The weather is chilly and wet throughout the region, but there are some great fishing opportunities right now. Many lakes opened to fishing on March 1st, and anglers are out after rainbow trout. One of the most popular spots is the Quincy Wildlife Area.

Sunny but chilly and windy weather greeted anglers for the opening of the lakes in the Quincy Wildlife Area on March 1st. I visited several lakes to see how anglers were doing and what size trout they were catching. Many of these lakes are planted with both catchable size trout and fry each year, and I saw people with this year's yearling fish and some carryovers from last season. I ran into Joe Zellinski, who was doing creel checks for the WDFW. He participated in a test fishery two weeks ago and found many of the trout to be 13 and 14 inches and one was a 19-incher that probably weighed 3 pounds. Almost all the anglers I visited with had trout on their stringers at both Burke and Quincy lakes. The same was true at Martha Lake and Caliche. Those who had to wait for the weekend to make their trip to these lakes should have had pretty good fishing. It looked to me to be one of the best opening days I have seen in a few years. I wanted people to know that the video I did on bank fishing at Keller Ferry is now posted on the Dave Graybill YouTube channel. This week's photo is of a typical rainbow caught at Burke Lake on the opener.

When I stopped by Caliche Lake I saw a young father with his two youngsters. It warmed my heart to see this. I was lucky to have a father that took us fishing. Some of my earliest memories are of fishing from the shore at one of the lakes in our region. I remember a chilly morning at Alta Lake fishing with my Dad, Grandfather, and brother. I laugh now when I think of asking for help when I was trying to reel in a 14-inch rainbow. We used to camp at Wapato Point and then rent a boat and fish for trout at Wapato Lake in the evening. We caught some whoppers. One of my favorite photos I took when I was working at Fishing and Hunting News back in the 70s. It was of my little brother Lane struggling to hold up a stringer of trout

and perch we caught at Wapato Lake. The perch were as big as the trout! When my daughter was about four years old, she caught a pike minnow and promptly named it Timmy. We talked her into letting it go so she could visit him next time we were here. What great memories!

Fans of fishing Rufus Woods Reservoir will be pleased to learn about a recent plant of triploid rainbow trout. The Colville Fish and Wildlife Department has announced that they are releasing over 15,000 fish, with an average of weight of 1.5 pounds. The fish were released on Thursday of this last week. Typically, the release sites are at Seatons Grove at the top

end of the reservoir and from the State Park, which is just above Chief Joseph Dam near Bridgeport. This will certainly improve catches for both bank and boat anglers. Those who fish Rufus Woods are reminded that all of the trout released into the reservoir are provided by the Colville Tribe. The Colville Tribe also said that they are now going to release trout into the lakes within the reservation boundaries. Some of the fish being released are at least the size of those going into Rufus Woods and some of them will be larger. Twin Lakes, near Inchelium and Buffalo Lake are a couple of the lakes that allow non-tribal members to fish, and often receive some whopper triploids each spring. Further releases of trout are planned through the months of March and April.

I had a great time in Yakima at the Sportsman Show. I was down there with the guys from Bob Feil Boats and Motors and got to meet some of the folks I see every year at the show. I also met a bunch of new people that are followers of my reports and had some great conversations. I want to thank them for their compliments on what I do. That's what keeps me going. The busiest corner at the show was Lunker Lake, the fishing pond full of trout for kids to catch. It is always fun watching the action and seeing the grins on the faces of these youngsters. Many of them were catching their first fish. I also got to learn about the new fishing boats that have arrived at the Bob Feil Boats and Motors dealership in East Wenatchee. Star Weld is a new line of very family friendly fishing boats, and the pontoon boats from Sylvan always get a lot of attention. Wait until you see the new Phantom from Smoker Craft. Wow. Now is a great time to drop by the dealership as it is full of new aluminum and fiberglass recreational boats.

It's time to mark your calendars for the annual Trout Fishing Derby on Burke and Quincy lakes. The Quincy Chamber of Commerce has been doing this event for years and has made some changes to make it even more popular. The best change has been to move the date to later in March. It will take place on Friday March 22nd and Saturday March 23rd this year. Too often in years past the derby date has had to be delayed because the lakes were still frozen. Once again there will be prizes awarded for the longest fish and cumulative weight in both adult and youth categories. There is always a huge pile of prizes, thanks to local sponsors, and you don't need to catch a fish to get a chance to win. Just buy some raffle tickets. Something that is new this year is the Trout Derby Photo Contest. People can vote for their favorite photo through the Quincy Chamber's Facebook page, and the winner will receive a 70 inch flatscreen TV. Get the details about the derby and photo contest by clicking on the Something Fishy logo on the home page of the Fishing Magician website at [www.FishingMagician.com](http://www.FishingMagician.com). I hope to see you there!

**Income Tax COUNTDOWN**

What could be more satisfying than to have your tax return completely organized, filled out, and signed well before the dreaded April 15 deadline? What feels worse than hunting around for missing records at the last minute, being greeted by an angry glare from a frazzled tax preparer on April 13, or even finding out that you owe more taxes than you expected to pay? You can make things easier on yourself and your accountant by taking these simple steps during the year.

**JANUARY-FEBRUARY**

1. Start keeping records for the current year's expenses.
2. If tax forms don't arrive in the mail, pick them up at a local bank or post office. Or call the IRS at 1-800-424-FORM.
3. Make an appointment with your accountant or tax preparer.
4. If you are preparing your own return, consult a current-year tax guide.

**FEBRUARY-MARCH**

1. If you have dependents 2 years old or older who don't have Social Security numbers, fill out Form SS-5 at your local Social Security office.
2. If you were exempt from withholding from wages last year, file a new W-4 form with your employer to continue your exemption this year.
3. If you have not received a W-2 form from your employer or 1099 forms from your bank, broker, and so forth, report the oversight to them.
4. Review your payroll records, check stubs, and receipts; list itemized deductions.
5. List your sources of income, including salary, interest, dividends, capital gains, professional fees, and pensions.

**MARCH-APRIL**

1. Provide your tax preparer with all necessary records and information.
2. Review completed tax forms for errors and omissions.
3. Sign the forms and write your Social Security number on them. Your spouse should sign a joint return (if filing jointly). Make photocopies for your files and keep them for at least three years.
4. Make out checks or pay amounts due, if any.
5. For a 4-month extension, complete Form 4868. You must still pay what you owe. Make out a check or pay an estimated amount by April 15.
6. Consult your accountant about changes in the tax laws, especially deductions, for them coming year. Adjust your spending, investments, and your files accordingly.

**Gallery Opening - Chad Yenney and Will Bow: Vacation Club**

Moses Lake Museum & Art Center, Main Gallery, - 401 S. Balsam St., Moses Lake

Between March 15 & May 3 from 4-7 PM. We invite viewers to take a respite from their daily lives and explore a world of nostalgia, wonder, and mystery. Chad Yenney's medium is primarily mixed media collage with works on paper, in resin and on canvas or panel. His pieces deal with joy, loss, rebirth, and decay, with an emphasis on surreal interpretations of social and environmental issues of our times. Will Bow's work tends to focus on the beauty of "lonesome" forgotten times and objects and on our various perceptions of the human experience. Will primarily works in watercolor on a multitude of surfaces, including canvas, wood, and sometimes paper, mixing in acrylic and latex paints as well as graphite, chalk, and colored pencils. In addition to the two artists' solo works, there will also be a couple collaborative pieces that could be read as a narrative of call and response.

**NINE RACES IN 2024 AT NORTHPORT INTERNATIONAL**

Dirt track racing returns again in 2024 for one of the region's oldest race tracks at Northport, Wash.

Promoter Cory Bell has released a schedule that includes nine points races plus a Father's Day weekend mud bog.

The track, located across the Columbia River bridge on the way to Canada off State Route 25, is situated in a picturesque natural bowl. It opened in 1953 and has operated for all but a few seasons since.

If some old-fashioned dirt track competition is your game, then Northport's 3/8's mile clay surface is a nearby place to soak it up with racing in Modifieds, Street Stocks, Fever 4 and Hornets according to Racingin.com. NIR also runs go kart classes.

Bell said he anticipates at least two 2023 champions to return to attempt to defend their titles. And it ought to be interesting considering the family ties involved.

"I'm thinking Dan Watkins' boy Daniel is going to take it from him in the modified class," Bell wrote in Facebook Messenger,

adding that "Richard Davies will try to take the street stock title from his brother Gordon."

While hotel accommodations are limited in the vicinity of the track there is camping onsite with no hook ups. Racingin.com says Upper Columbia RV Park & Campground is another option.

**NORTHPORT 2024 SCHEDULE:**

- April 20 Work day
- May 4 Opening day
- May 18 Regular racing
- June 15 Mud bogs
- June 16 Regular racing
- July 9 Regular racing

**APPLE CUP OPENS NWSLM SEASON APRIL 7** From nwslm.com media

Spokane, WA – As the Northwest Super Late Model Series presented by RaceCals approaches its season opening event on April 7th, we remember the former winners of the prestigious "Apple Cup".

Tri-City Raceway at RMEC will host the \$10,000-to-win 55th annual event for the third consecutive season. This after Yakima Speedway had hosted the previous 52 editions.

The all-time winningest driver of the historic event is Don Dowdy.

Dowdy was a seven-time winner of the "Apple Cup" at Yakima. He was the winner of four straight from 1974 to 1977. He then went on a three-race win streak from 1979 to 1981, making it seven wins in eight events. Dowdy was a multi-time track champion at the now defunct 1/2-mile and was known as the "Greatest Yakima Speedway Driver of

All-Time".

He began his racing career in 1961, just five years after the track was opened. He was also a multi-time NASCAR Northwest champion.

The annual "Apple Cup" will open the 2024 10-race campaign for the NWSLMs.

# 5 SPECIALITY ROOMS HOME BUYERS REALLY WANT

- Part 1 -

Every home buyer has an ideal home in mind. Location, home size and features are among the top considerations when deciding if a home is right for you. However, one new home feature that piques home buyer interest is specialty rooms. Beyond bedrooms and bathrooms, specialty rooms have a specific purpose. The National Association of Home Builders (NAHB) surveyed recent and prospective buyers about what specialty room they considered essential and desirable in their new home. The survey results may surprise you!

## LAUNDRY ROOM

A space for folding, hanging or simply a space to put dirty clothes placed high on the list. A large majority of buyers (87%) rated the laundry room as

an essential/desirable feature. A laundry room has consistently been the most popular specialty room since 2003. These rooms are more than a space for appliances and can be outfitted with built-in storage and other features to help make the most of the area.

## HOME OFFICE

More flexibility with work makes this space in new homes among the most popular. A majority (63%) of buyers want a home

office. However, the survey revealed that this request isn't a recent trend. The share of buyers who desire this has remained above 60% since 2007. Home offices are popular among millennials and married couples with children.

## FLEX/ MULTIPURPOSE SPACES

Formal rooms have their place in homes, but more buyers are saying they want space with the ability to adjust to meet their needs. More than half (56%) of buyers wanted a flexible

or multipurpose room. From transforming a guest space into a hobby area or simply a quiet nook to find respite, flexible spaces are grabbing buyer attention.

New homes offer modern floorplans and specialty spaces that meet your family needs. For more information about new homes available in the community, contact the Central Washington Home Builders Association, and be sure to read next week's article in the Exchange for more top trending Specialty Rooms!
