"The Outdoor Insider"

There is a change in the weather coming that could make fishing difficult, as ice begins to form on our area lakes. This is good news for those who enjoy ice fishing. Ice fishing is already happening at Curlew and Bonaparte lakes, and with the cold weather coming more lakes will offer that opportunity.

There are a lot of options available to anglers here in Central Washington right now. Anglers are catching very nice rainbow trout and a few big kokanee on Lake Roosevelt. On Potholes Reservoir boaters are trolling for walleye, and trout, and even catching some whopper largemouth bass. Shore fishermen are getting some nice rainbow, too. I had some great fun catching perch on Moses Lake from the shore near the I-90 Bridge a while back, and I am headed there on Friday. In September, I got a photo from my friend Mike McKee, showing an amazing catch of perch that he and his fishing buddy, Joe MacLean had taken on Moses Lake. They had two limits and the fish ranged in size from about 9 to 13 inches! They invited me to come down and, of course, I raced there to meet them. We started near one of the outflows, where they had caught these fish, and found none. We tried spots all over the lake, and I think the grand total was four fish! Mike asked me to try Moses Lake for perch again later in the week, and, of course, I bit.

Well, the good news is there are perch here again. The bad news is that they are about 3 inches long. So, I proceeded to Blue Heron Park on Moses Lake.

I saw that there were several anglers on the rip rap bank, but no one on the bridge. I decided to try it from the bridge and had an 11-inch perch in my bucket on my first cast. It took me another fifteen or twenty minutes to get another one though, so I packed it in and headed for home. This may be my last chance to fish here if the weather forecast proves true. Single digit temperatures will put a thin layer of ice on Moses Lake for a while. Many hope that it gets thick enough to allow for safe ice fishing.

Then I got a text from my friend Mike McKee, very early in the morning. I was planning to meet him in Moses Lake to go perch fishing. We were going to launch his boat at Blue Heron Park and run down to the I-90 Bridge. Here we would anchor and fill our buckets with perch. However, he caught some kind of bug and couldn't go. Well, I was already rigged up and the truck was loaded with my gear, so I went anyway. On the way down I decided to check on the perch fishing on Winchester Wasteway at the bridge on Road 5. This used to be a great spot to fish for perch in the winter. We used to go there with the whole family, nieces and nephews, the whole gang. When I arrived, I did see some evidence that people had been fishing here. You know, empty worm cartons and leader

There are more perch in this area this season than there has been for a few years. This week's photo is of anglers fishing on the rip rap near the I-90 Bridge.

I am about to send out my next free E-Letter, for Winter 2024. There are some really exciting developments coming up this winter, and I will be detailing them. One of the most popular species to chase in Eastern Washington is kokanee. Kokanee fishing on Lake Chelan is year-round, and there are limit numbers of kokanee being caught on the big lake right now. Where to find them and how to catch them will be explained in the E-Letter. Lake Roosevelt is famous for giant kokanee, and although the lake level hasn't dropped, whopper kokanee are already being caught just above Grand Coulee Dam. Also, the rainbow fishing

has been terrific. There is good news for those who like to fish Rufus Woods Reservoir, like the recent release of some whopper triploids by the Colville Tribe. Subscribers will also get information on the top ice fishing lakes in the region. If you aren't currently on the subscribers list, go to the Home Page of my website, at www.fishingmagician.com, and click on the E-Letter button.

I want to remind people about a couple of events that are coming up in January. There are two ice fishing derbies. The first one is the annual NW Ice Fishing Festival on Sidley Lake, at Molson, near Oroville. It's scheduled for Saturday, January 13th. Breakfast is from 7am - 10am at the Grange Hall, \$10

Adults, \$5 for Kids 6-12, Kids 5 and under are free! The Craft Fair will also be going on most of the day. Sitzmark Ski Hill will be serving lunch. Then, catch Bingo from 1-3pm, proceeds will be going towards replacing the roof on the beloved Grange Hall! There will also be arts and crafts for the kiddos! I have attended this event, and it is guaranteed to be a great time. You can call the Oroville Chamber of Commerce, 530-538-2542, for more information.

Last year the folks at Bonaparte Lake Resort decided to have an ice fishing derby, and since they had almost 400 people turn out for it, they are going to do it again. This year it's scheduled for Saturday, January 27th. Resort owner Eric Cruz sent me the list of sponsors and prizes, and it was a long one. There could be prizes valued as much as \$9,000 handed out at the event, and there will be cash awarded as well. Prizes will be awarded for these categories: Adult biggest fish, Adult multi species and Kids biggest fish. To get the details on the derby, go to the Home Page of my website and click on the ad listed on the right hand side of the page.

Also, I will remind you of the first Sportsmen Show in Eastern Washington. It's the Tri-Cities Sportsmen Show, scheduled for January 26th through the 28th at the HAPO Center in Pasco.

I am digging out my heated jacket, socks, and pocket warms. I don't want to miss out on any of the fun coming up this winter!

DOG OF THE WEEK

Meet **Kate!** Kate would make a great addition to just about any household. Kate loves going out for walks to help her get in shape for the new year. Kate is always happy to stop at the park bench for a minute to sit and watch the many people and dogs coming and going. She has a mellow personality for the most part, but still has a young dog playful side when she is feeling goofy.

GARDENING TIPS

Master Gardeners of Spokane County

CATALOGS AND SEEDS

It's time to order seed and plant catalogs and seeds! Order your favorites now to avoid the selection being sold out. Try a new variety of your favorite flowers and vegetables.

VIEW FROM INSIDE

This is a good time to take a hard look at what your garden looks like from the inside. Check your favorite windows and ask yourself if your view could use some additional winter interest or if it could use pruning to avoid blocking your views.

FORCE BULBS

Favorite bulbs for forcing indoors are amaryllis, paperwhites, and hyacinths. Other bulbs include tulips, daffodils and dwarf iris. Forced bulbs don't even need soil to grow as they grow well in water and gravel.

SNOW ON TREES

If you can, leave snow on trees and shrubs unless the weight of the snow appears to be breaking branches. If you need to remove snow, use a broom and sweep upwards. Never attempt to remove ice from branches as they will break.

3 SIMPLE WAYS TO EVALUATE A HOME BUILDER

Home builders use similar tools and materials; however not all professionals are alike when it comes to training and customer service. Building a new home is a significant investment of time and money, so finding a builder whose business approach aligns with your preferences is critical to ensuring the process goes smoothly.

When you initially meet with a home builder, they will ask you questions about the dream home you want to build. During this time, you should also ask the builder about their professional experience to help determine if they are the right builder for you. Consider asking the following questions to help you vet the builder that works best for your needs:

1. Tell Me About Your Work Experience

You will want to find a builder with experience building homes similar to the one you want. Professional home builders will have examples of floor-

plans and designs. Ask them to show you what type of work they have completed in the past to ensure their company can deliver what you need. You should also ask if they have, or are working toward, professional designations, such as a Certified Aging-in-Place Specialist (CAPS), which shows that the builder has advanced training in a particular area.

2. Can You Provide Customer References?

Any high-quality builder should be ready to provide you with names and phone numbers of satisfied customers. If they cannot, consider that a red flag

and walk away. When reaching out to those former clients, ask how well the builder followed through on the initial plans, and if the builder met their expectations regarding budget and timing. Remember the most telling question: Would they hire that builder again if they could do it all over?

3. How Will We Communicate During the Home Building Process?

Home builders will do their best to accommodate your communication preferences. But it is always best to establish expectations as early as possible. The frequency (weekly, monthly, as-needed, etc.) and method (phone, text, email) of how you communicate early on with each other will set the tone throughout the building process.

For more information about how to find the right builder to create your dream home, contact the Central Washington Home Builders Association, or visit CWHBA.org

ALEX MANDERE - STATELINE LEGENDS 2023 CHAMPION

As if short track racing is not full of enough drama, Alex Mandere added his own elements when he won the 2023 Rayce Rudeen Legends title at Stateline Speedway.

The 15-year-old clinched the championship with a last-lap pass, edging Marissa Sawin from Snohomish, Wash. by 15 points.

But more notable, Mandere wrote in an email was, "We went for a wild ride flipping 12 times," in the legend shootout race. "We scrambled to find a solution, but

we ended up just patching up the body for the season and getting new suspension."

"We worked out the kinks enough to run inside the top 3 the last two races," he said.

Mandere, who began racing in 2022, also competes sometimes in Mini Stocks, and he will graduate to big cars in 2024 with a late model ride.

"This was our last legend car season as we are moving up to late models and racing full-time in mini stocks with Terry Armstrong Jr." Mandere said.

"I can't thank Jesus, my dad John Mandere, Dallas Allen, Trayten Tarr, my grandpa and mother and family enough," Mandere said.

Other important supporters include Kodiak Building Partners, Redbuilt, Baker Construction, Tire Rama, Kevin Rudeen and Rayce Rudeen Foundation.

LEGENDARY IROC BRAND RETURNS IN 2024

According to a Jan. 8 news release, Ray Evernham, a NASCAR Hall of Fame inductee, and Rob Kauffman have officially joined forces to form IROC Holdings LLC, a joint venture company, and have acquired the rights to the iconic IROC brand.

IROC Holdings will seek out the revival of the brand beginning in 2024.

A date for the event, a location for the race, and a list of drivers who will compete in the race are unknown at this time.

The purpose of Monday's announcement was simply to let the world know that the IROC brand is officially back and that it is in capable hands with Evernham and Kauffman steering the ship.

The International Race of Champions (IROC) was a racing series, that held events in 30 seasons between 1974 and 2006

and included a star-studded lineup of drivers from all forms of motorsports in the series.

Following the 2006 season, IROC faded away, but the memory of the special series has remained in the minds of race fans.

For Evernham, the IROC brand also means a great deal as he started his professional motorsports career, which led to him recording three NASCAR Cup Series championships (1995, 1997, and 1998) as a crew chief for Jeff Gordon, as a chassis specialist for IROC at the age of 26.

Evernham has an extensive collection of original IROC race cars, including a large collection of the Chevrolet Camaros, which were utilized in the series in the 1970s.

According to a representative with IROC Holdings, the plan at this time is for the IROC event to feature the IROC 1970s Chevrolet Camaro race cars.
