"The Outdoor Insider"

It is great to see people getting out and about after an odd winter. I am seeing folks fishing our big reservoirs and lakes throughout the region. Spring is a great time of year when more and more fisheries begin to happen. Better dust off the tackle box and get your boat ready to go.

The forecast for last weekend was for rain and wind but it didn't dampen the spirits of the anglers that fished in the annual Quincy Chamber of Commerce Trout Derby. Over 100 people registered for the event that took place on Burke and Quincy lakes. Fishing at these lakes has been good since the March 1st opener and was excellent during the derby. Quincy Lake was the most productive for anglers this year. Thanks to the local Aikins Market, Raceway Technologies, Pepsi and Vantage Data Centers, \$3,600 worth of big rainbow were added for the derby. There were over \$5,000 worth of prizes handed out to the derby winners and through raffles. In the Youth Division, Julian Rubio won an Xbox for a 22.5 inch fish. Ruby Prunedo turned in 14 pounds of trout and won a drone. Prior to the weigh in, I had met Holly Bogart, who said she was a big fan of mine.

Boom! His rod bounced and soon we had a very nice fish up to the boat. The fish was about 16 inches long and was almost square. It had a deep girth and was very chunky. We got our lines out again and continued to troll a variety of shallow running Rapalas. We trolled and trolled, but never got another hit. We were all surprised. Conditions seemed perfect and we are used to catching lots of rainbow at this time of year. We'll be back, though. The traditional good rainbow bite has to happen soon. I look forward

to walleye fishing at the upper end, and there are lots of smallmouth bass in Billy Clapp, too. This week's photo is of Dennis with his fish.

was what we used to use when we had steelhead up here. A good ol' slip bobber and black jig. I love fishing Banks Lake. Not only is it one of the most scenic places to fish in Washington, but it also has terrific fishing for a variety of species. If you haven't tried Banks you may want to plan a trip on April 12 through the 14th. That's when the annual Reel Recreation Banks Lake Triple Fish Challenge fishing derby is scheduled. This is a very family friendly derby with special emphasis on making sure the youngsters have a great time.

On Friday, there's a special "pond" set up and Pacific Seafoods loads it up with rainbow trout for the kids to catch. On Saturday participants head out to catch bass, walleye, whitefish, and trout to be entered into the derby. Fishing continues on Sunday and concludes with a weigh in. Then winners for catches made on both Saturday and Sunday are awarded their prizes. The aim of the derby is to get families involved in fishing, and the derby is a fun way to do it. To learn more about the Banks Lake Triple Fish Challenge, just Google Real Recreation and check out their website. You can even register for the event on the

site. I recently traveled home to Leavenworth from Coulee Dam. I stopped to see if the docks were in at Northrup and found one dock in place. I have heard some people talking about good walleye fishing and that the bass were beginning to bite. I continued down Highway 17 and visited with some fly anglers who were coming off Lake Lenore. This lake has special rules that make it popular with fly fishers. Getting to Lake Lenore and other spots via Highway 17, anglers should be aware of the construction delays. During the first phase of the project, known as slope scaling, the public should expect regular closures along SR 17, from Monday through Friday every hour at the top of the hour for 45 minutes. These closures start from 8:15 a.m. and run until 5 p.m. State Route 17 will reopen every hour on the first 15 minutes of the hour to clear traffic, before closing again.

**Outdoor Electrical Safety**

Lighting to improve the look and safety of our homes, electric tools to make our outdoor work easier, and power lines to our home, all need to be handled with care.

**Outside Electrical Work**

- Have a qualified electrician do all electrical work.
- To prevent an electrical shock, make sure all your outside electrical receptacles are GFCI (ground-fault circuit interrupter) protected.

**Equipment Safety**

- Use lighting and power tools that are listed by a qualified test laboratory and make sure they are made for outdoor use.
- Store your electrical tools indoors.
- Keep electric tools away from children.
- Keep the area around your electric meter and other electrical equipment clear.
- Check lighting and extension cords for damage before using. Replace any damaged cords right away.
- Use extension cords that are listed by a qualified test laboratory and are marked for outdoor use.
- Extension cords are not meant for long-term use.

**POWER LINES**

Have a professional tree cutting service trim branches that might fall on electric wiring. Use a wooden or fiberglass ladder outside. Keep the ladder at least 10 feet away from power lines. Never touch anyone or anything in contact with a downed wire. Power lines may be live, stay a safe distance away. Report downed wires to authorities right away.

**IMPORTANT REMINDER**

Thanks to the Exchange for helping continue the four-decade tradition of delivering weekly motorsports news to the Inland Northwest!

## HONDA TO NASCAR? From Northwest Motorsports News Services

The NASCAR Cup Series may have a new player on the track in the near-future? Long rumored to be taking the technology it has developed for the IndyCar Series, Honda appears to be closer to go fender racing according to www.BeyondTheFlag.com reported March 19.

Sports Business Journal's Adam Stern reported that NASCAR COO Steve O'Donnell says negotiations to add a new manufacturer or competition are "heating up". He added that a person familiar with the matter stated how NASCAR has remained in discussion with Honda, the source reports.

Exactly when this move may occur has no real timetable. But an indicator might be Honda's IndyCar contract expiring in 2026 leaving the door open for a possible stock car entry.

Talks with the OEM have gone on for years, including in 2020, when rumblings about Richard Petty Motorsports switching to the Japanese auto manufacturer were reported, the story indicated.

Toyota was the last manufacturer to come to the NASCAR Cup Series and that was a couple of decades ago in 2007 joining Dodge, Ford, and Chevrolet. Dodge departed in 2012.

"As part of our role managing American Honda's Motorsports programs, we

need to investigate all forms of motorsport here in the U.S., and as a part of that process, educate ourselves on what race fans are looking for," Honda & Acura Motorsports Manager Chuck Schifsky wrote in an email.

"With that said, we have nothing new to report in terms of our future motorsport direction," he added.

Honda is notable for its cutting-edge research and use developing both electric and hydrogen, both technologies NASCAR is exploring.

www.BeyondTheflag.com also reports RFK Racing owner Brad Keselowski reached out to Dodge about a possible return in 2022, but those talks have not moved forward.

It appears that Honda is possibly on the road to taking the technology it has developed for IndyCar to NASCAR. - Honda Motors photo

## FACELIFT FOR TCR RACING SURFACE

The racing surface at Tri-City Raceway in West Richland got a recent facelift where dozens of cracks in the track's surface were filled in advance of the April 7 running of the 55th Apple Cup. Opened in 1968, the unique half-mile tri-oval still operates with its original racing surface. The track was dormant for 17 years, reopening in 2021, however. The larger photo shows the track in its early years and the insetx 2024 repairs.

# Income Tax COUNTDOWN

What could be more satisfying than to have your tax return completely organized, filled out, and signed well before the dreaded April 15 deadline? What feels worse than hunting around for missing records at the last minute, being greeted by an angry glare from a frazzled tax preparer on April 13, or even finding out that you owe more taxes than you expected to pay? You can make things easier on yourself and your accountant by taking these simple steps during the year.

## JANUARY-FEBRUARY

1. Start keeping records for the current year's expenses.
2. If tax forms don't arrive in the mail, pick them up at a local bank or post office. Or call the IRS at 1-800-424-FORM.
3. Make an appointment with your accountant or tax preparer.
4. If you are preparing your own return, consult a current-year tax guide.

## FEBRUARY-MARCH

1. If you have dependents 2 years old or older who don't have Social Security numbers, fill out Form SS-5 at your local Social Security office.
2. If you were exempt from withholding from wages last year, file a new W-4 form with your employer to continue your exemption this year.
3. If you have not received a W-2 form from your employer or 1099 forms from your bank, broker, and so forth, report the oversight to them.
4. Review your payroll records, check stubs, and receipts; list itemized deductions.
5. List your sources of income, including salary, interest, dividends, capital gains, professional fees, and pensions.

## MARCH-APRIL

1. Provide your tax preparer with all necessary records and information.
2. Review completed tax forms for errors and omissions.
3. Sign the forms and write your Social Security number on them. Your spouse should sign a joint return (if filing jointly). Make photocopies for your files and keep them for at least three years.
4. Make out checks or pay amounts due, if any.
5. For a 4-month extension, complete Form 4868. You must still pay what you owe. Make out a check or pay an estimated amount by April 15.
6. Consult your accountant about changes in the tax laws, especially deductions, for them coming year. Adjust your spending, investments, and your files accordingly.

**THE PROPERTY SELLER BASICS**

**HOW TO USE FENG SHUI CONCEPTS IN HOME STAGING**

Feng Shui is a Chinese system of beliefs that govern spatial arrangement in relation to the flow of energy or "life force" (known as chi or qi) in a building. Learn how to appeal to buyers who follow such principles.

**CHI FLOWS IN.**

Pay special attention to the front door, which is considered the "mouth of chi" and one of the most powerful aspects of the entire property. Make sure the area is swept clean and free of cobwebs and clutter. Ensure all lighting is straight and properly hung. Consider lighting the path leading up to the front door to create an inviting atmosphere.

**CHI CAN FLOW OUT, TOO.**

Energy can be flushed away wherever there are drains in the home. To keep the good forces of a home inside, always keep the toilet seats down and close the doors to bathrooms.

**CONSIDER THE BEDROOM CAREFULLY.**

The master bed should be in a place of honor, power, and protection. Place it farthest from and facing toward the entryway of the room. The optimal placement is diagonal in the farthest corner of the room. Paint the room in colors that promote serenity, relaxation, and romance, such as soft tones of green, blue, and lavender.

**OFFER A FORMAL DINING SPACE.**

The dining room symbolizes the energy and power of family togetherness. Make sure the table is clear and uncluttered during showings. Use an attractive tablecloth to enhance the look of the table while also softening sharp corners.

**GET A CLEAR PERSPECTIVE.**

Windows are considered to be the eyes of the home. Getting your windows professionally cleaned is a good idea anyway, but for buyers, your home will sparkle all the more brightly and your view will be optimally displayed.
