cook shack and hands out free donuts and coffee in the morning and then free hot dogs, chips, and soft drinks in

the afternoon. I judge the attendance by the number of hot dogs that are served, and this year it was 500! Also on hand were members of the Wenatchee Sportsman's Association. They have loaner rods and reels and tackle and bait to help the youngsters catch fish. If you missed this free event mark your calendar for the third Saturday in April for next year's Free Kids Day. Another popular juvenile only fishing lake is Franks Pond at the Beebe Springs Wildlife Unit, near Lake Chelan. It is also stocked every year with trout for kids to catch.

When I was at the Rock

Island Free Kids Fishing Day, I visited with Travis Maitland, area biologist for the WDFW. I mentioned that I got a photo from Joe Zelinski of a nice catch of kokanee that they had made on Lake Chelan. Travis said that they had made a couple of trips. The first time they tried the area across from 25 Mile Creek State Park. Here they had good success on fish that were mostly 11 to close to 14 inches. On the next trip they found very good numbers of kokanee in the lower basin. They fished off Chelan Shores and here the fish were bigger. They caught some 15- and even 16 inch kokanee. He said this is very exciting and that makes him wonder just how big the fish will be later this spring. The kokanee were all very fat and obviously heavily feeding. He and Joe tried a variety of gear and colors and on the last trip found that pink hoochies worked the best. They also were using the small artificial grubs

instead of corn, that were scented with Graybills Guide Formula in the Kokanee flavor.

The fourth Saturday in April is probably the biggest fishing day of the year in Washington State. Hundreds of thousands of anglers take part in the annual opening of the lowland lake trout fishing season. Millions of trout have been planted in the lakes across the state to assure these anglers have a good time catching fish. Many local communities have informal derbies on opening day. I know that there is one on Wapato Lake and another at Conconully to name just a couple of them. Also, the WDFW has a statewide Trout Derby from April 27th through October 31st. If you catch a trout with a yellow tag it is worth a prize. You need to keep the tag as you will need to provide the number, name of the lake you caught the trout in, the date it was caught and your contact information. When it is confirmed you can go to a local business to claim your prize. It's just that easy. You can go to the WDFW website to get more details, including a list of lakes that have tagged trout in them. Thousands of prizes are given out every year.

When I am out and about, people often approach me to confirm that I am actually that guy in all the videos. They often thank me for the information they provide. Sometimes they are new to the area or new to fishing. They tell me that the videos really helped them with their fishing success. There are over 200 videos on the Dave Graybill YouTube channel, and most are focused on our region's lakes and what to use when fishing them. I have been fortunate to have great relationships with some of the guides in the region, or people that have a lot of experience on the lake or river we are talking about. These people have really helped me provide the details that help people to fish successfully. Last year I added several videos on the lakes in the Quincy Wildlife Area, the Recreation Areas developed by Grant County PUD, and the Boating Accesses on Moses Lake. I plan to do many more in Grant County. Be sure to visit the Dave Graybill Channel to see the new videos.

FINDING THE BEST NEIGHBORHOOD FOR YOUR NEW HOME

- Part 2 -

Buying a home in a neighborhood that fits your lifestyle is essential. If your new neighborhood doesn't meet your needs, whether if it's related to amenities or a commute, a bad decision can cause headaches for years.

The location of your home makes a big difference in the quality of your life. With a competitive housing market, you might need to expand your home search, but how do you decide which neighborhood is right for you? Experts recommend creating a checklist of neighborhood features you value the most. To help you narrow down your choices, consider the following:

PROPERTY TAXES

As a future homeowner, you are responsible for paying for more than just your mortgage. Depending on what city or county the neighborhood resides in, the property taxes you pay may vary. Ask your real estate agent about the current tax rate and how much it has increased in the last several years. You'll want to factor the amount into your overall budget.

HOMEOWNERS' ASSOCIATION (HOA) FEES

Many neighborhoods have HOA fees to maintain common areas, such as a pool or nearby park. HOA fees vary. Depending on where you decide to live and what type of home you purchase, you will have to pay a monthly or annual fee.

AGE OF DEVELOPMENT

If you are a younger family, a newer development may provide the chance to meet other families that share your life experiences and interests. On the other hand, older developments will likely have more mature landscaping and bigger lot sizes. An historic neighborhood rich with character may have a one-of-a-kind curb appeal but, in the end, an older home may require a significant amount of repair work.

To get started on finding a community that is the right fit for your family, contact the Central WA Home Builders Association, or visit CWHBA.org.

WHERE THE RUBBER MEETS THE ROAD — OR TRACK

AIRWAY HEIGHTS — Recent weeks saw an exhaustive effort to smooth out the drag racing surface at Qlispe Raceway Park (formerly Spokane Co. Raceway) with a thorough grinding of the concrete.

But that was only half the battle as the track is set to have its season opener April 26 with a no-prep street race.

Part two of the process is to lay down a base of tire rubber to enhance traction down the entire quarter-mile surface and that was recently accomplished reports operations manager Ben Zimmerman.

A brand-new tractor was put to work dragging used drag slicks up and down the track. "There is a certain feel with the tractor," Zimmerman wrote in Facebook Messenger. "(It's) hard to explain."

The look of success is much easier to see, Zimmerman said.

"Drag tires dry until the track turns grey," he explained. "Then spray with VP racing lane choice and traction compound then it's just repeat the process until there is enough rubber/traction compound stuck to the track to make a good sticky surface."

This initial prep is a process because it's a "virgin track" Zimmerman added. The weekly maintenance is the same drag spray repeat.

The tractor used to apply rubber to the track in order to improve traction and the view from the driver's seat.

SUNSET SPEEDWAY OPENS MAY 4

AIRWAY HEIGHTS, Wash. — Sunset Speedway at the Spokane Motorsports Complex — also known as the Spokane ORV Park — in Airway Heights offers a different kind of go-kart racing on dirt.

And in 2024 the fifth-mile clay oval will do things a little differently with its schedule which begins May 4.

Rather than spread the regular season schedule over the spring and summer with single events, its seven events will include doubleheader events with both a day and night race.

The two-in-a-day races take place May 4 and Aug. 17 with rain dates June 9 and Sept. 15 — the latter a double-header potential.

Single race dates include June 8 and July 20, both night events.

Double header races are two separate events where racers must register for each race separately.

Go Kart racing has fast become known as a family friendly sport providing an affordable way to create a bond between the child and their parents. In addition, Sunset offers competitive adult racing and a chance to explore your racing talents.

Sunset Speedway prides itself in a family place where racers of all ages find a place to test their skills. Racers range from kindergarten to senior citizens.

For day racing gates open at 9 a.m. with racing at 1 p.m. Gates open for night races at 1 p.m. with racing at 5 p.m.

Further information on Sunset Speedway can be found at Facebook at Sunset-speedway or contact them at sunsetspeedwaykarting@gmail.com.

TYLER REDDICK SQUEEZES THROUGH LAST-LAP CARNAGE FOR TALLADEGA VICTORY from TC Daily Pit Stop

TALLADEGA, Alabama — Needless to say, the first of two annual trips to Talladega Superspeedway for the NASCAR Cup Series provided a significant amount of carnage, and similar to the Fall 2012 event at the racetrack, most of it waited until the final lap.

Tyler Reddick, who along with polesitter Michael McDowell maintained control of Sunday's GEICO 500 for the final 30 laps, walked away with the victory at the 2.66-mile superspeedway, despite barely

holding onto a top-five spot when the field exited Turn 4 for the final time.

But, it was a wild sequence of events in the race's final seconds that ended up being the catalyst for the 23XI Racing driver earning his sixth career win in the NASCAR Cup Series, with team co-owner Michael Jordan in attendance, and his brand on the race car.

Brad Keselowski was second, with Noah Gragson, Ricky Stenhouse, Jr. and Alex Bowman rounding out the top-five.

JONES RELEASED HOSPITAL AFTER VICIOUS TALLADEGA CRASH from TC Daily Pit Stop

Erik Jones

TALLADEGA, Alabama — While Erik Jones was checked and released from the infield care center following a massive crash in Sunday's NASCAR Cup Series GEICO 500 at Talladega Superspeedway, the driver did admit that he

was sore and that he felt he had stretched his back out in the impact.

At the time, Jones said that he felt like he was fine.

"I'm sore, it just really stretched it out a lot," Jones explained. "So, it'll be a long week, just trying to get recovered and feeling better for next week. But I'm alright."

After some time, Jones returned to the in-

field care center, and upon that second trip to the care center, the LEGACY MOTOR CLUB driver was transported to a local hospital for further evaluation.

Jones finished 35th in Sunday's race after being swept up in a Lap 155 crash.
