

PROJECT ID *to Host Ribbon Cutting Ceremony for New Community Bus*

Project ID is thrilled to announce the arrival of its brand-new community bus, a major milestone that will significantly enhance transportation access for adults with intellectual and developmental disabilities (IDD) throughout Spokane County.

To celebrate this exciting development, **Project ID will host a Ribbon Cutting Ceremony on Wednesday, May 14th at 4PM** (with a possible shift to 4:30 PM to accommodate the Spokane Transit Authority (STA) board meeting). The event will be held at the Project ID facility, 3223 N. Marguerite Road, Millwood, and **light refreshments will be served following the ceremony.**

“This new bus will allow us to better serve our growing community,” said Bob Hutchinson, Executive Director of Project ID. “We’re deeply grateful to STA and all our partners for their ongoing support in helping us break down barriers to transportation and inclusion.”

STA board and staff have been invited to join the celebration, recognizing their vital role in expanding mobility opportunities for individuals with IDD.

All media and community supporters are welcome to attend. Attendees are encouraged to RSVP to Bob@ProjectIDSpokane.org to help with planning.
