WEEKLY Horoscopes for August 7 - 13

ARIES – Mar 21/Apr 20

Aries, if you long to take your romantic relationship to the next level, this might be the week to focus on your feelings. Your partner may be waiting for you to make a move.

TAURUS – Apr 21/May 21

Tranquility you have been feeling of late enables you to listen more attentively to your inner self, Taurus. Take advantage of slow times to evaluate events and make important decisions.

GEMINI – May 22/Jun 21

You can look forward to an enjoyable week, Gemini. Career issues or family matters are nothing to worry about right now, as everything seems to be moving along smoothly.

CANCER – Jun 22/Jul 22

This week you may find satisfaction that will put a smile on your face and boost morale. You also may find yourself embracing some of the core values that have been a part of your life

LEO – Jul 23/Aug 23

Leo, others may have been asking questions of you since you've uncharacteristically been out of the limelight. Reveal what you want to share. Even you are allowed your secrets.

VIRGO – Aug 24/Sept 22

You have a tendency to avoid conflict instead of facing things head on, Virgo. If you've been circumventing something that needs attention, it is time to see it through.

LIBRA – Sept 23/Oct 23

Libra, if you feel that your power has increased, it may be time to take on some more responsibility right now. Embrace your new role and remain confident in your ability to handle it.

SCORPIO – Oct 24/Nov 22

Scorpio, right now you are going through a period where circumstances are trying to shed light on your hidden motivations. But you're not ready to show everyone your cards just yet.

SAGITTARIUS – Nov 23/Dec 21

Sagittarius, your ego may take a hit this week, but you'll need to roll with the punches. You are finally understanding that simply willing something to happen won't always work.

CAPRICORN – Dec 22/Jan 20

Your actions lately have been going against your nature to want to please others, Capricorn. It will be difficult for you to get back on target, but not impossible.

AQUARIUS – Jan 21/Feb 18

It is becoming evident that you might need to bring in a little extra help on a situation that has been brewing for some time, Aquarius. Figure out who you can trust and go from there.

PISCES – Feb 19/Mar 20

Your powers of concentration and self-discipline are impressive, Pisces. There are lessons that others can learn about these admirable traits if you're willing to share.

Dave Jayne
"The Outdoor Insider"

I fished several days on Lake Wenatchee for sockeye the past week, but I also took a couple of days off to get caught up on some work that needed to be done. My experience, that seems to be shared by many other anglers of the lake, is that the fishing has been very tough this season. One day may be okay and the next disappointing.

My neighbor is the 13-year-old that organized the kids fishing event at Blackbird Island in Leavenworth, earlier in July. Calder is a well-rounded angler, with experience in fishing for a wide range of species. He fished Hawaiian waters growing up, has fished many nearby lakes and streams and has also fished several times out of Neah Bay. It had been a few years since I had been able to get his family out on Lake Wenatchee for sockeye, and it turned out that he and his Mom, Holly, could go last Friday. These two have no problems with early-morning departures and we left for the lake at 5 a.m. There was a pretty good breeze blowing when we left the dock, so I headed for the top end of the lake to get out of most of it. There was a fair sized fleet working the water up there and while I put out the gear I was watching for any nets scooping up sockeye. Not too many as it turned out. I had my usual frustrating day, and Calder only got to reel in a couple of fish. He was happy, though, any day fishing is a good day for him. This week's photo is of Calder and me with one of his sockeye.

The sockeye bite had been terrible at Lake Wenatchee. Two of my friends, very experienced sockeye anglers, didn't even go out last Tuesday. Ever the optimist, and despite having three very bad days in a row, I went anyway. My brother Lane, his daughter Sophie and my daughter Whitney were with me for what promised to be another very tough day of fishing. Because it was calm that day, I chose to point the Bob Feil Boats and Motors Smoker Craft down lake, instead of firing up the Mercury and making a beeline to the top of the lake. When I hit 150 feet of water, I deployed the Minn Kota and put out the gear. I noticed more surface

activity than I had yet this season, but it took at least a half hour before we got our first fish. Then things picked up. I was running all black hooks and most of the rods were getting bit. I decided to put some red hooks on, and I immediately got a fish. We had nine fish when I headed for the dock. I didn't realize how lucky we were that day!

Last Wednesday I was confident that fishing would be good on Lake Wenatchee. The weather was exactly

the same as the day before, so when I left the dock, I headed the Bob Feil Boats and Motors Smoker Craft to the same place I started the day before. I had Rob Phillips and his son Kyle on the boat, and they had the rods and Scotty riggers ready to go when the Garmin fish finder showed us a bunch of fish. I deployed the Minn Kota, and we went to work. I had a mix of black and red hook set ups out. The day before a passing boat asked me how deep I was fishing, which was 60 feet. I saw them change depth and immediately get two hits on their riggers. I noticed that they were running red hooks, so I put some on and also had instant action. Everything was in place for a good day of sockeye fishing. I was hoping to have another epic morning with Rob on the boat, but it was not to be. I even ran to the top of the lake, but nothing doing.

Everyone fishing Lake Wenatchee for sockeye was hoping that a change in weather would improve their luck. Not so. I took the Bob Feil Boats and Motors Smoker Craft out on the lake last Monday, and the sockeye action continues to be awful. This was on a calm, clear and warm day. For a change

the Minn Kota didn't have to work that hard to keep us on course and the right speed. My fishing partners for the day were my daughter Whitney, my brother in law Tom Verschuren and my long-time friend Steve Goodfellow. Under orders from my brother Rick, Steve changed the leaders that Rick had provided every fifteen minutes, until he found one that worked. It was a plain three black hook rig. I had put on a plain three black hook rig that caught three fish the day before and it worked again. However, only two fish made it into the cooler for our efforts. Sure, there may be a few anglers out there that had better luck, but the average is holding at two fish per boat right now. Maybe this consistent warm weather and calm water will have an impact.

I took a day off from fishing Lake Wenatchee sockeye so I could get caught up on some of the work I needed to get done. Number one was getting the July Update to the Fishing Magician E-Letter out to my subscribers. I delayed getting the Quarterly E-Letter sent out, due to the frequent changes to the upper Columbia River salmon seasons. There were new Emergency Regulations being announced weekly. First there was the changes in the Chinook and sockeye fishing. Chinook fishing was closed in many areas, and the sockeye fishing limit was reduced. Finally, sockeye fishing was completely closed on the upper Columbia River and Chinook fishing was only allowed from Rocky Reach Dam to Wells Dam. The good news was that Lake Wenatchee was opened to sockeye fishing with a four fish limit. I delayed the delivery of the Monthly Update to subscribers until I had actually fished Lake Wenatchee, to share what I had learned about the fishing this year. In the Monthly Update I talked about hook selection, use of double dodgers, depths I am fishing and the best speed. In addition to Lake Wenatchee sockeye fishing, in the Monthly Update, I also talk about Walleye Fishing and some other often overlooked fisheries in the region. To subscribe to the Monthly Updates, go to my website and click on the E-Letter button.

TATE, U-91 GOODMAN REAL ESTATE CAPTURE APOLLO MECHANICAL CUP AT SEFAIR

Andrew Tate literally flies across the water on Lake Washington where he won the Apollo Mechanical Cup at Seattle's Seafair. H1 Photo

Seattle – August 3, 2025 – For a second consecutive race, the winner of the championship heat at an unlimited hydroplane race was cast into doubt by boats crossing the start line. And a different boat, but one familiar with capturing the checkered flag, this time the U-91 Goodman Real Estate with Andrew Tate at the wheel, won the Apollo Mechanical Cup at Seafair on Lake Washington.

The drama included U-12 Graham Trucking, driven by Jeff Bernard, was disqualified before the start after entering the demilitarized zone (DMZ) during the pre-start milling period.

Once the boats were on their way towards the start, both U-8 Beacon Electric and U-11 FLAV-R-PAC jumped the gun, earning each a 1-minute penalty, effectively disqualifying them from championship contention.

A week earlier in Tri Cities, Beacon Electric with J. Michael Kelly, Corey Peabody in U-9 Beacon Plumbing and U-21 Spirit of America and Gunnar O'Farrell all jumped the start and landed a one-lap penalty handing the 2025 Gold Cup to Dave Villwock who was third at Seafair.

That opened the door for the consistent and quick U-91, with Tate taking full advantage. He nailed the start, controlled the inside lanes, and earned vindication from a trouble Tri Cities outing.

"This one means a lot," said Tate, who now sits atop the national driver high points standings. "After the mechanical setbacks and frustration in Tri-Cities, to come here and put together a weekend like this is incredibly rewarding. It's a testament to our crew's work ethic and to our partners at Goodman Real Estate and BWR Racing who support us every step of the way."

With precision driving, flawless boat handling, and a team firing on all cylinders, Tate surged through the competition all weekend long—claiming Heat 3A while recording the fastest lap of the heat at 145.181 MPH.

"We knew we had a shot if we just kept it clean," said crew chief Mike Hanson. "Andrew gave us a perfect drive, and the crew gave him a perfect boat. It's the kind of weekend you dream about."

The next and final 2025 race is San Diego Bayfair, September 13–14, 2025. The national high points championship is still within reach for Kelly, Peabody and Villwock but Tate's dominant weekend in Seattle has made him the clear favorite

Apollo Mechanical Cup Final Results:

- U-91 Miss Goodman Real Estate – Andrew Tate
- U-9 Beacon Plumbing – Corey Peabody
- U-27 Miss Apollo – Dave Villwock
- U-21 Spirit of America – Gunnar O'Farrell (Trailer boat)
- U-11 FLAV-R-PAC – Jamie Nilsen (+1:00 penalty)
- U-8 Beacon Electric – J. Michael Kelly (+1:00 penalty)
- U-12 Graham Trucking – Jeff Bernard (Disqualified – DMZ violation)

STATE FAIR PARK BRINGING SPRINT BOAT RACING TO YAKIMA

YAKIMA, Wash. — There's high-speed action coming to the Yakima Valley August 16th and 17th. State Fair Park & Event Center is making waves – literally – with the introduction of Sprint Boat Racing. A portion of the fairground's old horse-track infield is being transformed into a Sprint Boat course, bringing a brand-new kind of adrenaline-fueled entertainment to the region.

"We have been working on this project for the past two years," said CEO Kathy Kramer. "It's so exciting to see this project become a reality. There are countless benefits – not just for State Fair Park, but for the entire Community."

State Fair Park is partnering with the American Sprint Boat Racing, LLC (ASBR) to produce the event, which is expected to attract 35 - 40 boat racing teams, as well as fans from across the country and internationally.

The former horsetrack at Playfair in Spokane hosted sprint boats about 25 years ago with a similar course.

This two-day racing format will kick off Saturday, August 16th, with a full day of qualifications, and continue Sunday, August 17th, with rounds of eliminations culminating in the finals — all racing against the clock.

This event is expected to attract more than 3,500 spectators per day, many of whom will travel from outside the region. Visitors are expected to stay in local hotels, dine at area restaurants, and support local businesses – contributing to Yakima's economy.

"American Sprint Boat Racing is proud to be partnering with State Fair Park to bring Yakima arguably the most exciting motor sport racing in the world. Sprint boat racing is a fast-paced show that completely engages the fans," said Dan Morrison,

President ASBR.

Also known as "Jet Sprint," racing, this high-speed motorsport originated in New Zealand and is rapidly growing in popularity across the United States. Currently, Sprint Boat tracks exist in Port Angeles, WA; St. John, WA; and soon Lewiston, ID. With the addition of Yakima's new track, it solidifies a racing circuit for the Pacific Northwest.

Each sprint boat is manned by a driver and a navigator, who must memorize a complex course, known as the "Rotation", which they are not provided until the day before the event. Navigating shallow channels at extreme speeds demands exceptional skill and coordination between the two-person team. Sprint boats are compact, high-powered jet boats, typically measuring 12 - 14 feet in length, with engines ranging from 500 – 2,000 horsepower. These boats can accelerate from zero to 80 mph in mere seconds, providing a thrilling spectacle for fans.

Tickets — including VIP packages and sponsor tent experiences with info available by visiting statefairpark.org. On-site RV and tent camping will also be available for this event and can be purchased online as well.

Visit ASBR's website (www.asbracing.com) for a full race schedule.

DESPITE RAIN BASEBALL A SUCCESS AT BRISTOL SPEEDWAY CLASSIC FROM NASCAR Media

BRISTOL, TENN. — Aug. 3, 2025 — When Larry Carrier opened what would become Bristol Motor Speedway in 1961, this image never crossed his mind: an MLB player standing at home plate near the racing surface waiting on a fastball from the mound 60 feet, six inches away.

Baseball? At Bristol?

Why not? The place built for stock car racing also has hosted professional football, college football, concerts, worship services and boxing, among other events.

With the MLB Speedway Classic presented by BuildSubmarines.com, baseball officially joined the ranks Saturday evening, where the Atlanta Braves and Cincinnati Reds, two historic National League teams, locked horns for a one-of-a-kind battle at the "Last Great Colosseum."

Due to persistent rains the event took two days to complete but was a first for MLB in the state of Tennessee, and it attracted a crowd of 85,000-plus, a baseball attendance record that surpassed the mark established more than 70 years prior, when Cleveland Stadium hosted 84,587 on Sept.

12, 1954.

Showers fell several times during the day, and the start of the contest was delayed two hours and 17 minutes by a downpour that started during pregame ceremonies.

The first pitch was finally thrown at 9:41 p.m. ET, but rain intensified, and the game was suspended in the bottom of the first inning with the Reds leading, 1-0. The game resumed Sunday at 1 p.m. ET, with the Braves prevailing, 4-2.

Celebrities in attendance included Hall of Famers Johnny Bench, one of the Reds' all-time greats, and Chipper Jones, who held down third base for the Braves for most of two decades. Bench, 77 years old and a baseball immortal, looked like he still might cut you down stealing second base.

The planning took years. The idea first crossed someone's desk in 2021, and it wasn't a massive surprise because Bristol has hosted other major events and has one of the world's biggest seating capacities.

There was a rumor between dugouts that NHL representatives were looking on.
