YOUR CONNECTION TO THE CITY COUNCIL

Recent Updates...

Spokane Valley City Council - April 30, 2024

After a grueling meeting on April 23rd, Council returned to another long agenda on Tuesday's meeting. That Study Session commenced with a proclamation recognizing Asian/Pacific American Heritage Month.

The first item of business was moving Ordinance 24-007 to a second reading. Each year amendments to the City's Comprehensive Plan are proposed for addition to the Comprehensive Plan Docket. Two such amendments were proposed for 2024, both by the City, and both were map amendments. The first is for property owned by Spokane Conservation District located at 4418 East 8th Avenue and would change 44 acres from Multi-Family Residential (MFR) to Mixed Use. An additional piece would change 5.2 acres from MFR to Single-Family residential (SFR).

The second proposed plan amendment would have changed 0.83 acres owned by Family Promise of Spokane at 17103 E. Main Avenue from SFR to Corridor Mixed Use. However, that amendment was withdrawn. The Planning Commission held study sessions on the proposed amendments and recommended passage of the first amendment but denied the second, and it was withdrawn. The motion to move Ordinance 24-007 to a second reading passed unanimously.

Concurrent with Ordinance 24-007 is Ordinance 24-008 which identifies the findings the Planning Commission and Council consistent with the City's Comprehensive Plan Goals and Policies, the State's Growth Management Act, and City Code and enables the City to amend its Official Zoning Map. The motion to approve Ordinance 24-008 passed unanimously.

Also at its last meeting, Council approved moving Ordinance 24-005 to a first reading. The addition of Chapter 5 of the Governance Manual provides the City's Hearing Examiner (Examiner) with authority to preside over hearings contesting an investigator's findings and conclusions of misconduct pertaining to Council members. Traditionally, the Examiner only heard matters concerning land use issues. The inclusion of Chapter 5 necessitates additional rules to set the rules and procedures for the Examiner to perform his new assignment in determining decisions whether Councilmembers engaged in misconduct. The addition of Chapter 5 to the Governance Manual requires that the City's Municipal Code be amended to accommodate the adopted changes. The motion to adopt Ordinance 24-005 passed 6-1 (Merkel-no).

At its March 5th, 2024, meeting, Council reached consensus to apply for two Washington State Recreation & Conservation office (RCO) grants to advance Phase 2 of Balfour Park. RCO operates on a two-year granting cycle timeline, meaning that if funds were awarded this year, they would not be available until 2025 and would have to be used by the end of 2026. With available City matching funds, it could apply for up to \$2.5 million for completion of Phase 2 of Balfour Park. The motion to approve Resolution 24-009 authorizing the application for two grants from RCO for Balfour Park Phase 2 passed unanimously.

The City has joined in participating in Settlements I & II of opioid settlements with pharmaceutical companies from litigation stemming from overprescription of opioids. In addition, after the first two settlements, a third settlement has been reached with Johnson & Johnson. In order for the City to participate in that settlement, it's necessary to take action to join the suit. The motion to participate in the settlement of the Johnson & Johnson Opioid Settlement passed unanimously.

In the City's Tourism Strategy efforts, the cross-country complex that has been identified is moving forward. Engineering and planning for design of the course and facilities are proceeding using the Design Build (PBD) process. That process provides for both the design and construction to be done by a single qualified entity. Staff has determined, through its selection process, to award the contract to Walker Construction and SPVV Landscape Architecture to further define the

scope of work prior to construction commencement to eliminate or minimize obstacles.

Staff presented an explanation of the construction phase of a City project. The presentation covered performance measures and quality control checkpoints during construction, including project documentation, project inspection, and project closeout. The motion to award the Progressive Design Build project to Walker Construction and SPVV Landscape Architecture for a total not to exceed \$3.2 million passed unanimously.

In its February 20th, 2024, presentation of the City's 6-year Transportation Improvement Plan (TIP) staff outlined the Bowdish Road Sidewalk and Bike Lane Project. That project will construct a sidewalk on the east side of Bowdish Road from 12th to 22nd Avenues, add a bike lane from 16th to 23rd Avenues, install a roundabout at the intersection of Bowdish and 16th Avenues, add stormwater structures with treatment, replace existing failing stormwater structures, and resurface the roadway with the project limits. The total budget is \$4,122,265. The construction costs are \$3,024,665. The Engineer's estimate for construction was \$3,559,362; the lowest responsible bidder was Liberty Concrete LLC with a bid of \$3,046,112.70. Six bids were received. The motion to award the Bowdish Road Sidewalk and Bike Lane Project contract to Liberty Concrete LLC in the amount of \$3,046,112.70 passed unanimously.

The U.S. Constitution guarantees..."the poor not just an appointment of counsel, but also effective assistance of counsel." The Washington State Supreme Court has adopted enforceable standards for the provision of indigent defense such as: An attorney representing misdemeanor defendants may not take more than 400 cases per 12-month period. This translates into a substantial increase in legal costs to the City under its contract with the County in its Public Safety agreement for services.

The new requirement will not only add attorneys (up to 23 more) but will include 'Misdemeanor Investigators' (an additional 12.5 more), and a new category; Mitigation Specialist, (14 more). That will necessitate 8.5 more Misdemeanor Paralegals. The estimated cost is somewhere between \$2,743,388 and \$3,664,793 to the City. And this doesn't include the additional costs of housing all those people at the County Courthouse. Council reached consensus to join the efforts of the Association of Washington Cities to try to reign in these expenses.

On September 20th, 2022, Spokane Valley City Council established the Spokane Valley Tourism Promotion Area (TPA). Pursuant to the TPA, the Spokane Valley Hotel Commission (Commission) was formed. The Commission hired 116 & West as their marketing consultant. Spokane Sports, by request from the Commission, submitted a proposal to work with 116 & West to round out the package to brand the City as a "host city" for future sports events. That relationship continues through 2024 with the cost for 2024 increasing to \$400,000 from 2023's \$300,000.

At the request of the TPA Commission, 116 & West brought forward a proposal to expand the current marketing contract with additional paid media campaigns and social media initiatives. The Commission recommended that Council authorize a \$466,000 contract amendment with 116 & West to provide additional tourism marketing services through December 2024. Council reached consensus to bring a motion to authorize the addition.

Spokane Valley City Council meetings are held in City Hall, 10210 E. Sprague Avenue, on Tuesdays, commencing at 6:00pm. City Hall is open for regular business during normal business hours (8:00am to 5:00pm). The Public is invited to Council meetings to participate in action items or public comment periods in person or via ZOOM. Call 509-720-5000 or prior to 4:00 p.m. for access instructions. Council meetings are broadcast on Comcast channel 14.

Fishing Magician

Dave Jayne

Last Saturday was the busiest fish-
ing day of the year, as thousands of an-
glers turned out for the opening day of
the lowland lake trout fishing season.
I had a great time visiting some of our
area lakes and observing the fun people
were having catching trout.

The weather was great on the morn-
ing of the opening of the lowland lake
trout fishing season here in North Cen-
tral Washington. I traveled to several of
our area lakes to see how anglers were
doing and shooting a video as well. My
first stop was at the public boat launch
on Blue Lake, where I visited with a
WDFW enforcement officer while
anglers were coming off the water.

The officer told me that
participation was down signifi-
cantly from previous opening
days. There were large gaps
in the line of RVs and camp-
ers along the highway, which
is very unusual. However, the
fishing on Blue Lake was ex-
cellent, with most anglers get-
ting their limits of fat rainbows.

I then drove up to Park Lake,
and it was busy. There were
lots of boats on the water, the
docks and shore line were lined
with anglers and there was a big
crowd at the cleaning station. On
my way to Deep Lake one of the
State Park folks mentioned the
fishing was excellent on this lake
and that if you wanted a very quick
limit you should try Perch Lake, which
is often ignored by anglers. When I
was setting up my camera at Vic Mey-
ers Lake, I heard some excited yelling
and laughter. One of the youngsters
in the group had just landed his first fish
ever! What a great experience. Fishing
was also very good at Jameson Lake.

There is excellent shore fishing access
on Jameson, and I think more people
were here on the opening day than last
year. Ginger and her crew at Jack's Re-
sort will be having their famous prime
rib dinners every weekend for a while,
so call get a reservation, and be sure to
get a slice of the wonderful pies. This
week's photo is of a pair of anglers
with their catch at Park Lake.

Anglers are eager to learn if the
walleye are starting to bite on Moses
Lake. When my friend Brian Nielson
invited me to join him and James Leb-

ow for a trip to the lake I jumped at
the chance. We launched at Blue Her-
on Park as Brian wanted to hit several
spots on our way up the lake, which
was terrific, as I wanted to video some
of the hot spots for walleye fishing on
Moses Lake. We first trolled off the is-
land near what is known as the Horse
Ranch, and then just above it at the
Rock Pile, which is a shallow ridge. A
little further up the lake at the bend, we
got our first walleye, but didn't get a
bite on the flat above Connelly Park.
We then drove all the way up to the
very top end of the lake and trolled
with side planers and bottom

bouncers in the shallow water. This is
typically where the walleye bite begins
on Moses Lake, due to the shallow and
warmer water. The water temperature
was still just barely 60 degrees. We
landed three walleye and missed some
bites before the wind and rain drove us
off the water.

I will try to keep an eye on the wall-
eye fishery at the north end of the lake.
Right now, the weeds haven't grown
enough to be a problem, but that can
change quickly when we get some
warmer weather. There can be a narrow
window for this side planer fishing in
shallow water. When the weeds grow,
and this end of the lake turns over it
just isn't possible. The good news is
that when this happens you can usually
find good numbers of walleye in differ-
ent areas of the lake.

My long-time fishing friend, Brian
Anantamula, had his boat ready for the
first trip of the season and wanted me to

join him on Lake Chelan. We both had
heard that the kokanee were running
exceptionally large this year and want-
ed to see for ourselves. We launched at
the State Park and began trolling just
above Rocky Point. There were several
boats trolling just below us, so we fig-
ured we were in a good area. We ran
out two rods on downriggers and two
on lead balls, and it didn't take long for
the first rod to go off. I could tell it was
a good one the way it fought, and sure
enough when we got it netted it was
clearly one of the 16 inch kokanee we
were hearing about. We weren't really

marking that many schools
but still picked up some fish
as we trolled past Rocky
Point toward the Red Roofs.
Then the bite died, and we
wanted to try the area off the
Blue Roofs. However, the
batteries were too low, and
we limped home on the bow
mount. We did confirm that
there are 15 and 16 inch ko-
kanee in Chelan this season!
I can't wait to go back.

The annual Trout Dery
put on by the Washington
Department of Fish and
Wildlife kicked off on the
opening day of the low-
land lake fishing season.

There are thousands of
prizes to be awarded to lucky anglers
who catch a tagged trout on one of our
state's lakes. I got a note from Travis
Maitland, District Biologist for Region
2 out of the office on the Chelan High-
way. He was pretty excited. He man-
aged to get some real whoppers tagged
and released into some of our area
lakes, and he sent me a photo of one of
them to prove it. He said the fish he is
holding in the photo is probably 3 or 4
pounds, and there are others in the re-
lease that are 6 or 7 pounds. These big
fish were released in Jameson Lake,
Beehive Reservoir and Wapato Lake.
If you go to the WDFW website and
look up the Trout Derby you will find a
list of other lakes that will have tagged
trout in them, and there are instructions
on how to claim your prize.

It was wonderful to see all the fam-
ilies out fishing on the lakes I visited.
Fishing was terrific everywhere I went.
So, get out there and join the fun!

OPERATION DOG TAG
 OperationDogTag.org

To my fellow Veterans and the Spokane community, I have a wife and son and the both of them are very beautiful and life fulfilling to me. I am a combat vet from Iraq and permanently disabled. I really had not much to do except focus on what was going on inside my head, and pondering on the chaos this war has caused me, as well as to those of you who have also experienced war as I have. While my wife and I were walking through the Northpointe Shopping Center, we came across some flyers on a table display for Operation Dog Tag. My wife continued for a week urging me to call Operation Dog Tag and see what could be done for my depression and anxiety.

I did call and talked with the trainer, Joe Scheffer. Joe told me these dogs are much more than just your everyday pet. They are your battle buddy and best friend, especially for the invisible wound that's known as PTSD (Post Traumatic Stress) and TBI (Traumatic Brain Injury). A week later Joe called to tell me he found a 7 month old female Rott named Abby. And to my surprise, Abby was the most wonderful and smartest dog I have ever had the pleasure to work with. You could see that her eyes expressed a lot of emotion and sometimes she would do something silly and make me smile. Abby has changed my life and the family's. We

Nathan Murphy with Abby, his new 7 month old female Rottweiler, his wife Christine and son Adam

have had Abby for a short time but she has a place in our home and in our hearts. To smile is a big deal for those of us combat veterans with scars that can't be seen with the naked eye. I will never think of a dog as just a dog again, because Abby has become my best friend and battle buddy. And we will walk together, one day at a time, for whatever the future has in store. Thank you Joe and to that wonderful organization Operation Dog Tag.

Free Artist Cherylee Duncan Presents "Threadscapes" at Pottery Place in May!

Pottery Place Plus - Historic Liberty Building at 203 N. Washington St, Spokane

Stop by First Friday, May 3, from 5:00 PM to 8:00 PM to meet Cherylee in person! If she has a distinct trademark, the label would be 'eclectic' ~ Cherylee abhors waste & therefore gets excited about reusing & upcycling as much as possible. When she crochets rugs from all-recycled fabrics, she saves bits & pieces for use in her mixed media paintings. This method, along with using only what is already on hand, is how Cherylee created the series, "Threadscapes". CAVEAT EMPTOR

In the past, real estate buyers took more risk than in these modern times. Improved business practices now demand full disclosure and complete access for investigation and in these consumer-minded times fraud of any type is simply not tolerated.

Modern brokers have created improved business practices, and legislators have enacted Disclosure Statutes that protect buyers much more than was the previous norm. The State mandated Disclosure Statement and the now generally used practice of completing home inspections, as a contingency of the sale, make it easier for buyers to purchase with eyes-wide-open. The reason it's up to the buyer to inspect is that Washington is a caveat emptor (the Latin term for buyer beware) state. This means buyers have the responsibility to hire inspectors, pay for inspections and investigate a property to their subjective satisfaction regardless of what disclosures or representations a seller has made.

Thirty years ago it was rare for a buyer to take advantage of a home inspection, but now educated brokers are careful to always include the specifically crafted Inspection Contingency which basically gives purchasers a free look, or what we call a get-out-of jail-free-card. That means they can walk away during the time frame specified without losing their earnest money. Buyers still have risk, but that is mostly limited to the cost of hiring a qualified home inspector to check out every nook and cranny, every system and appliance, and critical structural aspects of the property.

Some of the details of this addendum include the following; 1) the home will be inspected by a licensed inspector. 2) It specifies a time frame for the inspection to be completed or else it is waived 3) a Buyer may require additional time for further evaluation by specialists. 4) Buyers may request modifications or repairs, and then seller can agree, reject or propose alternatives. 5) As mentioned above, a buyer can walk away from the deal for any reason if they cannot come to an agreement acceptable to them.

Attitudes among Realtors® concerning this topic have changed dramatically through the years, especially among listing brokers. It became obvious to most listing brokers that a thorough inspection by the buyer was also a huge risk reduction for sellers. When a proper home inspection is allowed, the seller inadvertently sheds some liability and buyers become more acutely aware of what they are purchasing, thus limiting litigation in the future.

EVANS FAMILY FINALLY BREAKS THROUGH FOR WVSO WIN

From NWSLM and NWMNS.com media

East Wenatchee, Wash. — When it came to the “Leonard Evans Memorial” race at the Wenatchee Valley Super Oval, the Evans family was a combined zero for third between Garrett, Jan and Stephanie.

On April 27 it all came together with a good car, a good driver, and a pinch of luck.

Jan Evans, the son of four-time Northwest Super Late Model Series champion Garrett Evans finally got it done for the patriarch of the Evans family, his grandfather Leonard.

The win makes the Evans family 2-for-2 so far in NWSLM racing in 2024 following Garrett’s win in the season-opening Apple Cup at Tri City Raceway.

Jan grabbed the lead from Kasey Kleyn, after a lap 124 restart, to lead the final twenty-six laps and grab his first career Northwest Super Late Model Series win and was followed across the finish line by Kasey Kleyn from Quincy, Spokane’s Dave Garber, Jason Jefferson out of Naches and Olympia’s Bob Presley.

The victory was in honor of Jan’s grandfather who was a huge supporter of WVSO and his son, grandson, and granddaughter’s racing programs. Jan himself had made four previous attempts but could only muster a best finish of fourth.

“It’s an honor for my family” Evans said. “We wanted to get this win for a long time.”

The strategy for success was a no-brainer.

“During the race I felt like I needed to save my tires and stay out of the wrecks,” Jan Evans said. In late model racing, sometimes you have bad luck and luckily, we had good luck this time.”

Earlier in the day, Evans set the AFRC Racing / Longacre Racing Products Fast Time with a lap of 12.792 seconds over the 15-car field. Spokane’s Haeden Plybon would grab the pole position however, as the top eight redrew for position.

In the reshuffling of the starters, Evans began the race fifth and was second by the time for first caution flag flew on lap 40. Evans would take over the lead on the restart with Kleyn right behind.

Following a caution the lap 84 restart saw Evans and Kleyn maintain their battle until lap 118 when Kleyn took the top spot on an inside move.

It wasn’t long before Evans got his break on lap-124 when the yellow flew and on the restart Kleyn and Plybon made contact. Evans took advantage of the mishap, grabbing the lead as Plybon retired to the pits and Kleyn restarted at the tail of the lead lap cars.

Evans recalled the crucial moment. “I was hanging on the outside, and luckily, I was able to keep up with the No. 1 car relative to his right rear. The 55-car was on his bumper and wasn’t being patient, and he kinda’ wrecked him,” Evans said.

Evans took the restart leading Garber, Jefferson, Terry Halverson and Presley. Garber challenged for several laps before Evans pulled away.

Meanwhile, Kleyn was on the move getting back to fourth on lap 131 from seventh. He moved by Jefferson several laps later, and he took the runner-up position from Garber on lap 143. But time ran out for Kleyn.

As excited as Evans was in Victory Lane, Kleyn was equally disappointed in what could have been.

“I think I had the winning car, I feel like I had the race won,” Kleyn said. “Then I’m not sure what really happened, but we ended up turned around and put behind all the lapped cars.”

Still with 25 laps to go Kleyn had hopes of making up lost ground.

“We still had twenty-five laps to go, and we were able to get up to second. If we would have had a caution and got to start in front of the lapped cars, I think we could still have won it.”

The next event for the Northwest Super Late Model Series will be the Stateline Speedway 150 on May 18.

NORTHPORT ‘GRADER GUY’ CORY BELL KEEPS TRACK RACE READY

NORTHPORT, Wash. — There’s always work that goes on behind-the-scenes that is never seen, be it for work or play.

And when racers show up to have fun at Northport International Raceway on the next race day, May 4, few may know what went into making their track race worthy.

Cory Bell is maybe best known as the person who leads efforts at the track as promoter of the decades-old racing fixture in northern Stevens County. But he’s also the person who spends hours and hours in the cab of a road grader doing track prep.

When Bell is not working part-time for the town of Northport or as a mechanic, he’s probably at the track making sure the surface is race ready.

“I grade after every race then pack,” Bell wrote in a Facebook Message. “It is a loose track takes a lot of packing.”

Bell first puts water on the track and then has to wait for the right texture before packing. If not done the right way it comes

apart, he said. “I pack the track going opposite direction as drivers,” Bell explained.

With the help of volunteers Bell can now utilize both of the graders located onsite at the facility located on property owned by the City of Northport.

“I graded Monday (April 22) after races and then graded it back up to top and back down,” Bell said. “Took me all day yesterday,” he added.

Find out about Northport racing on Facebook.

Lithium-Ion Battery Safety

Lithium-ion batteries supply power to many kinds of devices including smart phones, laptops, e-scooters, e-bikes, e-cigarettes, smoke alarms, toys, & even cars. If not used correctly, or if damaged, these batteries can catch on fire or explode.

The problem

- These batteries store a large amount of energy in a small amount of space.
- Sometimes batteries are not used the right way; batteries not designed for a specific use can be dangerous.
- Like any product, a small number of these batteries are defective. They can overheat, catch fire, or explode.

Safety Tips

- Purchase and use devices that are listed by a qualified testing laboratory.
- Always follow the manufacturer’s instructions.
- Only use the battery that is designed for the device.
- Put batteries in the device the right way.
- Only use the charging cord that came with the device.
- Do not charge a device under your pillow, on your bed, or on a couch.
- Do not keep charging the device or device battery after it is fully charged.
- Keep batteries at room temperature when possible. Do not charge them at temperatures below 32°F (0°C) or above 105°F (40°C).
- Store batteries away from anything that can catch fire.

Signs of a Problem

Stop using the battery if you notice these problems: odor, change in color, too much heat, change in shape, leaking or odd noises. If it is safe to do so, move the device away from anything that can catch fire, Call 9-1-1.

Battery Disposal

- Do not put lithium-ion batteries in the trash.
- Recycling is always the best option.
- Take them to a battery recycling location or contact your community for disposal instructions.
- Do not put discarded batteries in piles.

Charging an E-bike

Charge your battery in a flat, dry area away from children, direct sunlight, liquids, tripping hazards, and in a location where the e-bike is not at risk of falling.
