Air Race Classic 2025

The Air Race Classic (ARC) is an annual cross-country race held every June that traces its roots to the 1929 Women's Air Derby - the first race of its kind in which Amelia Earhart and 19 other daring female aviators raced from Santa Monica, California to Cleveland, Ohio - and this year, Felts Field has been named the finish line for the 2025 race!

Air Race Classic, Inc. is a nonprofit organization dedicated to:

- Encouraging and educating current and future women pilots
- Increasing the public's awareness of general aviation
- Demonstrating women's roles in aviation
- Preserving and promoting the tradition of pioneering women in aviation.

Women of all ages, backgrounds and professions, flying a wide variety of airplanes, continue the tradition of women's air racing. Racers arrive a few days prior to the start of the race for pilot briefings and airplane inspections. The actual air race is four days, with every team taking off in order, 30 seconds apart. After the takeoff, teams strategize on how many legs of the race to fly each day, and which stop along the route they are planning on spending the night. Weather, wind, terrain and airplane performance all play a role, since the race must be flown in daylight hours. The teams race against their own handicap, so whichever team beats their handicap speed by the most, wins. After 2 days of inspections, debriefings, and meetings with the scorer and judges, the winners are announced at the final banquet here at our very own Felts Field!

Felts Field's origins trace back to the beginning of the 20th century, as one of the earliest airports established in the wake of the emerging era of aviation. Join the fun free event Saturday, June 21 for Neighbor Day and meet the participants. These incredible ladies are our local pilots competing: Felts Field Sky Queens, Rachel Skirvin & Sarah Roark; All Sports Aviation Ladies, Kathy Main & Lisa Smith; Idaho Skies, LaDonna Beaumont & Lisa Dodd; and Lilac Ladies, Melinda Denton & Anne Anderson.

HISTORIC PHOTOS of IDAHO PANHANDLE

Coeur d'Alene School

The Coeur d'Alene School District 271 held a celebration on May 15, 1952 to dedicate its most recently constructed school building, Borah Elementary. A large crowd of school patrons gathered at the new school to participate in the dedication and tour the imposing ten-room school. Construction of the building started in the summer of 1951. The building was partially occupied by the fifth-grade classes in September of that year. It was completed in the early winter of 1952 at a cost of \$259,000. The school was named in honor of the late Senator William E. Borah. Mrs. Borah sent a large portrait of the Senator to the school. Superintendent G.O. Phippeny made the official acceptance of the portrait. Kyle Walker, representing Mayor Gardener and the Chamber of Commerce, made remarks at the dedication.

Dave Jayne
"The Outdoor Insider"

I have seen real improvements in a variety of fisheries in the region. The action has really picked for kokanee, walleye and bass. I have had a chance to get out and sample some of these opportunities and plan to ramp up my activity on the water to take advantage of more of them.

If you are following my reports on my website, on the radio, newspaper and videos, you have heard that the kokanee fishing on Lake Chelan has become hot. The fish aren't big, but it is a ton of fun catching a bunch. It's a great time to get the kids out in the boat for fast action. There are some other lakes that you can find kokanee in, and this is a good time to fish for them. Not far from Lake Chelan is Wapato Lake, just up over the hill from Manson. It is known to produce large kokanee, sometimes 16 inches. The public ramp at the east end of the lake is in bad shape, but small boats can launch here easily. There is another at the Rainbow Resort at the other end of the lake. It is narrow, though. Fish Lake, near Lake Wenatchee, has had kokanee in it for a few years now. You will find them trolling shallow. Deep Lake, at Sun Lakes above Park Lake, may have kokanee up to 14 inches in it this year. There are some other kokanee lakes in the region I will suggest to you in future reports.

When I got a call from my friend Brian Anantatmula about hot fishing for kokanee on Lake Chelan, I immediately made a plan to get up there. Tom Verschuren was eager to join me. We both enjoy fishing for kokanee on Lake Chelan, and this would be his first opportunity to do so this season. We left the launch at Mill Bay, and when we hit 100 feet of water, I turned the boat down lake. We got a couple of fish and kept on moving. When we got to an area below Rocky Point, where we have found fish before, we finally started seeing good numbers on the Garmin fish finder. I adjusted the depth on the Scotty downriggers to just 50 feet, and the back rods to 75 feet with four-ounce lead balls for weight. I found that adjusting the speed on the Minn Kota from 1 mph to 1.4 and then dropping it back to 1 frequently helped tempt the kokanee to strike. Our catch rate soared, and we

put 20 kokanee in the cooler. Big numbers of small kokanee that were 8 to 11 inches long have moved into the lower basin on Chelan.

One of my favorite fisheries in the region is for smallmouth bass at Crescent Bar. I have landed some really nice pre-spawn fish early in the month of May. I just stumbled onto this a couple of years ago. I remembered finding lots of smallmouth here fishing with my brother Rick and cousin Greg probably 30 years ago and just decided to give it a try. My brother in law Tom Verschuren loves catching

conditions on the river before you launch your boat for a day on the water. Both recreational boaters and anglers should have the Currents App downloaded to their phones. The app will give you access to a range of information, like lake levels, river flows and even fish counts. The app is provided by Chelan County PUD, has been recently updated and is free! It has a simple map-based design, and modern look and feel. It has interactive touchpoints for users to find more details about each park, boat launch, river, lake or dam. It also features an easy to find menu with items for lake levels, river flows and fish counts. To learn more about the Currents App and to find the instructions on how to download it to your phone, go to my website at FishingMagician.com and look for the Ready, Check, Launch banner on the right hand side of the Home Page. This app is very important at all times when boating anywhere on the Columbia River near Rock Reach and Rock Island dams. Check it out.

It's hard to make a choice on where to go for some good fishing right now. There are so many great options. Trout fishing on the region's lakes that opened recently should be terrific. There's a couple of places that should be excellent. Park Lake, north of Soap Lake, was keeping trout anglers busy, both from the shore and from boats. Jameson Lake in Douglas County was also producing well with stringers of very nice rainbow from the shore. Near Wenatchee is Beehive Reservoir, and thanks to a generous plant of trout this year, the fishing has been very good. Out of all of the walleye lakes in the region, Mose Lake, as usual, is producing the best catches in the spring. Fishing for smallmouth bass in the lakes has always been good, and from what I have experienced so far, it could be outstanding. I am going to dedicate a few days to smallmouth fishing on Moses Lake. I also plan on giving Banks Lake a try for both walleye and smallmouth bass very soon. Anglers looking for big largemouth bass should find them on Potholes Reservoir. Judging by the numbers we were catching here last fall it should be great this spring.

bass and was willing to go along on our first exploratory mission. We had a blast, catching 20 plus smallies. We tried our usual method of creeping up the shoreline on the Minn Kota. I would watch the Garmin for ridges and drops, and we would cast plastics to the shale slides along the shore without success. I was frustrated and about to give up, and I thought, what the heck, let's troll some crank baits and see what we catch. Surprise, surprise, the smallmouth jumped on them! We have gone back a few times and repeated this experience. I just hope I am not too late, and the fish have already spawned. I have heard that it has been good recently. This week's photo is of one of the smallmouth that we have caught trolling cranks at Crescent Bar.

This is the time of year, the flows of the Columbia River vary considerably. It is important to know the con-

LARSON DOMINATES, DEFENDS AT KANSAS

By Reid Spencer, NASCAR Wire Service

KANSAS CITY, Kan. (May 11, 2025)—Last year, Kyle Larson won the spring race at Kansas Speedway by the thinnest of margins—0.001 seconds in the closest finish in NASCAR Cup Series history.

On Sunday, after putting his No. 5 Hendrick Motorsports Chevrolet on the pole on Saturday, Larson defended his victory in far more decisive fashion, leading 221 of 267 laps in winning the AdventHealth 400 at the 1.5-mile track.

The triumph was Larson's third of the season, tying race runner-up Christopher Bell for most in the series so far this year. The win was Larson's third at Kansas and the 32nd of his career, tying NASCAR Hall of Famer Dale Jarrett for 29th on the career list.

"Great car, great execution today, too, for our team," said Larson, who now will start to concentrate on the Indianapolis 500/Coca-Cola 600 double he'll attempt for the second time later this month.

Sweeping the first and second stages, Larson now has eight stage wins this season, a record for the first 12 Cup races of a season. His stage sweep was the 14th of his career.

Larson now leads the series standings by 35 points over Hendrick Motorsports teammate William Byron, who finished 24th after falling off the lead lap with an early flat tire.

The colossal numbers, however, don't tell the full story. At the end of the final 49 lap green-flag run, Larson had to manage his right-side tires, and his advantage over Bell

shrank from a comfortable two seconds to just 0.712 seconds at the finish line.

Closing fast in third, Ryan Blaney finished just 0.832 seconds behind the race winner.

"I was trying really hard to pace myself, because I believe that was our longest run of the day," Larson said. "I'd been struggling a little bit at the end of the runs."

Chase Briscoe ran fourth for the fourth time this season. Alex Bowman scraped the wall in the closing laps and held fifth ahead of Ford drivers Josh Berry, Ryan Preece, Chris Buescher and Joey Logano.

The race featured seven cautions—four in the final stage—for a total of 37 laps. Elliott led 29 laps, the only driver other than Larson to lead more than four.
