**DOG OF THE WEEK**

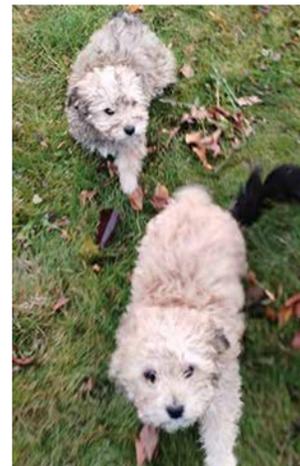

Meet **Sam!** I'm a great guy! I love to play outside and run around with my friends. I have many qualities that are common to my Husky breed, including my beautiful singing voice! It will be required that I go to a home with a fully fenced yard. I seem to do well around other dogs and I have been around some older children. I will need a home with no small animals. I am house trained!

There is a change in the weather coming that could make fishing difficult, as ice begins to form on our area lakes. This is good news for those who enjoy ice fishing. Ice fishing is already happening at Curlew and Bonaparte lakes, and with the cold weather coming more lakes will offer that opportunity.

There are a lot of options available to anglers here in Central Washington right now. Anglers are catching very nice rainbow trout and a few big kokanee on Lake Roosevelt. On Potholes Reservoir boaters are trolling for walleye, and trout, and even catching some whopper largemouth bass. Shore fishermen are getting some nice rainbow, too. I had some great fun catching perch on Moses Lake from the shore near the I-90 Bridge a while back, and I am headed there on Friday. In September, I got a photo from my friend Mike McKee, showing an amazing catch of perch that he and his fishing buddy, Joe MacLean had taken on Moses Lake. They had two limits and the fish ranged in size from about 9 to 13 inches! They invited me to come down and, of course, I raced there to meet them. We started near one of the outflows, where they had caught these fish, and found none. We tried spots all over the lake, and I think the grand total was four fish! Mike asked me to try Moses Lake for perch again later in the week, and, of course, I bit.

Then I got a text from my friend Mike McKee, very early in the morning. I was planning to meet him in Moses Lake to go perch fishing. We were going to launch his boat at Blue Heron Park and run down to the I-90 Bridge. Here we would anchor and fill our buckets with perch. However, he caught some kind of bug and couldn't go. Well, I was already rigged up and the truck was loaded with my gear, so I went anyway. On the way down I decided to check on the perch fishing on Winchester Wasteway at the bridge on Road 5. This used to be a great spot to fish for perch in the winter. We used to go there with the whole family, nieces and nephews, the whole gang. When I arrived, I did see some evidence that people had been fishing here. You know, empty worm cartons and leader

packaging. Well, the good news is there are perch here again. The bad news is that they are about 3 inches long. So, I proceeded to Blue Heron Park on Moses Lake.

I saw that there were several anglers on the rip rap bank, but no one on the bridge. I decided to try it from the bridge and had an 11-inch perch in my bucket on my first cast. It took me another fifteen or twenty minutes to get another one though, so I packed it in and headed for home. This may be my last chance to fish here if the weather forecast proves true. Single digit temperatures will put a thin layer of ice on Moses Lake for a while. Many hope that it gets thick enough to allow for safe ice fishing.

There are more perch in this area this season than there has been for a few years. This week's photo is of anglers fishing on the rip rap near the I-90 Bridge.

I am about to send out my next free E-Letter, for Winter 2024. There are some really exciting developments coming up this winter, and I will be detailing them. One of the most popular species to chase in Eastern Washington is kokanee. Kokanee fishing on Lake Chelan is year-round, and there are limit numbers of kokanee being caught on the big lake right now. Where to find them and how to catch them will be explained in the E-Letter. Lake Roosevelt is famous for giant kokanee, and although the lake level hasn't dropped, whopper kokanee are already being caught just above Grand Coulee Dam. Also, the rainbow fishing

has been terrific. There is good news for those who like to fish Rufus Woods Reservoir, like the recent release of some whopper triploids by the Colville Tribe. Subscribers will also get information on the top ice fishing lakes in the region. If you aren't currently on the subscribers list, go to the Home Page of my website, at [www.fishingmagician.com](http://www.fishingmagician.com), and click on the E-Letter button.

I want to remind people about a couple of events that are coming up in January. There are two ice fishing derbies. The first one is the annual NW Ice Fishing Festival on Sidley Lake, at Molson, near Oroville. It's scheduled for Saturday, January 13th. Breakfast is from 7am - 10am at the Grange Hall, \$10

Adults, \$5 for Kids 6-12, Kids 5 and under are free! The Craft Fair will also be going on most of the day. Sitzmark Ski Hill will be serving lunch. Then, catch Bingo from 1-3pm, proceeds will be going towards replacing the roof on the beloved Grange Hall! There will also be arts and crafts for the kiddos! I have attended this event, and it is guaranteed to be a great time. You can call the Oroville Chamber of Commerce, 530-538-2542, for more information.

Last year the folks at Bonaparte Lake Resort decided to have an ice fishing derby, and since they had almost 400 people turn out for it, they are going to do it again. This year it's scheduled for Saturday, January 27th. Resort owner Eric Cruz sent me the list of sponsors and prizes, and it was a long one. There could be prizes valued as much as \$9,000 handed out at the event, and there will be cash awarded as well. Prizes will be awarded for these categories: Adult biggest fish, Adult multi species and Kids biggest fish. To get the details on the derby, go to the Home Page of my website and click on the ad listed on the right hand side of the page.

Also, I will remind you of the first Sportsmen Show in Eastern Washington. It's the Tri-Cities Sportsmen Show, scheduled for January 26th through the 28th at the HAPO Center in Pasco.

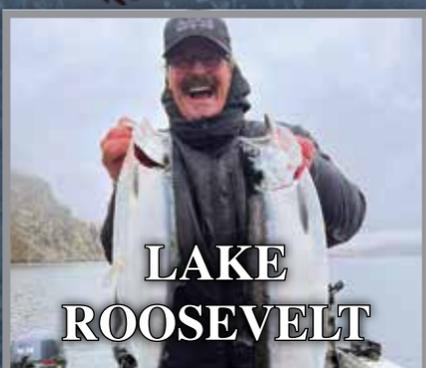

I am digging out my heated jacket, socks, and pocket warms. I don't want to miss out on any of the fun coming up this winter!

# Welcome to the 2024 Inland Northwest's Largest RV Show

The 36th Annual Inland Northwest RV Show and Sale is back... January 18-21, at the Spokane Fairgrounds. Don't buy an RV until you compare the prices at this show. This is one of our biggest RV shows ever. Seven gigantic dealers have filled the Spokane Fair & Expo Center with over 150,000 sq.ft. of gleaming RV's and accessories. Don't miss the tunnel that leads to the AG buildings, so you see the entire show.

The Inland Northwest RV show hosts the biggest RV dealers in the area. They bring the best of their inventory and compete for your business. The prices will never be better. Hundreds of RV's are on display, both inside the fairgrounds and outside. Whether this is your first time to the RV show or you have come to it for 36 years, there is something for everyone. From tent trailers to the monster motorhomes, you will find your perfect RV. Don't forget to check out all the booth vendors. They offer lots of accessories for your RV. Additionally, we have several resorts at the show so you will never run out of places to go with your RV. If you do buy an RV at the Show, you will get 30 seconds in the Brandon Cannon Farmers Cash Machine to grab all the cash you can. How good are you

at catching flying money? You will also have a chance to win a trip to the Watershed Festival at the Gorge. This is a dream trip of a lifetime brought to you by '93.7 The Mountain' and Key 101 FM, more details at the show.

# Which RV Style Should You Buy?

Vacations are a great way to unwind and spend quality family time. While most working men and women take one or two vacations a year, an RV owner may take a "vacation" every weekend! Be sure you get the right RV for your needs. Here is a breakdown of the differences, and types of RVs in the 2024 market.

## CLASS A

Class A Motorhome

This class of motorhome is the largest. Many people who purchase a Class A intend to travel full time. Slide outs can expand the living area to the point it is like an apartment. Many Class A's have a washer/dryer, fireplace, audio systems etc.

Class A motorhomes can either be diesel or gas. Diesel models are typically more expensive, but the fuel economy and power outweigh that.

## CLASS B

Class B RVs are really gaining in popularity. Class B RVs are the smallest, and usually easiest to drive of the motorized class. They are typically streamlined and ready to go and well equipped for their size. Typically sleep between 2 and 4 people.

Class B Motorhome

## CLASS C

Families typically love a Class C motorhome. Class C's have sleeping quarters above the driver, and usually one in the middle and a separate bedroom. Depending on the floor plan, they can accommodate up to 8 people comfortably.

Class C Motorhome

## FIFTH WHEEL

Fifth-Wheel Trailer

If you have a good heavy duty truck, a Fifth Wheel might be your best bet.

The Fifth Wheel centers the weight between axles on the towing vehicle. The Fifth Wheel makes for a stable and secure towing experience that some people prefer over travel trailers.

## TRAVEL TRAILER

Travel trailers are in the towable class. There are many sizes, and options. Slides can make a travel trailer very spacious. Be sure your truck is rated to carry the travel trailer you buy. They are the best of both worlds--self contained, but typically less expensive than a motorized RV, but with all the amenities

Travel Trailer

## TOY HAULERS

Toy Hauler

This type of RV features a 'garage' in the rear with large ramp-door for access. A 'wall' separates your rigs from your living space. Most commonly 5th wheels or travel trailers, but some motorhomes also have this feature.

Continued on page 8

Downed utility lines, power company blackouts, heavy snow falls or summer storms can all lead to power outages. Many people turn to a portable generator for a temporary solution without knowing the risks.

- » Generators should be used in well ventilated locations outside away from all doors, windows and vent openings.
- » Never use a generator in an attached garage, even with the door open.
- » Place generators so that exhaust fumes can't enter the home through windows, doors or other openings in the building.
- » Make sure to install carbon monoxide (CO) alarms in your home. Follow manufacturer's instructions for correct placement and mounting height.
- » Turn off generators and let them cool down before refueling. Never refuel a generator while it is hot.

» Store fuel for the generator in a container that is intended for the purpose and is correctly labeled as such. Store the containers outside of living areas.

## Just Remember...

When plugging in appliances, make sure they are plugged directly into the generator or a heavy duty outdoor-rated extension cord. The cords should be checked for cuts, tears and that the plug has all three prongs, especially a grounding pin.

If you must connect the generator to the house wiring to power appliances, have a qualified electrician install a properly rated transfer switch in accordance with the National Electrical Code® (NEC) and all applicable state and local electrical codes.

## FACT

! CO deaths associated with generators have spiked in recent years as generator sales have risen.

### POP UP TENT TRAILER

Tent trailers have come a long way since their initial popularity in the 70's. Check out the difference in shapes and the materials used.

A great purchase for a couple or small family that just wants to get away without all the frills and the expense, yet with everything for a fun campout. Can be towed with a smaller truck.

Pop-Up Trailer

### TEARDROP CAMPER TRAILER

Teardrop Camper Trailer

Given their name for their streamlined teardrop shape, these are very lightweight, sometimes even being pulled with a car. They sleep 1-2 and typically have a fun outdoor kitchen. Be a part of the "teardrop community" with lots of campouts and rallies around our area.

### TRUCK MOUNTED CAMPER

A camper mounts on the back of a pickup. It typically sleeps 2-3, depending on the layout. Portable, compact, but with all you need such as a stove, refrigerator, bathroom etc.

A recreational vehicle, also known as an RV or a camper, can be a worthwhile investment for people who want to travel at their leisure. RVs offer the benefit of traversing the open road without having to sacrifice the comforts of home.

The RV market has been hot over the last couple of years as people have looked to RVing as a safe way to travel. According to the RV Industry Association, shipments of travel trailers and motorhomes were expected to hit their highest level on record in 2021, with more than 533,000 units sold by year-end.

Sizable purchases are seldom easy, and purchasing an RV is no exception. In addition to choosing the right vehicle, RV owners must learn maintenance, how to drive a large ve-

hicle, towing, and campsite etiquette. Buying an RV is a long-term investment. These pointers can help the purchase go smoothly.

**New or used?**

Purchasing a used RV can help people save money. However, upgrades and repairs may be

costly. New RVs have the latest technology and no risk of prior wear and tear. Insurance premiums will be higher for a new vehicle, and a new purchase can be expensive depending on the features chosen.

**Figure out features and size**

Take a hard look at what you are seeking in a camper. Do you want something that is just an alternative to tent camping? Are you interested in an RV that can sleep a crowd? Do you have a tow hitch and a vehicle capable of towing an RV? These questions and more will determine the style and size of the RV that's right for you. Class A RVs are large, bus-shaped rigs between 20 and 45 feet in length. Class B are sleeper vans and are smaller than Class A. Class C rigs offer size but driveability and are built into a regular truck chassis. For trailer-style RVs, the options are foldable trailers, travel trailers, toy haulers, and fifth wheel trailers. They vary in size and features; but you'll need a truck to tow them.

**Usage frequency**

When considering an RV, think about how often it will be used and where it will be stored when not in use. Garage storage may be challenging on a larger rig, and some housing communities frown upon parking RVs in driveways. This may affect the size you choose as well as the features you need, according to KOA, the RV camp site leader.

**Secure financing**

As with other vehicles, shop around for the best rates on financing; you don't necessarily need to go with the dealer. Also, when buying a trade-in or used rig, hire a third-party inspector to go over systems to ensure they're in working order.

These are just a few things to consider when looking to purchase an RV. Buyers should do their homework to get a vacation vehicle that fits their needs and budgets.

**ALEX MANDERE - STATELINE LEGENDS 2023 CHAMPION**

Alex Mandere in winner's circle. - Alex Mandere Photos

As if short track racing is not full of enough drama, Alex Mandere added his own elements when he won the 2023 Rayce Rudeen Legends title at Stateline Speedway.

The 15-year-old clinched the championship with a last-lap pass, edging Marissa Sawin from Snohomish, Wash. by 15 points.

But more notable, Mandere wrote in an email was, "We went for a wild ride flipping 12 times," in the legend shootout race. "We scrambled to find a solution, but

we ended up just patching up the body for the season and getting new suspension."

"We worked out the kinks enough to run inside the top 3 the last two races," he said.

Mandere, who began racing in 2022, also competes sometimes in Mini Stocks, and he will graduate to big cars in 2024 with a late model ride.

"This was our last legend car season as we are moving up to late models and racing full-time in mini stocks with Terry Armstrong Jr." Mandere said.

"I can't thank Jesus, my dad John Mandere, Dallas Allen, Trayten Tarr, my grandpa and mother and family enough," Mandere said.

Other important supporters include Kodiak Building Partners, Redbuilt, Baker Construction, Tire Rama, Kevin Rudeen and Rayce Rudeen Foundation.

**LEGENDARY IROC BRAND RETURNS IN 2024**

According to a Jan. 8 news release, Ray Evernham, a NASCAR Hall of Fame inductee, and Rob Kauffman have officially joined forces to form IROC Holdings LLC, a joint venture company, and have acquired the rights to the iconic IROC brand.

IROC Holdings will seek out the revival of the brand beginning in 2024.

A date for the event, a location for the race, and a list of drivers who will compete in the race are unknown at this time.

The purpose of Monday's announcement was simply to let the world know that the IROC brand is officially back and that it is in capable hands with Evernham and Kauffman steering the ship.

The International Race of Champions (IROC) was a racing series, that held events in 30 seasons between 1974 and 2006

and included a star-studded lineup of drivers from all forms of motorsports in the series.

Following the 2006 season, IROC faded away, but the memory of the special series has remained in the minds of race fans.

For Evernham, the IROC brand also means a great deal as he started his professional motorsports career, which led to him recording three NASCAR Cup Series championships (1995, 1997, and 1998) as a crew chief for Jeff Gordon, as a chassis specialist for IROC at the age of 26.

Evernham has an extensive collection of original IROC race cars, including a large collection of the Chevrolet Camaros, which were utilized in the series in the 1970s.

According to a representative with IROC Holdings, the plan at this time is for the IROC event to feature the IROC 1970s Chevrolet Camaro race cars.

Paul Delaney has been writing about Motorsports in the Pacific Northwest since 1976. He welcomes learning about your racing accomplishments.
