## ACTIVITY AT THE SPOKANE VALLEY CITY COUNCIL

Attention has lately centered on activity at the Spokane Valley City Council. Since January 2nd, events caused by the actions of newly elected council member, Albert Merkel, have disrupted the normal functioning of our City Council & Staff. Merkel, having campaigned on a platform of "shaking things up," has succeeded in producing an environment of controversy, confusion, fear, & discord. His boorish attempts at moving his agenda are proving costly for our city. Case in point, our tax dollars are being spent to build a \$20,000+ wall upstairs to prevent Merkel's access to our busy & valuable Staff. The additional legal costs he has created for us are substantial. Spokane Valley enjoys a reputation of being well governed, fiscally responsible, & financially sound with a staff that is second to none. The inference by Merkel, whose background is itself questionable, is that the City of Spokane Valley is mismanaged, & that its government is "on the take," has no basis in fact. Thus, it remains to be seen if this whirlwind of bluster crashes against the rocks of truth or if it unfortunately gains traction and achieves the nirvana it promises. Merkel & his followers have caused chaos at our Council meetings. The best way to neutralize Merkel is if Spokane Valley residents, who care about the future of our City, speak up loud & clear. Please attend as many Council meetings as possible & let our Council & Staff know how much they are appreciated. Thank you, Pete Miller, Spokane Valley. Paid for Advertisement

**THE CITY OF SPOKANE VALLEY HIGHLIGHTS**

**10210 E. Sprague Ave. | 509-921-1000 | SpokaneValley.org**

**YOUR CONNECTION TO THE CITY COUNCIL**

**Recent Updates...**

**Spokane Valley City Council - March 26, 2024**

After a week off while City officials journeyed to Washington D.C. to confer with our legislators, regulators, and lobbyists to further City initiatives, the Spokane Valley City Council resumed business. Its agenda led with a resolution.

Resolution 24-007, sponsored by Councilwoman Jessica Yeager, declares the city's commitment to being "...a safe community and eliminating activities that contribute to the influx of fentanyl, opioids and other illegal activities." Resolution 24-007 passed unanimously.

The last remaining vacancy on the Spokane Valley Planning Commission was filled with Mayor Haley's appointment of Michael Kelly. That appointment fills the vacancy created by a resignation earlier this year. The motion to confirm the Mayor's appointment of Mr. Kelly for a term beginning immediately and ending December 31, 2025, passed 6-1 (Merkel-no).

Currently, the City contracts with Spokane County for traffic signal, sign, and pavement marking maintenance. The County has up to now been able to meet the needs of the City. However, due to escalating costs and labor shortages, the County is now unable to meet our needs necessitating action by the City to address the problem.

The remaining areas of mutual assistance require a new interlocal agreement to align the services provided by each. Under this new agreement, the County will provide traffic sign maintenance and pavement markings. Traffic signal maintenance, street light maintenance, crosswalk/flasher maintenance, road maintenance, and miscellaneous services as well as emergency assistance will be the City's responsibility or shared with the County on an as needed basis. Those shared services are defined for emergency needs. The motion to authorize the City to finalize and execute the Interlocal Agreement for Road and Traffic Maintenance and Miscellaneous Services Between Spokane County and the City passed 6-1 (Merkel-no).

On March 6, 2024, the Washington State Freight Mobility Strategic Investment Board (FMSIB) issued a call for projects that are designed to improve the movement of freight and/or mitigate the movement of freight through local communities. This call for projects enables FMSIB to create a Six-Year Freight Mobility Strategic Investment Program that includes the highest priority freight projects for legislative consideration. Applications for FMSIB grants under this program are due April 19, 2024.

The City's top three recommendations are:

PROJECT	REQUEST	TOTAL Project COST
Sullivan/Trent Interchange .....	\$10.0 million.....	\$46.8 million
South Barker Corridor .....	\$3.5 million.....	\$41.0 million
Barker/I-90 Interchange.....	\$2.0 million.....	\$40.0 million

The motion to authorize the City Manager to apply for the FMSIB call for project grants identified above passed 5-1 (Merkel-no). Councilman Wick recused himself since he sits on FMSIB's Board of Directors.

In 2021, Spokane County opened the Spokane Regional Stabilization Center (SRSC) with 45 beds to provide a pre-booking jail diversion option where someone who is in crisis (mental or opioid) may be taken for treatment rather than jail. Initially, only first responders could take individuals to SRSC. However, other providers may now direct crisis candidates there.

Spokane County has applied for government assistance from Senators Murray and Cantwell and Representative McMorris-Rodgers. They are requesting support in those requests from the City. Council consensus was reached to provide letters of support for the County's funding requests.

The Commute Trip Reduction (CTR) was enacted by the State Legislature in 1991 to address traffic congestion, air pollution, and petroleum fuel consumption. It requires employers with 100 or more employees to develop incentives for carpooling. The act also requires local governments in urban areas with traffic congestion to develop programs that reduce drive-alone trips and vehicle miles travelled per capita.

The City and Spokane County have operated since 2003 under an interlocal agreement that provides for the County to retain the City's state issued CTR funds in return for the County's development of an overall CTR program. Consensus was reached to bring a renewal of the CTR interlocal agreement to Council.

*Spokane Valley City Council meetings are held in City Hall, 10210 E. Sprague Avenue, on Tuesdays, commencing at 6:00pm. City Hall is open for regular business during normal business hours (8:00am to 5:00pm). The Public is invited to Council meetings to participate in action items or public comment periods in person or via ZOOM. Call 509-720-5000 or prior to 4:00 p.m. for access instructions. Council meetings are broadcast on Comcast channel 14.*

**Free First Avenue Coffee featuring artist Bevie LaBrie**

*First Avenue Coffee - 1011 W 1st Ave Suite A*  
 First Avenue Coffee is featuring local artist & Art Therapist, Bevie LaBrie's solo exhibition "Juxtaposition". Bevie's Exhibition began on Wednesday March 27 runs through April 1st from 7:00 AM to 4:00 PM. juxtaposition: An exploration of the both / & A vibration of dualities co-exist in the landscape of every human. The juxtaposition of quiet & chaos, of peace in the middle of hurricane moments or seasons in life. Joy as we also feel immense loss, emotional vulnerability amidst physical strength & emotional strength amidst physical vulnerability. We expand amidst constriction, & grasp light in the darkest of situations. The titration of slow tedious tending to expansive, big, bold moves. The surge of energetic release contrasting tired, slow fatigue. Raw exposure of our humanness while poise & order lay simply around the corner. Walking the edge of present control to the expansive, maybe messy unknown. The radical acceptance of all; the embracing & even loving of them all; the integration of all; perhaps this is...true happiness.

It is great to see people getting out and about after an odd winter. I am seeing folks fishing our big reservoirs and lakes throughout the region. Spring is a great time of year when more and more fisheries begin to happen. Better dust off the tackle box and get your boat ready to go.

The forecast for last weekend was for rain and wind but it didn't dampen the spirits of the anglers that fished in the annual Quincy Chamber of Commerce Trout Derby. Over 100 people registered for the event that took place on Burke and Quincy lakes. Fishing at these lakes has been good since the March 1st opener and was excellent during the derby. Quincy Lake was the most productive for anglers this year. Thanks to the local Aikins Market, Raceway Technologies, Pepsi and Vantage Data Centers, \$3,600 worth of big rainbow were added for the derby. There were over \$5,000 worth of prizes handed out to the derby winners and through raffles. In the Youth Division, Julian Rubio won an Xbox for a 22.5 inch fish. Ruby Prunedo turned in 14 pounds of trout and won a drone. Prior to the weigh in, I had met Holly Bogart, who said she was a big fan of mine.

Her fishing partner told me that on Saturday, she got her limit, and he didn't land a single fish. Turns out she swept the Adult Division, with a 22.5 inch rainbow and over 13 pounds of trout. Derby organizers made sure that kids that participated received a rod and reel, or a tackle box. The Quincy Chamber and volunteers did a great job again this year. Anglers who like to participate in the Chamber's annual Pike Minnow Derby should know that the event has been moved to the fall. I will keep you updated.

I mentioned earlier that I was invited to fish Billy Clapp with some friends. Dennis and Monica Beich met me at the boat launch at 7 and off we went. It was chilly with a slight breeze, and we were looking forward to having a busy day. Dennis and Monica live in Marlin, not far from Billy Clapp and have had many great days in the early spring catching rainbow. We were trolling above the island and Dennis noticed a fish rise in some calm water and steered over there.

Boom! His rod bounced and soon we had a very nice fish up to the boat. The fish was about 16 inches long and was almost square. It had a deep girth and was very chunky. We got our lines out again and continued to troll a variety of shallow running Rapalas. We trolled and trolled, but never got another hit. We were all surprised. Conditions seemed perfect and we are used to catching lots of rainbow at this time of year. We'll be back, though. The traditional good rainbow bite has to happen soon. I look forward

to walleye fishing at the upper end, and there are lots of smallmouth bass in Billy Clapp, too. This week's photo is of Dennis with his fish.

On a previous trip to Rufus Woods a couple of anglers stopped by to say hi, when I was fishing with my friends at the middle net pens. They said they were fishing at the "Greenhouse" access on the reservoir. They had caught their limits of fish like the ones we were getting, but one of the anglers next to them got a 22 pounder, fishing a jig. I wondered where they were talking about and on the way out we passed the sign for the Colville Tribal Greenhouse. The next time I was in the area I turned in to investigate. Driving past the greenhouse facility the dirt road led down to the river and there were several spots where there were steep trails to the shore. I gave this spot a try earlier this week. I didn't catch anything but I was lucky as I ran into the angler that had caught that whopper trout. He showed me his setup, which

was what we used to use when we had steelhead up here. A good ol' slip bobber and black jig.

I love fishing Banks Lake. Not only is it one of the most scenic places to fish in Washington, but it also has terrific fishing for a variety of species. If you haven't tried Banks you may want to plan a trip on April 12 through the 14th. That's when the annual Reel Recreation Banks Lake Triple Fish Challenge fishing derby is scheduled. This is a very family friendly derby with special emphasis on making sure the youngsters have a great time.

On Friday, there's a special "pond" set up and Pacific Seafoods loads it up with rainbow trout for the kids to catch. On Saturday participants head out to catch bass, walleye, whitefish, and trout to be entered into the derby. Fishing continues on Sunday and concludes with a weigh in. Then winners for catches made on both Saturday and Sunday are awarded their prizes. The aim of the derby is to get families involved in fishing, and the derby is a fun way to do it. To learn more about the Banks Lake Triple Fish Challenge, just Google Real Recreation and check out their website. You can even register for the event on the

site.

I recently traveled home to Leavenworth from Coulee Dam. I stopped to see if the docks were in at Northrup and found one dock in place. I have heard some people talking about good walleye fishing and that the bass were beginning to bite. I continued down Highway 17 and visited with some fly anglers who were coming off Lake Lenore. This lake has special rules that make it popular with fly fishers. Getting to Lake Lenore and other spots via Highway 17, anglers should be aware of the construction delays. During the first phase of the project, known as slope scaling, the public should expect regular closures along SR 17, from Monday through Friday every hour at the top of the hour for 45 minutes. These closures start from 8:15 a.m. and run until 5 p.m. State Route 17 will reopen every hour on the first 15 minutes of the hour to clear traffic, before closing again.

**OPERATION DOG TAG**

[OperationDogTag.org](http://OperationDogTag.org)

I, specialist Donald Sohler (US Army), was shot 7 times in Iraq on December 26, 2007. I struggle with PTSD (Post Traumatic Stress Disorder) as well as many physical challenges. I got a Basset Hound and named him Huck. I feel I can talk to him about anything and he won't judge me.

After Iraq I became hyper vigilant. Huck is an extra set of eyes and ears for me. Around Huck I feel safe; I am currently training Huck with Operation Dog Tag, and I am

excited he will be able to help me with the everyday task I currently struggle with.

*Donald Sohler, Coeur d' Alene, ID*

**A MESSAGE FROM THE DIRECTOR OF OPERATION DOG TAG**

Operation Dog Tag is a non-profit organization dedicated to training dogs for combat Veterans. Then in turn, training those Vets to train other dogs for other Vets. Having a dog has been proven to help with rehabilitation & many

Veterans in our area are in desperate need. The Veterans are given these dogs at no cost. So please help us help our Veterans by donating to:

**Pointman Int'l Ministries**  
(DBA Operation Dog Tag)  
Joe Scheffer, Director  
PO Box 1892, Deer Park, WA 99006  
509-276-4364 (leave message)

Dedicated to all men and women who served in combat and their families who love them. Operation Dog Tag wishes to educate the community of their purpose and asks for help in aiding the returning Veterans along with the ones that are already struggling at home.

And we Veterans thank you as we continue "Making Man's Best Friend Even Better For A Veteran"

**Free Landscape Artist Jeff Camden**

*Pottery Place Plus - Historic Liberty Building at 203 N. Washington St Spokane,*

On Friday, March 29 & Saturday, March 30 from 11:00 AM to 7:00 PM join Landscape Artist Jeff Camden at Pottery Place Plus. Jeff Camden was born in Salmon, Idaho where he grew up riding horses, hunting, & fishing. The states of Montana, Idaho, Washington & Oregon became his first love, so the inspiration for his art comes from these great places & the deep respect he has for them. Art has always been a major part of his life ~ his first publication came from a contest he entered at a young age for the Missoulian newspaper. Jeff's main focus is on landscape scenes, creating images of real places & animals as well as imaginary places. Stop by Pottery Place Plus in the Historic Liberty Building in the month of March to see Jeff's work

## THE BEST TIME TO PLANT A TREE

This March I attended an annual community Crab Feed in Halfway Oregon, sponsored by the local Lions Club which my grandfather was a founding member of over a half century ago. He was instrumental in developing the adjoining park, including planting rows of small trees. As time has passed these small trees have grown into majestic and massive shade trees and now provide comfort for those who use that park in the summer months. The knowledge of that legacy has offered a great deal of satisfaction to me through the years, especially now that my grandfather is deceased.

Some years ago while visiting that same home town I cut a switch (stick) from one of the big weeping-willow trees my grandfather had planted in his yard there years prior. My intention was to plant this stick in the ground at my home near Loon Lake, perpetuating his legacy of planting trees. What if my grandpa had never planted those trees? I certainly wouldn't have my willow tree now, or at least those memories of what happened underneath that big old tree.

It has been said that, "The best time to plant a tree is twenty years ago. The second best time to plant a tree is today!" This phrase speaks to procrastination, which we all have the ability to cure today! Some of the best legacies I have seen are when real estate gets passed down to the next generation. In many cases, at ones passing, larger estates get broken into smaller parcels or even sold so the assets can be distributed to heirs, but sometimes they are passed along intact.

What if you were to procrastinate your purchase of real estate just because you think prices may come down some day? While it is true that real estate markets have ebbs and flows, the general trend for prices in the last hundred years has seen a steady upward trajectory. Some evidence of that growth can be seen in the outward urban sprawl that has affected most areas in the region.

Since they aren't making any more land, the demand will continue to push prices upward. Even though we experienced a slight easing of that upward movement in 2023, it appears that trend is rising again. Now may be your chance to scrape out a start for your real estate legacy! If not, then at least go plant a tree and wait to see what it looks like twenty years from now!

**HONDA TO NASCAR? From Northwest Motorsports News Services**

The NASCAR Cup Series may have a new player on the track in the near-future? Long rumored to be taking the technology it has developed for the IndyCar Series, Honda appears to be closer to go fender racing according to www.BeyondTheFlag.com reported March 19.

Sports Business Journal's Adam Stern reported that NASCAR COO Steve O'Donnell says negotiations to add a new manufacturer or competition are "heating up". He added that a person familiar with the matter stated how NASCAR has remained in discussion with Honda, the source reports.

Exactly when this move may occur has no real timetable. But an indicator might be Honda's IndyCar contract expiring in 2026 leaving the door open for a possible stock car entry.

Talks with the OEM have gone on for years, including in 2020, when rumblings about Richard Petty Motorsports switching to the Japanese auto manufacturer were reported, the story indicated.

Toyota was the last manufacturer to come to the NASCAR Cup Series and that was a couple of decades ago in 2007 joining Dodge, Ford, and Chevrolet. Dodge departed in 2012.

"As part of our role managing American Honda's Motorsports programs, we

need to investigate all forms of motorsport here in the U.S., and as a part of that process, educate ourselves on what race fans are looking for," Honda & Acura Motorsports Manager Chuck Schifsky wrote in an email.

"With that said, we have nothing new to report in terms of our future motorsport direction," he added.

Honda is notable for its cutting-edge research and use developing both electric and hydrogen, both technologies NASCAR is exploring.

www.BeyondTheflag.com also reports RFK Racing owner Brad Keselowski reached out to Dodge about a possible return in 2022, but those talks have not moved forward.

**FACELIFT FOR TCR RACING SURFACE**

The racing surface at Tri-City Raceway in West Richland got a recent facelift where dozens of cracks in the track's surface were filled in advance of the April 7 running of the 55th Apple Cup. Opened in 1968, the unique half-mile tri-oval still operates with its original racing surface. The track was dormant for 17 years, reopening in 2021, however. The larger photo shows the track in its early years and the inset 2024 repairs.
