Women Who Run with the Wolves Reading Club

Coeur D' Alene Public Library - Nelson Room
Saturday November 22, 2025

Are you ready for a powerful shift to reconnect with your authentic sense of self? Come ready for group discussions, study guides and heart work journaling as we read and discuss "Women Who Run With Wolves: Myths and Stories of the Wild Women Archetype" by Dr. Clarissa Pinkola Estés. Through the stories and commentaries in this remarkable book, we retrieve, examine, love, and understand the Wild Woman, and hold her against our deep psyches as one who is both magic and medicine. The book shows us how societal norms and expectations can stifle women and helps us reconnect with the fierce, healthy, visionary attributes of this instinctual nature. Woman Who Run with the Wolves has lessons for men as well as women. Each session, we will read and discuss passages, supporting materials, and explore recurring themes. Come ready for group discussions and journaling, find us upstairs in the Nelson Room.

HISTORIC PHOTOS of IDAHO PANHANDLE

Carlin Bay Mail

This scenic and historic photo shows mailman Bill Finney placing mail in the mailboxes at Carlin Bay. The photo is part of a series that was photographed by Leo Oestrecher in August of 1950. The dock was part of the Carlin Bay community which consisted of a lodge and a store that had a gas pump. There were more than a dozen mailboxes on the dock for the homesteaders that lived and worked in the area. Carlin Bay was named for Colonel William P. Carlin, who was the commander of Fort Sherman from 1886 to 1895. For years, due to the lack of roads around lake Coeur d'Alene, mail was delivered by boat.

acp CIRCULATION AUDIT BY ASSOCIATION OF COMMERCIAL PUBLISHERS

DID YOU KNOW?

- Small businesses accounted for 65% of all net new jobs over the past 17 years.

- Small businesses employ 77 million Americans.

- 89% of consumers agree that independent businesses contribute positively to local economies.

- Residential neighborhoods served by a successful independent business district gained, on average, 50% more in home values than their citywide markets.

- Independent restaurants return more than two times as much money per dollar of sales than national restaurant chains.

- If independent businesses regain their 1990 market shares, it would create 200,000 new small businesses, generate nearly \$300 billion in revenues and employ more than 1.6 million Americans.

- If just half the U.S. employed population spent \$50 each month in locally owned independent businesses, it would generate more than \$42.6 billion in revenue.

- For every square foot a local firm occupies, the local economy gains \$179 vs. \$105 for a chain store.

Fishing Magician

Reach Dave @ www.FishingMagician.com or FishBoy@nwi.net

Dave Jayne
"The Outdoor Insider"

Cold and wet weather has kept many anglers off the water in the region lately. There are still many very good fishing opportunities, though, and when there are breaks in the weather, people are out taking advantage of them.

The torrential rains we have been getting here in Leavenworth finally stopped so I ran over to check on the Icicle River. There were a few more vehicles in the parking area near the handicapped platform. Just as I arrived a young boy started yelling that he had a fish on. I watched him struggle with a big coho and his father ran down to the bank with a net. He managed to scoop it up and he and his son celebrated. The boy immediately called his mother and bragged that he just landed his second salmon! He was casting a pink jig from the platform, and it sure worked. I talked to another angler that was casting from the platform, and he had landed a fish earlier that morning and had several "chasers" that he could see go after his spinner. Although the water is very high it has cleared from the previous days when it rose quickly with the heavy rain. Obviously, there are more fish moving into the Icicle and fishing should continue to be good for a while.

A number of years ago when I got back from a steelhead fishing trip on the Deschutes River in Oregon, I left my fly rod at the takeout. The rod was made for me by my good friend Bill McGuire and had been with me on trips to Belize where I caught my first bonefish with it and I caught many steelhead on the Methow River with it. I was just sick and didn't even tell my wife about it for six months. She was a good friend of Bill's, too. Many months later I got an e-mail from Kevin Brown, asking if I knew a guy named Bill McGuire, and during a phone call told me he had found my rod at the Goodwill store in the Dalles, Oregon! He was with his wife in the store and spotted what he knew was a Sage blank clear across the room. Instead of shipping it he insisted that he personally return the rod to me. My wife and I immediately planned a trip to the Oregon coast with just one

stop planned, and that was to meet Kevin. I was so thankful, and I invited Kevin and his father to join me that summer for a trip to Banks Lake and Rufus Woods. We had a great time. This experience proved to me that there are still some very special people out there. Kevin is one of them.

Sure, it's cold outside, but that doesn't mean that there aren't good fishing opportunities. I looked back at some of the photos that I took in November, and I found some great shots of fish caught on cold late fall days. One was taken on Lake Chelan and showed a couple of very big kokanee

voir. There is a long stretch of beach here on the east side of the reservoir that is a popular spot for shore angling. Big rainbow will cruise off this shore within casting distance, and patient anglers often get trout weighing 2 to 3 pounds and sometimes even larger. There's the Perch Point Wild Camping Area located at the south end of the access. There are some picnic tables scattered along the park area and a couple of vault toilets. People will pick a spot on the beach, set up a couple of rod holders and cast bait as far as they can out into the water. Most people use a marshmallow and worm, marshmallow and shrimp combo or Power Bait.

Many will bring a folding chair to sit in while they wait for a bite. To reach Medicare Beach, take a right off of Highway 17 between Moses Lake and Othello at Road 6 SE or Road M SE and then take a right at Road J SE. The last turn will lead you down to the beach. This week's photo was taken at Medicare Beach.

I made another trip to the net pens on Rufus Woods Reservoir recently. I have had great success fishing here this fall and wanted to get some more of the triploid rainbow trout for my smoker. My family loves getting pieces of smoked trout over the Holidays, and I wanted to be sure I had a good supply. Rolie Schmitt and I launched the Bob Feil Boats and Motors Smoker Craft Phantom at the middle net pens, and I fired up the Mercury 250 for the short run to the upper pens. I deployed the Minn Kota at the place where I always find fish and checked the screen on the Garmin. The image wasn't encouraging, but we tried jigging on one rod and Power Bait on the other rods. Nothing was happening, and I was blaming that on the fact that there was no current. They started the feeding machine and I thought that would spark a bite, but even that didn't happen. When we got back to the dock we talked to other boats, and they had only three fish between seven anglers. The people that did the best were fishing from the shore right next to the launch!

ee. I remember this one in particular as the two anglers that came with me that day really weren't dressed for the weather. They toughed it out, and although we didn't get many fish, they didn't complain and were willing to go with me again. I am sure they will be bundled up next time. The photo was taken below Rocky Point, which is off the north shore of Lake Chelan, and is one of my best places to look for kokanee any time of year. I used to always launch at the State Park and run up above the Yacht Club in the fall and winter, but in recent years I have found good numbers of kokanee in the lower basin. I don't expect to catch kokanee as large as the ones in the photo this fall, but I do think there are good numbers of them in the lake.

One of the places that you will find me on a late fall or early winter day is at Medicare Beach on Potholes Reser-

Guess Who?

I am an actor born in California on November 11, 1974. An agent suggested I begin my career acting under the name Lenny Williams. I made my big screen debut in a film about critters, but appeared in sitcoms before that. I've had a titanic career with many meaty roles.

Answer: Leonardo DiCaprio

CREATURE FEATURE HOGNOSE SNAKES

A fairly common snake native to North America, particularly the central United States, the Hognose Snake is famous for its defensive theatrics. To escape a threat, these snakes will do everything from hissing and flattening out its head so it resembles a cobra, to striking at persistent threats, to dramatically flipping itself over and playing dead. This comical reptile is quickly becoming a favorite pet.

LIFE SPAN:
Approx. 16-18 Years

ADULT SIZE:
Approx. 2-3 Ft. Long

DIET:
Appropriately Sized Rodents

HOW MANY:
Best as Single Pets

Alliance of THERAPY DOGS

Is Looking for Therapy Dogs in This Area!

IS YOUR DOG

- Friendly & Sociable?
- Bring Joy to Both Young & Old People?

There is a huge need in this area for Therapy Dogs to visit medical facilities, retirement homes, hospice care, etc.

It's a great way to spend time with your dog & give back to your community. Your dog does NOT NEED to have ANY Special Obedience Training, or Therapy Dog Training.

WE TEST YOU & YOUR DOG AT NO CHARGE!

Please visit our webpage for information, and to apply

www.TherapyDogs.com

WEEKLY Horoscopes for November 13 - 19

ARIES – Mar 21/Apr 20
Insecurity may be sparking some hesitation, Aries. The key to coping is figuring out why you are feeling this way. Is it a trust issue or lack of recognition?

TAURUS – Apr 21/May 21
Taurus, creative pursuits may hold your interest this week. Even if you lean more towards the practical, an artistic streak flows through you as well.

GEMINI – May 22/Jun 21
Working with others may prove challenging this week, Gemini. You may be too focused on a singular task. If this is the case, keep to yourself if you can.

CANCER – Jun 22/Jul 22
The week's planetary influences could increase your sensitivity to everything right now, Cancer. You might feel a little more sentimental or even weepy.

LEO – Jul 23/Aug 23
Leo, obsessive thinking may be something you need to consider this week. There's a fine line between determination and obsession, so consider your fixations and how to fix them.

VIRGO – Aug 24/Sept 22
It can be easy to confuse impulsivity with spontaneity, Virgo. But one requires more thought than the other. Think through everything before acting if you want to play it safe.

LIBRA – Sept 23/Oct 23
It might be time to take a more measured approach to solving a difficult problem, Libra. If you've made several attempts with no success, it could be time to dig in.

SCORPIO – Oct 24/Nov 22
Scorpio, tap into your creativity to unblock your emotions this week. This can be a powerful tool in your arsenal. Creativity is a big part of you.

SAGITTARIUS – Nov 23/Dec 21
You may get to focus on fun this week, Sagittarius. Look into your social calendar and seek ways to liven things up a little.

CAPRICORN – Dec 22/Jan 20
Everyone can use some time alone every once in a while, Capricorn. But it's important to socialize as well. Look to Aquarius to help you find balance.

AQUARIUS – Jan 21/Feb 18
Certain situations require a little more focus than they otherwise might, Aquarius. Bear down and do your best to block out distractions.

PISCES – Feb 19/Mar 20
Don't pick yourself to pieces this week, Pisces. Criticizing yourself will get you nowhere. You have a lot to offer and others recognize the value of your input.

DOGS

Heating Safety

There is something about the winter months and curling up with a good book by the fireplace. But did you know that heating equipment is one of the leading causes of home fire deaths? With a few simple safety tips and precautions you can prevent most heating fires from happening.

BE WARM AND SAFE!

- Keep anything that can burn at least three-feet (one metre) away from heating equipment, like the furnace, fireplace, wood stove, or portable space heater.
- Have a three-foot (one metre) "kid-free zone" around open fires and space heaters.
- Never use your oven to heat your home.
- Have a qualified professional install stationary space heating equipment, water heaters or central heating equipment according to the local codes and manufacturer's instructions.
- Have heating equipment and chimneys cleaned and inspected every year by a qualified professional.
- Remember to turn portable heaters off when leaving the room or going to bed.
- Always use the right kind of fuel, specified by the manufacturer, for fuel burning space heaters.
- Make sure the fireplace has a sturdy screen to stop sparks from flying into the room. Ashes should be cool before putting them in a metal container. Keep the container a safe distance away from your home.
- Test smoke alarms at least once a month.

Heating Equipment Smarts

Install wood burning stoves following manufacturer's instructions or have a professional do the installation. All fuel-burning equipment should be vented to the outside to avoid carbon monoxide (CO) poisoning.

Install and maintain CO alarms to avoid the risk of CO poisoning. If you smell gas in your gas heater, do not light the appliance. Leave the home immediately and call your local fire department or gas company.

FACT

Half of home heating fires are reported during the months of December, January & February.

November GARDENING TIPS

Master Gardeners of Spokane County

TOOLS

This is a good time to clean your hand tools. Remove all dirt and rust from the metal, sand and repaint wooden handles. Store in a dry location for the winter.

BULBS

As long as the ground has not frozen, you can plant spring bulbs directly into the garden. Follow instructions on bulb packaging for depth of planting & provide a mulch cover over the top of newly planted bulbs to prevent heaving.

TREES & SHRUBS

Continue to water your trees and shrubs until the ground freezes. Tie up or trim back branches of loosely branched Evergreens. Pull mulch away from trunks to prevent rodents from hiding and eating the bark.

HOUSEPLANTS

Check plants that have summered outside for pests frequently. Reduce your rate of watering to allow for slower growth and do not fertilize until spring. Plant forced bulbs (paperwhites, amaryllis) now for winter interest.

UNLIMITED HYDRO'S WINNINGEST DRIVER, DAVE VILLWOCK, ANNOUNCES RETIREMENT

From H1 & NW Motorsports News Services

Dave Villwock has announced his retirement as a driver in unlimited hydroplane racing. He does so at age 71 and had the most wins in the history of the sport. H1 photo

Kennewick, Wash. (Nov. 10, 2025) — After more than three decades of rewriting the record books and setting the gold standard in hydroplane racing, Dave Villwock, the most successful driver in H1 Unlimited history, has officially announced his retirement from competition.

With an unprecedented 68 career victories, 11 Gold Cup titles, and 10 National High Point Championships, Villwock's name is synonymous with excellence. His technical precision, fierce competitiveness, and leadership on and off the water have made him one of the sport's most respected figures.

Villwock's final season came with BWR Racing, where he guided the team to its first-ever APBA Gold Cup victory in 2025, a fitting finale for one of racing's most accomplished drivers.

"I was privileged and excited to help get the new team BWR started last year and was blessed with another Gold Cup win, which would be the first for this fantastic new team," Villwock said.

Villwock, 71, went on to explain, "After over 30 years of driving these awesome boats it's time to step away and enjoy some other passions like family, home, and model airplanes."

"I wish Jimmy Shane and all the BWR team members the very best and will be there to help anytime Bruce or the BWR team needs it," Villwock said.

Villwock's journey began in the 1980s, working in race shops before moving into the driver's seat, a transition that would change the course of the sport.

Behind the wheel of legendary boats such as Miss Budweiser, Miss E-Lam Plus, and Spirit of Qatar, he became a dominant force known for his unmatched preparation, precision, and relentless drive to win.

He helped modernize hydroplane racing through innovation and professionalism, setting performance standards that still define success in the sport today.

Even after a career-threatening injury in 1997, Villwock's comeback became part of his legend, proof of the resilience and determination that made him one of motorsports' toughest competitors.

Villwock's impact on racing excellence continues to be celebrated. He will be formally inducted into the Motorsports Hall of Fame of America in March 2026, an honor recognizing his unmatched achievements and lifelong contribution to the sport of hydroplane racing.

Bruce Ratchford, owner of BWR Racing and president of Apollo Mechanical, expressed his appreciation for Villwock's role in the team's first year:

"Dave's experience, focus, and attention to detail were instrumental in helping BWR Racing take shape and succeed right out of the gate," Ratchford said. "His knowledge of the boats, his calm confidence under pressure, and his commitment to excellence set the tone for our entire program."

"Dave Villwock's record speaks for itself," said H1 Unlimited Chairman Mike Denslow. "He changed how people race these boats and how teams operate. His name will forever be a benchmark in our sport."

While Villwock leaves the cockpit, he remains involved in the sport he helped build.

"He remains a trusted voice within BWR Racing and continues to inspire both current and future generations of hydroplane competitors," Denslow added.

"Going fast is your job...Telling people about it is ours...!"

JIMMY SHANE WILL REPLACE VILLWOCK

Jimmy Shane will replace Dave Villwock with BWR Racing in 2026. H1 photo

KENNEWICK, WA (Nov. 4, 2025) - BWR Racing owner Bruce Ratchford is pleased to announce the signing of veteran unlimited hydroplane driver Jimmy Shane to the team's racing stable for the 2026 season.

Shane replaces the retiring Dave Villwock.

Shane, who had amassed 25 victories - including five Gold Cups - and seven national championships, retired from the sport at the end of the 2022 season to focus on his family.

"I'm very excited for the opportunity, and I felt like it was a good time for me," Shane said. "I had accomplished most of the goals I wanted to on my little break. I feel like I can have a good balance returning to racing and supporting those goals going forward."

Suitably, those goals, as he put it, are another generation in his footsteps. Shane, whose 9- and 12-year old sons are also racing, said that the family environment at BWR and in the hydroplane racing fraternity as a whole made the decision easier.

"My oldest son has been racing for three years now, and this was my youngest son's rookie season in Junior Hydro and Junior Runabout," Shane said. "He won the 2025 championship in J-hydro in only his third race. I'm really thrilled about that."

"I can tell that Bruce truly has in his heart

what is best for the sport and for the team," he continued. "That was one of the things that really got me over the hump to come back."

Ratchford, who is on the heels of a national championship-winning and Gold Cup-winning debut season in H1 Unlimited, is excited to add Shane to the team, as he feels that their philosophies will align perfectly going into the teams' sophomore effort.

"I'm thrilled," he said. "This guy, he's got a big picture mind and he knows how it all works. I just love his thought process."

Shane spent the majority of his career - and enjoyed his greatest success - in the cockpit of the Miss Madison racing team, which campaigned under sponsorship from Oberlo Meats and HomeStreet Bank during his tenure.

During that time, he worked hand in hand with U-91 Goodman Real Estate crew chief Mike Hanson, and drove both of BWR's primary racing hulls to race victories and national championships.

"I think it's wonderful," Hanson said. "He was a great driver for the Miss Madison team. We won a lot of races with him and a lot of national championships. He's got a good square head on his shoulders, and he will be a good asset for BWR and for the sport."

Ratchford is similarly enthusiastic about the partnership.

"He's got it all. And it's really important to have that kind of relationship," Ratchford said of Shane's connection with the BWR crews. "We're thrilled to have him back in the boat. It's definitely a statement not just about winning races but about the entire sport."

Shane is also excited by the potential reunion, as the BWR teams include many former team members that he worked side by side with previously.

"I'm pretty stoked to get back with many of the same faces that I knew before," he said. "There's instant comfort and trust. I can drive like I did in the past, knowing that they understand me and I understand them. I'm very fortunate for the opportunity to come back and show I still have what it takes."

Which hull Shane will drive will be announced at a later date. The BWR team is busy preparing all three racing hulls for the 2026 campaign.

WE'RE LOOKING FOR 2025 CHAMPS!

We're asking 2025 racetrack or racing organization champions to contact us to be featured in the NW Motorsports Report found each week in The Exchange classified paper.

If you have won a track or racing group season points title in 2025 contact us by

email: nwmotorsportsreport@gmail.com
or via text/phone 509-220-8018

We'll tell you what we need to be featured in the largest print circulation publication in the Inland NW.

NW MOTORSPORTS

Ask us how we can help YOU! 509-220-8018 | nwmotorsportsreport@gmail.com

Paul Delaney has been writing about Motorsports in the Pacific Northwest since 1976. He welcomes learning about your racing accomplishments.
