Randall Clay Bond presented with the
2025 ALBERT NELSON MARQUIS LIFETIME ACHIEVEMENT AWARD
by Marquis Who's Who for His Advocacy for the Improvement of U.S. Veterans' Healthcare

Randall Bond has been selected to receive the Prestigious Award -Albert Nelson Marquis Lifetime Achievement Award for his active advocacy to improve the U.S. Veteran's Healthcare System. This Prestigious Award is awarded to less than 5% of the Who's Who Listees since 1898. Mr. Bond has been awarded in

2025 several Marquis's Awards for his high level of tenacity. This includes the Marquis' Who's Who in America, Marquis' Who's Who as a Distinguished Humanitarian, and Marquis' Who's Who of Preeminent Innovators and Achievers for his active advocacy to improve U.S. veteran's healthcare. As in all Marquis Who's Who biographical volumes, individuals' profiled are selected and verified on the basis of current reference value. Factors such as position, noteworthy accomplishments, visibility, and prominence in a field are all taken into account and verified during the selection process.

**Randall Clay Bond presented with the
2025 ALBERT NELSON
MARQUIS LIFETIME
ACHIEVEMENT AWARD**

Continued from Front Page

Mr. Bond has cultivated a distinguished career spanning 46 years, which is marked by his expertise in legal investigative work and research in veteran's healthcare and meteorite research. His professional journey began with service in the U.S. Air Force from 1972 to 1979, (air borne radio operator, aircraft inspector and security police augmentee-Top Cop Award -1977) where he honed his leadership skills that would later define his career. Following his military service -USAF E-5, Mr. Bond embarked on a series of roles that showcased his versatility and commitment to leadership, quality and engineering. Mr. Bond says "I am addicted to learning and education" and this is evident by the numerous volunteer assignments, CEUs, college degrees, professional certifications/licenses and seminars he has achieved during his career.

In 1979, after completing seven years of U.S. Air Force obligations, Mr. Bond joined Tomco Equipment Co., contributing to their quality control division for over one year before moving to Avondale Shipyards as a quality engineer from 1980 to 1981. Then in 1981, Mr. Bond embarked on a consulting career performing various functions in the nuclear industry and in public speaking including assisting others embark on a public speaking businesses. His career trajectory continued upward as he became an ANSI N45.2.23 lead auditor/investigator at Nuclear Installation Service from 1981 to 1982, followed by a role as senior quality engineer and vendor investigator until 1984. During this period, he also served as a quality consultant for Michigan Quality Systems from 1983 to 1984 and as a lead engineer (ANSI N45.2.6 and ANSI N45.2.23 and project supervisor during outages) at Public Service Electric and Gas in Hancock's Bridge from 1985 to 1995.

Mr. Bond's secondary career turned towards marketing and sales when he became a marketing consultant for various firms including Amway Products and Mela-leuca Products in 1993. He transitioned in 1995 into computer (MSSE, A+) and network (CISCO) repair at a community college and newspaper advertising sales in 2001. Concurrently, he has volunteered to train service dogs from 1995 to present for U.S. veterans and other disabled individuals. He has also pursued meteorite research since 2000, reflecting his diverse interests and dedication to lifelong learning.

Mr. Bond's strong thirst for academic achievements has been instrumental in his success. He earned an Associate of Applied Science in metallurgy from the U.S. Air Force Community College in 1980. After extensive training through the U.S. Army, he decided to pursue studies in human behavior. This was followed by an Associate of Arts in psychology from Louisiana Tech Institute in 1978. He furthered his education with an Associate of Science from Salem Community College in 1987, a Bachelor of Science in business administration/management from Thomas A. Edison College in 1989, American Management Associate Certificate in Management; Pennsylvania State University in Project Management Certificate in 1993 and UNIX Programming (480 classroom hours certification) in 1996, and a Master of Arts in biblical studies from Patriot Bible University in 2006.

Mr. Bond continued to study human psychology by pursuing his Doctorate in Christian Counseling. This venture was placed on hold because of relocating and refocusing his "Life's Purpose" to promoting veteran healthcare by actively engaging with the Raymond G. Murphy's VA Hospital Healthcare Program that resulted in this hospital's officials initiating "Operation Scorched Earth" in 2021 against him (and he survived) for his reporting of wrong-doings by the hospital's officials to DOJ in November 2019 (resulted in a DOJ visit in January 2020). Mr. Bond remarked "It is truly de-humanizing that our government specifically the Veteran Affairs' would torture our U.S. Veterans after serving our great country for exercising their 1st Amendment." It also added "I have substantial evidence that Raymond G. Murphy VA Hospital as well as other hospitals have and continue to violate the nine million veterans receiving healthcare- 1st and 6th Amendments (due process)." And he added that the hospitals' officials continue to this day to prosecute him unfairly for his advocacy.

Guess Who?

I am an actor born in Canada on October 23, 1976. I debuted in a Canadian-produced teen soap opera. I've appeared in many roles since then, including a green-clad superhero and a disfigured, foul-mouthed antihero. Today, I'm a married father of four and close friends with a wolverine.

Answer: Ryan Reynolds

EASY TIPS TO CREATE AN ENERGY-EFFICIENT HOME

Part 2

High energy consumption hurts the environment and your wallet. Here are suggestions to help you reduce energy consumption in your household.

Heating System

- Clean or replace heater and air conditioner filters regularly. Keep outside vents free of leaves or debris that may clog vents.
- Write the date on the filter, so you remember when you last changed it.
- When the heat is on, set your thermostat as low as you feel comfortable. You save for each degree you lower the average temperature of your home.
- Close doors to seldom-used rooms and turn off heat or air conditioning in these areas.
- Keep windows near your thermostat tightly closed; otherwise, your furnace will not shut down even after the rest of the house is heated to the desired temperature.
- If you have oil heat, check the firing rate periodically.
- Dust and vacuum radiator surfaces frequently. Dust and grime impede the flow of heat.
- Keep drapes and shades open in sunny windows; close them at night.
- For comfort in cooler indoor temperatures, use the best insulation of all — warm clothing.

Air Conditioning

- Keep your cooling system well-tuned by a professional service person.
- Clean or replace air-conditioner filters regularly.
- Set your air-conditioner thermostat as high as you feel comfortable.
- If you have window air conditioners, turn them off when a room will be vacant for a few hours. Use a fan in conjunction with your window air conditioner.
- Keep out daytime sun with blinds or shades.
- Dress appropriately for the warmer indoor temperatures.
- Open the windows and use a fan on warmer days.

Smart Appliance Use

- Use large appliances in the early morning and late evening (off-peak hours).
- Keep range top burners and reflectors clean so your stove operates at peak efficiency.
- When using an oven or an electric burner, turn it off slightly before the cooking is done. The oven or element will stay hot after you turn it off.
- When you have a choice, use the range top instead of the oven.
- Scrape dishes before loading them into the dishwasher so you won't have to rinse them.
- Let your dishes air dry.
- Air dry clothes when possible on racks or clothing lines.

NWSLMS RETURNS TO SOUTH SOUND SPEEDWAY

From Northwest Super Late Model Series Media Relations

South Sound Speedway returns to host a Northwest Super Late Model race, Aug. 1, 2026 staging the "Weatherguard Roofing 200." South Sound photo

Spokane, WA – (Oct. 20, 2025): The Northwest Super Late Model Series presented by Knottical Marine announced the return to South Sound Speedway (WA) on August 1st for the track's traditional marquee event of the season. The 28th annual running of the South Sound/ Miller 200 will be known as the "Weatherguard 200" in 2026.

The series last visited South Sound Speedway in 2021 for the "South Sound 200" won by Trenton Moriarity over a 24 car field. This will be the eighth visit to the facility for the NWSLMS and the fourth for the traditional 200 lap event.

The NWSLMS visited the west side of Washington in 2025 with the "Summer Showdown 200", and will return to Rochester, WA this summer for another big 200 lap affair.

"The series is excited to return to South Sound Speedway", NWSLMS director Dan Garber stated. "They have a beau-

JOHN FORCE RACING SIGNS JOSH HART TO DRIVE ITS TOP FUEL DRAGSTER | From John Force Racing

Josh Hart will fill the seat formerly occupied by Brittany Force, who announced she will be stepping away from competition at the conclusion of the season to focus on starting a family. John Force Racing photo

John Force Racing has signed multi-time NHRA U.S. Nationals winner and two-time NHRA Top Fuel winner Josh Hart to a multiyear contract to drive for the 23 time world championship organization beginning with the 2026 season.

John Force Racing has signed multi-time NHRA U.S. Nationals winner and two-time NHRA Top Fuel winner Josh Hart to a multiyear contract to drive for the 23 time world championship organization beginning with the 2026 NHRA Gatornationals in Gainesville, Fla., March 5-8, which kicks off the National Hot Rod Association's 75th anniversary season.

The Huntington, Ind., native will step into the cockpit vacated by two-time NHRA Top Fuel champion Brittany Force, who announced Sept. 12 she will be stepping away from competition at the conclusion of the season to focus on starting a family.

The team will continue to be led by crew chiefs Dave Grubnic and John Collins, with primary sponsorship coming from Hart's Ocala, Florida-based Burnyzz Speed Shop.

"I have always said 'Anything's possible,'

tiful facility located in the Pacific Northwest that we love to be a part of, and we are excited for the opportunity to put on a great show for the fans. Thank you to Nick (Behn) and his staff for allowing us another opportunity to bring a great field of Super Late Model drivers to his facility, for the 2026 "Weatherguard 200".

The popular 3/8 mile oval is one of only a limited number of paved short tracks in the Western United States to feature Super Late Model racing on a regular basis. Ethan Ebert was the Powersports NW Super Late Model track champion in 2025. Track operator Nick Behn is looking forward to adding to an already prestigious event in 2026.

"South Sound Speedway is excited to announce the return of the NWSLMS to headline the "Weatherguard Roofing 200" weekend August 1st. You won't want to miss this one," Behn added.

The Northwest Super Late Model Series will head into its' 13th season of operation in 2026. Among the previous NWSLMS winners at South Sound include Mitch Kleyn, Brittney Zamora, Alan Cress (2), Max Schroeder, Austin Thom, and Trenton Moriarity. On August 1st, another name or repeat winner will be added to the list.

and this opportunity proves that statement. I want to thank John Force and the entire John Force Racing team for being open to this endeavor," said Hart. "No one can replace Brittany Force and what she has done for the sport and this organization."

Hart will become just the third driver to race in the highly competitive Top Fuel class under the John Force Racing banner. He will join Force and current John Force Racing Funny Car driver Austin Prock on a short list of Top Fuel competitors.

"I have been talking to Josh for a while, and every time we talked, it just made sense for our team to add someone like him," said John Force, CEO and 16 time NHRA Funny Car champion. "He is a family guy, and he is a businessman."

Hart started his own race team for the 2021 season and earned the first of his two NHRA Top Fuel victories in his series debut at the Gatornationals.

He won again later that year at the NHRA Carolina Nationals at zMax Dragway near Charlotte, N.C., and won the 2023 NHRA Top Fuel All-Star Callout in Gainesville.

Hart is currently 10th in the 2025 NHRA Mission Foods Drag Racing Series Top Fuel points standings with two races remaining in the Countdown to the Championship.

His NHRA career began in 2011, racing in multiple Sportsman categories before earning his Top Alcohol Dragster license in 2015. Hart won three Top Alcohol Dragster NHRA national events, including consecutive U.S. Nationals titles (2018-19), and eight NHRA regional events from 2017-2019 before earning his Top Fuel license in 2020.
